I have the honour to submit my report for the fiscal year ended March 31st, 1928, in accordance with the requirements of the Consolidated Revenue and Audit Act.

CONSOLIDATED FUND

Appropriation Accounts

The Appropriation Accounts which, in accordance with section 50 of the Consolidated Revenue and Audit Act, were transmitted to me by the various departments, are printed on pages 8 to 79 of this volume, and are certified as prescribed by statute. Accompanying these statements are explanations, furnished by responsible departmental officers, of expenditure in excess of grants and also, except in the case of one or two departments, explanations of grants not fully expended.

While I am directed by section 60 of the Consolidated Revenue and Audit Act to call attention to every case in which a grant has been exceeded I deem it equally incumbent on me, as already stated in past years' reports, to report all cases in which a parliamentary grant has not been expended in full, as in either contingency any material variation from the amount granted " causes a diminution of parliamentary control in so far as it shows a departure from the intended program of the year as originally presented to Parliament."

Appended to the Appropriation Accounts are audit notes in regard to items of expenditure concerning which objections or observations were communicated to the departments concerned, and a precis of the correspondence relating thereto is given on pages 213 to 230 of this volume; the more important subjects of correspondence are also referred to on page x of this Introduction.

The amount of the unexpended portions of grants for the fiscal year was $34,603,685.30, see pages 2 and 7 of this volume, as compared with $35,998,-301.07 for 1926-27, a decrease of $1,394,615.77. The total amount by which appropriations were exceeded was $109,406.72, to cover which a special Parliamentary appropriation will be necessary. The particulars of the votes exceeded are as follow:—

Page Vol. I	Vote No.	Service	Amount exceeded
9	32	Administration of Justice	$ 31 47
13	1	Charges of Management	787 95

The above figures show a gradual reduction in excesses of expenditure over appropriations and indicate a persistent effort on the part of the departments generally to keep their expenditures within the authorized limits.

AUDIT OF REVENUE

Particulars of the Revenue of each department are shown on pages 85 to 135 of this volume and in greater detail in the various parts of Volume II. On page 82 of this volume is presented a comparative statement, by services, of the Ordinary Revenue for 1927-28 and 1926-27.

The principal increases in the Ordinary Revenue with the approximate percentages are as follows:—

	Amount	Percentage
Customs Duties	$15,017,140 01	11 p.c.
Excise Duties	8,887,737 02	18 p.c.
Interest on Investments	2,378,421 26	28 p.c.
Post Office	2,493,410 68	8 p.c.
Income and Business Taxes	9,430,667 42	20 p.c.

The only large decrease was one of $15,390,228.68, or about 15 per cent, in the Excise Taxes. An increase of $5,195,555.98 in the Special Revenue was due largely to the amounts received on account of German Reparations (see page vi).

Investigations and inspections were made during the year at a number of revenue collecting offices and it was found that, generally, a continued improvement in the methods of accounting, controlling and reporting was being maintained which, no doubt, is reflected in the increased collections, and is resulting in better safeguards of public moneys. These safeguards, however, to be rendered more effective, should generally be supplemented by surprise examinations and test audits made at different times during the year in the local offices of the various departments by trained auditors from headquarters, otherwise defalcations or neglect in the collection in due course of revenue according to law or departmental regulations, etc., are liable to occur.

In previous reports I have called attention to a practice of long standing in the Post Office Department under which the remuneration of certain postmasters is made a charge on revenue. There seemed to be some doubt as to the legality of this practice and I referred the question to the Deputy Minister of Justice who stated that, in his opinion, sections 3, 64 and 65 of the Post Office Act were sufficient authority for these payments. No test audit of these disbursements has been made in the past with the exception of two or three years, but I hope to resume this audit at an early date.

Since the publication of my last report, the following information has been obtained with regard to certain of the matters concerning revenue dealt with in the precis of correspondence published on pages 213 to 223 of Volume I of that report; the other matters regarding revenue remain as previously reported:—

Page 214.—Classification of Revenue Receipts—Following the amendments to the Customs Act passed at the parliamentary session of 1927 a considerable improvement in the method of classifying the revenue receipts has been observed.

Page 223—Disposal of Surplus Grain—See page xxxvii, "Overages at Elevators."

No further information has been received at this office with regard to the 3565 obsolete three cent stamps stated in my last report (Volume I, page 221) as having been lost or mislaid at the Printing Bureau, and I understand that the missing stamps have not been located.

Other matters relating to revenue have also been made the subject of correspondence with the Departments during the year and are dealt with in the Precis of Correspondence in this volume on the following pages:—

Refund to British Columbia of Portion of Chinese Head Tax collected in 1923...Page 216
Refund of Excise Duty to the Tuckett Tobacco Co., Ltd.....Page 224
Revenue collected for other Departments not reported in Collector's Bank Statements.....Page 224
Returns of Postal Revenue.....Page 226

Casual Revenue

The total amount of receipts during the year recorded as "Casual Revenue" was $3,626,236.13, which exceeds by $315,603.15 that for 1926-27. Details of this revenue by departments are given in the various sections of Volume II and a general classification on page 84 of this volume. In the following comparative

statement the figures for 1926-27 have been readjusted on account of a change this year in the general classification.

	1927-28	1926-27	Increase *Decrease
Miscellaneous Revenue, Fees, Licenses, etc.	$2,110,192 56	$1,513,730 90	$ 596,461 66
Proceeds from Sale of Properties, Materials, etc.	643,424 54	618,771 99	24,652 55
Sundry Receipts	293,786 62	325,673 81	*31,887 19
Refunds of Expenditure of Previous Years	578,832 41	852,456 28	*273,623 87
	3,626,236 13	3,310,632 98	315,603 15

Miscellaneous Revenue—The principal items of the increase of $596,461.66 are the following:—

Finance Department—Royal Mint	$ 210,219 50
Marine and Fisheries—Radio License Fees	43,450 35
Secretary of State—Fees for Charters	302,760 02

Proceeds from Sales—The net increase of $24,652.55 resulted from the differences between increases and decreases in various departments.

Sundry Receipts—There was a large decrease in the Sundry Receipts of the National Defence Department due to there being no item this year similar to that of $74,551.07 received in 1926-27 in settlement of the Rosedale Barracks fire loss; on the other hand several departments showed increases.

Refunds of Expenditure—The decrease of $273,623.87 is due principally to reductions in the amounts received during the year as refunds in the Department of Soldiers' Re-establishment resulting from a change in their accounting system.

I again call attention to the following classes of receipts included in Casual Revenue which may be of sufficient permanence and importance to be shown under separate headings in the various departments:—

	Collected in 1927-28
Inspection Fees, Etc.—Department of Agriculture	$ 138,324 48
Sales at Experimental Farms—Department of Agriculture	184,332 40
Rents of Public Buildings, Etc.—Public Works Department	95,462 38
Fees under Companies Act—Secretary of State	635,554 56

German Reparation Payments

Four quarterly instalments, amounting to $3,002,047.78 were received during the year from the British Government as Canada's allotment of Reparation Payments by Germany under the Dawes plan. As the Dawes year extends from September 1st to August 31st, these payments were for the last two quarters of the Dawes year 1926-27 and the first two quarters of 1927-28. This makes a total amount of $7,011,567.21 received under the Dawes plan from its inception in 1924 to March 31st, 1928.

In July, 1927, a further amount of £778,650, or $3,789,430, was received from the British Government being Canada's share of reparation payments received from Germany prior to the application of the Dawes plan. Payment of this amount had been withheld pending the settlement of certain claims against Canada in connection with the war.

The total amount received by Canada, up to March 31st, 1928, on account of German Reparation is thus—

Pre-Dawes reparations	$ 3,789,430 00
Under Dawes plan	7,011,567 21
	10,800,997 21

all of which has been credited as Special Revenue.

AUDIT OF EXPENDITURE

As stated in a preceding chapter the total expenditure was $372,467,489.16. It is established as follows:—

Expenditure charged against Consolidated Fund	$ 339,734,257 70
Sinking Fund expenditure	3,418,685 69
Advances charged to Open Accounts	7,737,681 32
	350,890,624 71
Capital Expenditure	21,576,864 45
	372,467,489 16

The expenditure shown on page 4 of the Public Accounts is as follows:—

Ordinary Expenditure	$ 336,167,960 98	
Special Expenditure	3,566,296 72	
Total—Consolidated Fund Expenditure		$ 339,734,257 70
Capital Expenditure		21,577,564 45
		361,311,822 15

The difference between the above totals is explained in a preceding chapter.

The following general statements relating to the expenditure appear on pages 2 to 7 of this volume:—

Summarized Statement of Grants and Expenditure by Services.
Comparative Statement of Expenditure by Services.
Summarized Statement of Grants and Expenditure by Departments.

The classification of expenditure introduced by me two years ago has been followed again this year and a classified statement of the expenditure of each department is given at the end of each part of Volume II, and consolidated into a general Statement appearing on pages 136 and 137 of this volume. In the details of expenditures by the various departments given in the second volume of this report it will be noted that, in a number of cases, I have published a summary of the expenses as classified by the departments, differing in the various items, but not in the total amount, from my classifications at the end of the votes; the classifications by the departments were for departmental purposes only and are published by me to indicate the amounts expended under the various subheads of the estimates. The following is a statement of the expenditure compared with that for 1926-27.

*This item includes the Senate and House of Commons Salaries.

In the following table the expenditure for the year is classified under six headings, as in previous years, and a comparison is given between the percentages for 1927-28 and those for 1926-27. While these percentages are both interesting and informative it should be borne in mind that, as they are based on a different total expenditure for each year, a higher percentage does not necessarily indicate an increased expenditure.

Nature of Expenditure	Amount	Percentage of Total Expenditure

The expenditures during the year that may be regarded as resulting directly from the war, are given below in comparison with those for 1926-27. Interest on any part of the Public Debt that may be attributed to the war is not included in the amounts shown.

The continued extension in the international relations of Canada has resulted in a further increase in the cost of Imperial and Foreign Services, as is shown by the following comparative statement in which the expenditures on these services have been brought together. The expenses in connection with the Commercial Intelligence Service, foreign agencies of the Immigration Department, the International Joint Commission and the negotiation of treaties have not been included in this statement.

	934,507 32	409,505 68	567,891 12	42,889 48
Net Increase				525,001 64

The expenditure for Canadian Representation at Washington, exclusive of the cost of the Legation building was $99,258.76, an increase of $41,651.77 over the cost in 1926-27, due principally to the fact that the salaries in 1926-27 were for a portion of the year only. The greater part of the increase in the expenses of the Paris Agency arose from purchases of new office furnishings, etc.

The various kinds of claims submitted to me for examination before payment are the same as in previous years and, consequently, the proportion of the expenditure subjected to pre-audit remains practically unchanged.

During the year several examinations of outside offices of departments were made by my officers and the results of these examinations were communicated to the departments concerned. This practice is having a beneficial effect, as in the majority of those offices which have been visited a second time considerable improvement has been found.

I took advantage of my trip to Europe in 1927 to re-visit some of the offices in England and on the continent where I found that since my visit in 1925 improvement in the accounting and administrative methods was noticed, especially in London, England, where centralization of the offices is giving very satisfactory results. It would appear, however, that further attention might be given to the methods by which the funds are transferred by the various Departments making payments through the High Commissioner's Office in London.

Since the publication of my last report the following information has been obtained regarding certain expenditures dealt with in the Precis of Correspondence published on pages 213 to 223 of Volume I of that report; the other questions in the precis which concern expenditure remain as there reported:—

Page 213—Value of Living and Residential Allowances—In some instances steps have been taken to have the value of these allowances for the purposes of superannuation abatements fixed by the Governor in Council but in other instances no action has been taken.

Page 216—Employment by Immigration Department of Temporary Stenographer without Civil Service Certificate. The services of the employee in question were continued at Toronto, without certificate, to June 20, 1927, after which date he was continuously employed, on departmental authority only, at the office of the Canadian emigration agent at Detroit.

Page 216—Accounting system at Indian Commissioner's Office, Regina—At a further inspection made at this office during the past summer it was found that no change based on my recommendations had been made in the accounting system. A formal report on this office has been prepared and its findings will be communicated to the department within a short time.

Page 220—Arrears of Salaries, National Defence Department—The arrears claimed for 1926-27 have not been paid as no provision for their payment was made by Parliament.

I desire further to direct the attention of the House of Commons to some of the questions regarding the expenditure during 1927-28, which were the occasion of an exchange of correspondence between this office and the several departments. For the information of the House a precis of this correspondence is published on pages 209 to 230 of this volume, in which I refer to irregularities and divergencies of opinions upon which it is very desirable the House should pass judgment, as otherwise no direction is received, either by the departments or by the Auditor General, as to the course to be followed in the future in dealing with cases of a similar nature, as was pointed out in previous reports. In addition to the cases dealt with in the published correspondence, numerous matters were brought to the attention of the departments which were settled satisfactorily both to this office and to the departments concerned. A few of the questions raised are specially referred to in other chapters of this report. Among those not thus elsewhere referred to and to which attention is called are the following:—

Expenses of Departmental Officers Engaged on the Work of the Commission on Fishing Industry—Page 220—In order to avoid an overdraft, the Marine and Fisheries Department charged the expenses of three departmental officials engaged on the above work to Civil Government Contingencies instead of to the vote for "Deep Sea Fisheries" as directed by the Governor in Council. This action was a contravention of Section 59 of the Consolidated Revenue and Audit Act.

Payment of Grant of $5,000 from Vote 294—Page 228—I questioned the authority under which this payment was made and the department replied that "a copy of the Order in Council would be laid upon the table of Parliament."

Other matters dealt with in the precis of correspondence are the following:—

Living Allowances Granted to Certain Park Officials—Page 217.
Expense Accounts, Government Annuities Agents—Page 217.

Deferred Payments on Buildings Purchased

All instalments due in 1927-28, in connection with the purchase of the six buildings mentioned in my previous reports, were paid, including the final instalment on the Grant Garage in Montreal.

The balances of the purchase prices remaining unpaid on March 31st, 1928, were as follow:—

Lavut Building, Montreal	$ 25,000 bearing interest at 7 p.c.
Daly Building, Ottawa	$300,000 bearing interest at 6 p.c.
Wine Vault Building, Ottawa	$ 50,000 bearing interest at 5½ p.c.
Caswell Building, Saskatoon	30 monthly payments of $225.95 still remain to be paid.
Westmount Armoury	36 further semi-annual payments of $6,312.15 are required to retire the mortgage of $140,000.

The instalments in the two last mentioned purchases include interest charges.

In addition to the payment of the regular instalments and interest charges, $208.40 was paid during the year as interest on overdue instalments.

Governor General's Warrants

Previous to the year 1926-27, when funds for any urgent expenditure, not provided for by Parliament, were rendered available by means of special warrants issued by the Governor in Council under the authority of section 42 (*b*) of the Consolidated Revenue and Audit Act, it was the general practice, in submitting the supplementary estimates for the year to the House of Commons at the next ensuing session, to include therein the amounts so authorized which were then included in the appropriations for the year with the result that any unexpended balances at the close of the fiscal year lapsed automatically with the balances of the regular appropriations and were written off.

The Main Estimates for the fiscal year 1926-27, laid before Parliament in December, 1926, showed amounts totalling $80,621,982.82 which had previously been authorized by Governor General's Warrants, but these amounts were not included in the column headed "To be voted," the total of which was $64,590,350.74. This last amount was actually voted, while the amount of $80,621,982.82 authorized by Warrants was not included in any Parliamentary appropriation nor was a further warrant for $50,000, issued shortly before Parliament assembled.

For some of the services the amounts authorized by warrant proved to be more than sufficient for the claims coming in course of payment during the year so that the fiscal year 1926-27 closed with unexpended balances at the credit of certain of these Warrant accounts. The question of these balances being available after the close of the fiscal year was submitted by the Department of Public Works to the Deputy Minister of Justice who gave the opinion that any such unexpected balances of Governor General's Warrants, which had not been merged in a Parliamentary appropriation, did not lapse at the close of the fiscal year but remained available and cheques might be issued against them until the amounts were exhausted.

While Governor General's Warrants are issued to meet expenditure immediately required, not provided for by Parliament, balances of warrants that may still be available, according to the above opinion of the Deputy Minister of Justice, should in my opinion be used only to meet such expenditures of an urgent nature as were in contemplation at the time the warrants were issued; they should not be considered available to cover overdrafts or to supplement appropriations of a subsequent year.

In view of the above interpretation of the statute it seems to me advisable in the interests of proper accounting and control that steps should be taken to bring such balances under the provisions of section 49 (3) of the Consolidated Revenue and Audit Act.

Payments Which did not Occur Within the Period of the Account

The amount paid during the year in settlement of liabilities incurred prior to April 1st, 1927, was reported by my chief examiners as being approximately $2,000,000, a similar amount to that reported in each of the two preceding years. The large number of such payments and the practical impossibility of separating them from those for liabilities incurred in the course of the year prevent me from reporting each individual case, as appears to be called for by subsection (*e*) of section 60 of the Consolidated Revenue and Audit Act.

Unexpended Balances of Advances

In certain departments it has been the practice to carry over into the following year balances of advances to their officials which remain unexpended at the close of a fiscal year. This should not be permitted. Any unexpended balance should be refunded promptly in order that it may be credited to the year to which it belongs, otherwise the expenditure for the year is shown in excess of the amount actually incurred. Furthermore the refund should be made before any new advance is given from the appropriations for the ensuing year.

At the close of the fiscal year 1926-27 the administration accounts of the Prince Albert Forestry office showed a balance of $4,279.47 which should have been refunded to the Receiver General. On enquiry at the Department of the Interior, I was informed that this amount was made up of an overdraft of $3,529.47 by a former employee and an advance of $750 for the removal expenses of another officer. An investigation by the departmental auditor showed that the office funds had been manipulated to the extent of $4,841.09, which was subsequently reduced by various credits to $3,529.47. Efforts have been made to collect this amount or a part thereof but there is little prospect of recovering any portion of the deficit, on account of the former official in question being in poor health and earning very little.

Automobiles and Operating Costs

In the "Grand Summary and Classification of Expenditure by Departments", page 136 of this volume, the cost of new automobiles, automobile repairs, renewals, etc., but not including the cost of gasoline and lubricants, is shown as $541,926.64, being an increase of $57,537.95, or nearly 12 per cent over that of 1926-27.

The continued increase in this class of expenditure warrants the reiteration of former remarks as to the advisability of departmental provision for comprehensive and systematic internal audit in connection with automobiles, including the compilation of statistical records of running costs, etc.

Under the accepted principle of the economy of centralization, the creation of a central organization to supervise and regulate in all departments the acquisition and distribution of automobiles by formulating and standardizing a system to control these expenses would, if effected, provide a uniform and adequate control.

Bonding of Government Officials

The Public Officers Act (R.S. Chap. 164):—

(1) Designates the classes of officials required to furnish security bonds (Sect. 5);

(2) Authorizes the Governor General in Council to direct that, in cases where the policy of a Guarantee Company is accepted, the amount of the premium be deducted from the salary of the official (Sect. 29);

(3) Authorizes the Governor General in Council to make regulations for the establishment and maintenance of a Fund derived from contributions by the officers concerned (Sect. 30).

From the last two sections referred to, it seems a reasonable inference that the cost of the bonds should be borne by the officials and not by the government. With but a few exceptions, however, the premiums are paid from public moneys and, so far as I have been able to determine, only in the case of one branch of the service is any part of the premiums repaid by the officials. In the cases of two departments there is parliamentary authority for paying the premiums from public moneys, in some departments the payments have been authorized by the Governor in Council, but in a number of departments they appear to be made merely on departmental authority. Under the authority of the Post Office Act a guarantee fund, such as is contemplated by section 30 of the Public Officers Act, has been maintained in that department for a number of years and has accumulated to such an extent that no contributions by officials have been required since April 1, 1919.

On account of the lack of uniformity in the practice and in the application of the above provisions of the Act, I would suggest that consideration be given to the advisability of an amendment which would dispel any doubts as to the interpretation of these sections by stating definitely whether these payments should be made from public moneys or should be borne by the bonded officials.

Dominion Assay Office, Vancouver

The Dominion Assay Office at Vancouver was established in 1901, mainly for the purpose of purchasing, assaying and re-selling gold obtained from the British Columbia and Yukon mines. For some years practically the whole output was sold to the United States Assay Office at Seattle, but since January, 1918, more than 90 per cent of the bullion treated has been purchased by the Ottawa branch of the Royal Mint.

The consignments in 1927-28 to the Ottawa Mint were valued at $1,825,457.05, on which there was a net loss of $59.80, arising from differences in the assays. In 1926-27 a profit of $305.60 was realized on the year's transactions.

On several occasions inspections of this office have been made by officers of my staff as well as by myself and particularly in 1926 a thorough investigation was made into the operations of this office and the methods followed in connection with the purchase, treatment and sale of the gold bullion. In the course of a personal visit made in the summer of 1928, I found that since my preceding examination of this office a new system of accounting had been introduced which is very satsifactory.

Elections

During 1927-28, payments amounting to $45,484.83 were made by this office on account of elections, of which $7,101.59 was for by-elections held in the course of the year, the balance being in connection with elections and by-elections of previous years. In the case of one election the returning officer was dissatisfied with my taxation of his account and as the Chief Electoral Officer did not agree with my decision the question was referred to the Treasury Board under section 77 of the Dominion Election Act. The Treasury Board was of opinion that there was sufficient justification for payment of the balance claimed and a cheque was issued accordingly (see Treasury Board Correspondence, page 209 of this volume).

Experimental Farms

A second inspection of a number of the eastern Experimental Farms was made by an officer of my department during the past fiscal year with the view of ascertaining to what extent my recommendations made two years previously were being carried out. I am pleased to report that a number of the practices to which I objected have been discontinued and that at all the farms visited an improved accounting system based on my recommendations, has been installed and is, on the whole, being maintained efficiently with satisfactory results.

The method of dealing with the proceeds of sales of produce, which this year amounted to $125,145.17, has not yet been changed, however, and this amount was expended in addition to that voted by Parliament.

A further desirable improvement might be applied by the Department to the control of advances to farm superintendents, by the adoption of a system of control similar to that effected with regard to letters of credit, which appears to be acceptable to the Department.

During the last two years some confusion has arisen from the dual control by the Agriculture Department and the Public Works Department over funds voted under the head of Public Works for replacements, repairs, improvements, etc., of buildings at the various farms. It appears to me that it would be more satisfactory if works of this nature were provided for in the general vote for Experimental Farms.

The net cost of operating the entire system of farms during the year, as far as can be ascertained from the present method of keeping the accounts, including expenditure on buildings from Public Works votes, but after deducting the gross proceeds from sales of farm produce, was $1,598,821.65, which is an increase of $154,535.15 over the net cost for the preceding year. A summary of the revenue and expenditure in connection with the Dominion Experimental Farms will be found on page 193 of this volume.

Flat Increases to The Civil Service

Provision to the amount of $2,700,000 for flat increases to Civil Service employees was made at the session of 1927 by Vote 535 of Appropriation Act No. 6. As the increases were recommended by the Civil Service Commission and approved by the Governor in Council in the form of a revision of the salary ranges this vote was regarded as supplementing the regular salary votes. For convenience of administration the increases were incorporated with the regular salaries and included in the monthly paylists, the total amounts of which were charged against the regular votes, with the result that in the majority of cases these votes were overdrawn at the close of the fiscal year. No attempt was made to determine and to charge against the special vote the actual amount of expenditure resulting from the increases but, following the procedure in previous years in dealing with similar votes, in cases where the regular vote was overdrawn a transfer to the special vote was made of the amounts of the excess due to the increases. As a result the amount of $1,373,-731 shown on pages 35 and 36 of this volume as charged against this vote does not represent the actual expenditure incurred under its authority, and the amount of $1,326,269 shown as unexpended is far greater than the actual amount not required.

Interest Payments and Redeemed Bonds Audit

In continuance of the observations made in previous reports respecting the audit of payments of interest on the Public Debt, I am pleased to be able now to state that I believe for the first time, an audit has been made of cheques issued in payment of interest to holders of fully registered bonds. This, with a more complete audit of interest coupons redeemed during the year constituted a very comprehensive examination of this class of payments and permitted their reconciliation with the balances in the several outstanding interest accounts in the Dominion General Ledger and as set out in the Public Accounts for the year 1927-28. Concurrently with the examination of interest payments, an audit of cancelled, redeemed, transferred and exchanged bonds was carried out.

The extent of the work involved in this audit, which was effected with only a slight increase in the staff, is evidenced by the following figures:—

Coupons, cheques, bonds, etc., number handled	8,470,554
Interest cheques issued	$ 42,106,953 74
Interest coupons counted and valued	$ 70,445,744 93
Redeemed bonds examined	$117,242,150 00

King's Printer's Advance Account

In my last three reports I drew attention to the inadequacy of the amount of $200,000, authorized by the Public Printing and Stationery Act, to be advanced to the King's Printer to enable him to meet the expenditure for

material and wages necessarily incurred between the receipt and execution of orders and the payment for them by the various departments. During the last session of Parliament an amendment to the Act was passed authorizing the advance to the King's Printer of such sums as he may require, provided always that the amount of outstanding advances, after deducting therefrom all amounts due by either House of Parliament or by the several departments, shall at no time exceed the sum of $700,000 (18-19 Geo. V, chap. 5).

At the close of the fiscal year the amount due by departments for printing and stationery supplies was $194,276.01 and that of the inventories was $521,-244.78. Before the final closing of the accounts, however, journal entries were put through crediting the accounts for 1927-28 and debiting those for 1928-29 with the amount of the inventories, thus reducing the debit balances, as they appear in the Balance Sheet, to $194,276.01.

The amount of printing, lithographing, etc., ordered through and paid by the King's Printer during the year, but executed in outside establishments increased from $249,193.06 in 1926-27 to $356,901.73 in 1927-28, an increase of over 40 per cent.

The fact that the accounts due the King's Printer by the various departments at the close of the year amounted to $194,276.01, which exceeds by $147,037.14 the amount due at the close of the preceding year, indicates that the departments are not paying their monthly accounts with sufficient promptness. I consider it advisable that these accounts should be paid with the least possible delay in order that they may be included in the expenditure of the year in which they were incurred.

Details of the King's Printer's Advance Accounts will be found in Part T, pages 8 to 14, of Volume II and the financial statements in connection therewith on pages 162 and 163 of this volume.

As required by the Public Printing and Stationery Act, I caused an examination to be made at the Government Printing Bureau of the stock on hand on March 31st, 1928, and of the stock records. While the result of that examination may be regarded, generally speaking, as satisfactory, I had occasion to draw the attention of the King's Printer to a number of matters which are now the subject of correspondence with the department.

In my last report I mentioned certain differences between the records and the stock on hand which were under investigation by the King's Printer, referring in particular to a shortage in tracing linen to the value of about $540. I have recently been informed by the King's Printer that it has not yet been possible to complete the investigation on account of the continued absence, through illness, of the Superintendent of Stationery.

Land Settlement Accounts

The increasing activities of the Soldier Settlement Board which in the course of the year necessitated the opening of a new account entitled "Soldier Land Settlement Replacement Suspense Account" in addition to the seven already set out in the Dominion Ledgers, called for a reclassification of the accounts in connection therewith and, following a conference between representatives of the Board, the Finance Department and this office, these accounts were reduced to the six following:—

Account No. 1—Soldier Land Settlement Loans, in which are recorded loans to Soldier Settlers.

Account No. 2—General Land Settlement Loans, dealing with loans to settlers under the 3,000 Family Scheme and similar schemes.

Account No. 3—Land Settlement, Purchased Lands, recording the purchase and sale of lands acquired by purchase.

Account No. 4—Soldier Land Settlement Assurance Fund, recording the sale of lands acquired without purchase.

Account No. 5—Land Settlement Suspense, dealing with the receipt and disbursement of moneys received from any source to be disbursed on behalf of individual settlers.

Account No. 6—British Land Settlement Advances, recording advances to settlers under the 3,000 Family Scheme, repayable by the Imperial Government.

Summaries of the transactions through each of the above accounts are shown under the amended account titles on pages 168 to 170 of this report.

Soldier Land Settlement Loans.—During the year an amount of $64,327.91 was written off this account by a charge to Consolidated Fund; of this amount $3,240.16 represented reductions in the charges for live stock authorized by Chapter 53 of the Statutes of 1925 and $61,087.75 resulted from the revaluation of lands authorized by Chapter 68 of the Statutes of 1927. The total amount written off in 1926-27 and 1927-28 on account of the reduction in the charges for live stock was $2,924,303.07 and I understand that, with the exception of a few minor adjustments, this will complete the live stock reductions.

The total amount collected during the year from soldier settlers was $4,068,457.94, of which $2,025,842.80 represented interest charges leaving an amount of $2,042,615.14 to apply as repayment of principal. The total amount charged against soldier settlers as loans was $1,456,156.11, which includes $704,609.23 expended in preparing abandoned farms for resettlement.

The amount due by soldier settlers on account of principal of loans, as on March 31, 1928, was $77,906,181.76 which is $2,854,007.83 less than the balance of $80,760,189.59 due on March 31, 1927. This is explained as follows:—
follows:—

Reduction in charges for live stock	$	3,240 16
Reduction on account of land revaluation		61,087 75
Value at which lands were transferred to General Land Settlement Account		2,203,220 89
Excess of repayments of principal over amounts charged as loans		586,459 03
		2,854,007 83

At the last session of Parliament the Minister of Finance stated that there would be a probable loss of $8,000,000 due to the revaluation of lands and a further loss of about $6,000,000 on the re-sale of stock and equipment and of lands which had reverted to the Board. In order to take account of these probable losses, $13,935,672.09 of the amount shown as due by soldier settlers at the close of the fiscal year is shown in the Public Accounts among the "Miscellaneous and Other Accounts, Non-Active" (schedule "L") in the second section of the Balance Sheet.

3,000 Family Scheme.—The accounts in connection with this scheme for the year ended March 31, 1928, were audited under my direction and my comments were communicated to the department together with my report thereon to His Majesty's Secretary of State.

The following statement exhibits in a summary form the amounts advanced by Canada to British migrants under the 3,000 Family Scheme, from its inception in 1926 to March 31, 1928.

—	1925-26	1926-27	1927-28	Total
Value at which lands formerly held by soldier settlers were transferred to migrants	$ 1,150,443 48	$ 2,640,553 42	$ 2,203,220 89	$ 5,994,217 79
Value of lands acquired by purchase, sold under loan to migrants	16,013 70	43,938 13	27,105 92	87,057 75
Special cash advances	1,815 56	5,760 38	20,982 86	28,558 80
	1,168,272 74	2,690,251 93	2,251,309 67	6,109,834 34
Less—Repayments by migrants	735 49	14,055 71	31,974 67	46,765 87
	1,167,537 25	2,676,196 22	2,219,335 00	6,063,068 47

The Soldier Settlement Board report that 64·3 per cent of all instalments due up to October 1, 1927, on advances for land, stock and equipment had been paid by March 31, 1928, since which time further payments have been received.

Assisted Passages.—No further examination of the books of account maintained in the Department of Immigration and Colonization in connection with the aid afforded migrants in the form of assisted passages has been made since that mentioned in my report for 1926-27, as that department has not yet reorganized its system of accounting in accordance with my recommendations. A continuous audit of the receipts and disbursements was made, however, at this office during the year. A statement of the Assisted Passage Loan Account will be found on page 149 of this volume.

Vimy Ridge Boys' Farm.—In virtue of an agreement between the Imperial Government, the Dominion of Canada and the Province of Ontario for the carrying out of a scheme for the operation of this farm by the Province of Ontario for the reception and after-care of boys from the United Kingdom, 253 boys passed through the farm during the year and remained in Canada. A payment of $5,000 to the Province of Ontario, covering contribution to this scheme for the first year, was made from the appropriation for Empire Settlement.

The total expenditure by Canada, during the year, in connection with the various Land Settlement Schemes, after deducting reimbursements by the Imperial Government, was as follows:—

IMMIGRATION AND COLONIZATION—		
Empire Settlement Scheme, Assisted passages—		
Administration	$ 77,107 95	
Grants	555,611 68	
Loans	30,438 43	
Rebates, deportations, etc	969 85	
		$ 664,127 91
SOLDIER SETTLEMENT BOARD—		
Soldier Land Settlement—		
Administration	755,073 02	
Loans	749,098 13	
Purchase of Land	200 00	
		1,504,371 15
General Land Settlement, including 3,000 Family Scheme—		
Administration, including after care of settlers	631,372 64	
Special cash advances	20,982 86	
Purchase of land and improvements	80,100 10	
Expended on Farms	704,609 23	
		1,437,064 83
Total		3,605,563 89

Legal Services and Disbursements including Taxed Costs

The customary statement of payments during the year for legal services, etc., will be found on pages 176 to 183 of this volume. The total expenditure was $328,993.61, which is $56,963.45 less than the amount expended in 1926-27, as appears from the following comparative statement:—

—	1927-28	1926-27	Decrease
Legal services and disbursements	$ 318,639 90	$ 373,707 18	$ 55,067 28
Taxed Costs	10,353 71	12,249 88	1,896 17
	328,993 61	385,957 06	56,963 45

In eleven departments there were increases amounting to $61,766.36 over the payments in 1926-27, the largest being $46,863.38 in the Department of National Revenue, resulting from more numerous prosecutions for violations of revenue acts and for arrears of Income Tax. In other departments there were decreases totalling $118,729.81, due mainly to the fact that in 1926-27 several large payments were made in connection with special cases such as those in connection with the Customs Inquiry, Eskimo Murder Trial, Athabasca Election Inquiry and Appeals to Imperial Privy Council which did not occur in 1927-28.

Loans, Subsidies and Grants, Etc.

On pages 174 to 176 of this volume will be found the statement of Loans, Subsidies and Grants paid. While there is a considerable variation each year in the amounts of the individual items the total amount paid during the year, $33,816,426.24, was practically the same as that paid in 1926-27.

I am again able to report further improvement in the matter of authorization of the payment of grants for which no accounting is required, as, while payments are still made in some cases from general votes containing no permissive clause, their number is much less than in 1926-27.

Relief to Creditors of the Home Bank

The expenditure under the authority of the Home Bank Creditors' Relief Act, 1925, was as follows:—

—	Expenditure in 1927-28	Total expenditure to Mar. 31, 1928
Advances to liquidators for distribution in accordance with the provisions of the Act	$ 200,000 00	$ 2,950,000 00
Advances to Hon. A. K. MacLean, Commissioner, for expenses	5,000 00	30,000 00
Legal Services, Murphy & Donald, Toronto	32 55	2,891 05
	205,032 55	2,982,891 05

The balance available on March 31, 1928, of the original amount of $3,000,000 authorized was thus $17,108.95.

No statements or vouchers for payments by the liquidators were received during 1927-28 and the balance remaining to be accounted for by them, as at March 31, 1928, is $2,048,470.66. I understand that this balance has been paid out to creditors whose claims amounted to $500 or over and that the statements and vouchers are being held until all claims approved by the Commissioner have been dealt with. As the amount available under the Act proved insufficient to meet all claims, a further sum of $460,000 was provided by the Appropriation Act of 1928 which is considered sufficient to meet unpaid claims.

No vouchers for his expenditure were received during the year from the Commissioner, and at the close of the year an amount of $15,741.04 remained to be accounted for by him.

Sinking Funds

Under the terms of the loan agreements, sinking funds are maintained in connection with the following London loans—3½ per cent 1909-34 stock, 3½ per cent 1930-50 stock, 4 per cent 1940-60 stock. All investments on account of these sinking funds are made by the Bank of Montreal, London, England, which is also custodian of the securities.

The amounts available for investment during the year on account of these sinking funds were as follow:—

Annual contribution of ½ of one per cent of amount of loans	$ 1,272,263 60
Interest on sinking funds investments (London loans)	1,582,054 97
Total	2,854,318 57

Of this amount $2,845,589.55 was invested in Dominion securities of the par value of $3,418,685.69, purchased at a net discount of $573,096.14 (see Vol. II, page F-4). In the Public Accounts and in this report (Volume II, page F-13) the amount of $3,418,685.69 added to the Sinking Fund is the par value of the securities purchased, the discount being credited to the current year's revenue.

The securities held in the various sinking funds on March 31, 1928, in comparison with those held on April 1, 1927, were:—

	March 31, 1928	April 1, 1927	Increase
3½ p.c. 1909–34 stock	$14,002,161 63	$13,310,056 14	$ 692,105 49
3½ p.c. 1930–50 stock	22,200,478 18	20,489,103 71	1,711,374 47
4 p.c. 1940–60 stock	11,235,146 16	10,219,940 43	1,015,205 73
	47,437,785 97	44,019,100 28	3,418,685 69

The securities and cash held for the Sinking Funds established in connection with the earlier war loans, on deposit at the Bank of Montreal, Montreal, are as follow:—

	March 31, 1928	April 1, 1927	Increase
War Loan Bonds, 1916–31	$ 799,300 00	$ 799,300 00	
War Loan Bonds, 1917–37	379,800 00	379,800 00	
Cash (accumulated interest)	340,177 90	253,231 63	$ 86,946 27
	1,519,277 90	1,432,331 63	86,946 27

Special Preventive Service

There has been a considerable increase in the activities of the Special Preventive Service Branch of the Department of National Revenue as is evidenced by the fact that the expenditure of this Branch increased from $244,308.16 in 1926-27 to $1,048,433.03 in 1927-28, an increase of $804,124.87.

An important and commendable change was made during the year in the system of control of the expenditure on account of this Branch. In previous years payments were made by the Chief of Preventive Service out of advances issued to him from time to time; they are now effected by the Chief Accountant through the departmental letters-of-credit, thus giving the latter officer direct control of all payments.

On account of the growing importance of this branch of the Customs Service, it has been considered advisable to show the expenditure in greater detail in the present report than was the practice in previous years. The detailed accounts will be found in Volume II, part R, pages 117 to 128.

Subsidies to Provinces

In addition to the regular statutory subsidies, the provinces of Nova Scotia, New Brunswick and Prince Edward Island were paid the amounts provided by Vote 526 of the Appropriation Act No. 6, of 1926-27 as supplementary grants pending a general revision of provincial subsidies. Particulars of these payments are given under the head of Miscellaneous Grants on page 20, Part F, Volume II.

I would again draw attention to remarks which appear under this head in my three last reports with regard to an amount of $468,750 overpaid the province of Alberta on subsidy account. This overpayment, so far as I have been able to ascertain, has not as yet been adjusted.

Unforeseen Expenses

The amount expended during the year out of the vote of $135,000 for Unforeseen Expenses, was $131,032.65, which is $106,427.34 greater than the expenditure from the corresponding vote for 1926-27. These expenses were duly authorized by the Governor in Council, on recommendation by the Treasury Board, in accordance with the terms of the vote. A detail of these expenses, by departments, is shown on page 36 of this volume.

Canada Highways Act

Under the provisions of this Act and amendments thereto the period within which the grant was available expired on March 31, 1928, by which date the allocations to the various provinces were paid in full as follows:—

Prince Edward Island	$ 603,455 00
Nova Scotia	1,468,720 00
New Brunswick	1,163,845 00
Quebec	4,748,420 00
Ontario	5,877,275 00
Manitoba	1,602,265 00
Saskatchewan	1,806,255 00
Alberta	1,477,810 00
British Columbia	1,251,955 00
Total	20,000,000 00

The expenditure during the fiscal year 1927-28 was $1,224,395.75, details of which are shown in Volume II under Railways and Canals Department, Part W, pages 23 to 27.

Canadian Battlefields Memorial Commission

Vouchers in support of all expenditures in connection with the memorials have been submitted to me for audit. I had occasion to call the attention of the department to the absence of the architect's certificate, called for under the contract, and was informed that the architect was not in a position to certify the accounts but that the necessary certificates were given by the Chief Engineer under whose immediate supervision all expenditures had been incurred and paid.

The expenditure on this account during 1927-28 was $183,067.12, a detailed statement of which will be found in Volume II of this Report, Part Q, page 71. The total expenditure to March 31st, 1928, including payments of a preliminary nature made before the Commission took charge was $1,299,440.25. Of this amount $17,000 (or 303,904.04 francs) was deposited to the credit of the Inspector of Waters and Forest Fund, in the Paris branch of the Bank of Montreal, to be expended on the reafforestation of Vimy Ridge; on December 1st, 1927, an unexpended balance of this advance of 85,310.95 francs remained in the bank, as shown on page 160 of this volume.

Canadian Co-operative Fish Publicity Fund

In my report for 1925-26 (Vol. I, page xv), I stated that an examination of the accounts of the Co-operative Fish Publicity Fund showed a cash balance on hand, on October 31st, 1925, of $458.84. I have been informed by the Department of Marine and Fisheries that this balance has since been applied to the liquidation of liabilities incurred in connection with a publicity campaign conducted by the Canadian Advertising Agency.

Diamond Jubilee of Confederation

In accordance with the provisions of The Diamond Jubilee of Confederation Act, 1927, an audit was made under my direction of the accounting records of the National Committee from its appointment to December 31st, 1927. The total receipts, including the grant of $250,000 by the Dominion Government, amounted to $254,838.51 and the disbursements to $186,189.62, thus leaving a balance of $68,648.89 on hand on December 31st, 1927, out of which, I was informed, payments amounting approximately to $55,858.66 were yet to be made. This audit will be completed on receipt of the final statement of disbursements. A summarized statement of the receipts and disbursements to December 31st, 1927, will be found on page 197 of this volume.

In addition to the expenditure by the National Committee, expenditures, chiefly in connection with local celebrations, were made by a number of departments out of their regular appropriations. The following is a list of such payments so far as they could be determined in the course of the examination of the appropriation accounts.

Governor General—grant to Comptroller of Household for expenses	$ 5,000 00
Interior Department	378 00
National Revenue Department	2 60
Post Office Department	1,837 63
Public Works Department	49,989 44
Trade and Commerce Department	1,966 71
Total	59,174 38

Federal District Commission

On pages 143 and 144 of this volume will be found a statement in detail of the receipts and disbursements for 1927-28, and on page 146 is a summary of the disbursements during the year by the Federal District Commission, replacing the Ottawa Improvement Commission, and also since the inception of the Ottawa Improvement Commission. From the first of these statements it will be seen that the disbursements during the year exceeded the receipts by $295,008.12, resulting in a bank overdraft of $291,894.99 at the close of the year.

Section 14 of The Federal District Commission Act provides that the Commission shall submit to the Minister of Finance detailed estimates of the expenditures proposed to be made and that no expenditure shall be made by the Commission until it has been approved by the Governor in Council. On September 9th, 1927, an Order in Council was passed approving of estimates for the year submitted by the Commission to the amount of $499,275. As the total expenditure was $621,647.32, which greatly exceeded the approved estimates, I have considered it advisable to publish a statement, page 145 of this volume, showing the differences between the amounts estimated for the various works and the amounts actually expended thereon. By Order in Council of June 30th, 1928, the Minister of Finance was authorized to pay to the Commission the sum of $800,000 in addition to the annual grant, to enable them to meet the estimated expenditure for 1928-29 which included an amount to liquidate the bank indebtedness as at March 31st, 1928.

Government Employees' Compensation Act

The above is the title given in the Revised Statutes of 1927 to the Act referred to in my previous reports as the Workmen's Compensation Act.

By an Order in Council of June 30th, 1927, a Board, consisting of the General Manager of the Atlantic Division of the Canadian National Railways and the Superintendent of the Prince Edward Island Railways, was appointed to deal with claims in Prince Edward Island submitted by government employees. At the last session of the Quebec Legislature a provincial Board or Commission was appointed whose duties are to determine the compensation payable in cases in dispute but without authority to make payments. No Board has yet been established by the province of Saskatchewan.

The total expenditure under this Act in 1927-28 was $378,387.36, approximately 80 per cent of which was made through provincial Boards. Details of this expenditure will be found in Volume II of this Report, Part W, pages 17 to 22.

In addition to the usual audit of these expenditures at my office, local audits were made by my officers during the year at the offices of the Boards for the provinces of Manitoba and Alberta.

Imperial War Graves Commission

The amount of $573,419.48 shown on page Q—72, Volume II, of this report as having been expended during the year in connection with the Imperial War Graves Commission is $360.52 less than the amount appropriated ($573,780) as Canada's contribution towards expenses and the establishment of an endowment fund.

International Fisheries Commission

At the close of the fiscal year 1927-28, the joint expenses of the Canadian and United States governments, from the inception in 1924-25 of this Commission appointed under the authority of the Northern Halibut Fishery Protection Act (Chap. 75, Sect. 4, R.S.C. 1927), may be summarized as follows:—

Year	Expenditure	Repaid by U.S.
1924–25	$ 1,462 79	$ 731 39
1925–26	28,247 38	14,123 69
1926–27	50,746 80	25,373 40
1927–28	55,422 49	24,239 55
	135,879 46	64,468 03

The sum of $3,471.70 due on March 31st, 1928, by the United States Government, as the balance of its one-half of the joint expenses to that date, was received in June, 1928, and placed to the credit of Casual Revenue in the fiscal year 1928-29.

Lignite Utilization Board

This Board was created by Order in Council of August 22nd, 1918. Funds were provided in the first place by grants of $200,000 by the Dominion Government and of $100,000 from each of the provincial governments of Manitoba and Saskatchewan. In 1922 the Manitoba government discontinued its financial support. Property was acquired under lease and the necessary plant and buildings erected at Bienfait, Sask. On the completion of the experiments an agreement was entered into between the Board and C. G. Ashwin for the transfer to the latter of the buildings, plant, machinery and equipment for the nominal consideration of $1.

Periodic audits have been made by me of the expenditure of the Board from its inception and each year statements of the receipts and disbursements have been given in my annual Report. The cash account for 1927-28 will be found on page 158 of this volume.

The following is a summary statement of the receipts and disbursements by the Board up to March 31st, 1928.

I am informed that in addition to the above cash balance there was an automobile and some office furniture all of which, in my opinion, should be disposed of in accordance with the terms of the agreement between the Federal Government and the interested Provincial Governments.

Old Age Pensions

Under the provisions of The Old Age Pensions Act of 1927, an amount of $131,452.01 was paid during the year to the British Columbia Government as the Federal Government's proportion of pensions paid by that province to March 31, 1928. I was informed by the Department of Labour that this amount was verified by a thorough check of the evidence on file in Vancouver as to the eligibility of those to whom pensions were paid (see Precis of Correspondence, page 218).

Recently, I caused inspections to be made into the system of accounting followed in this connection in the provinces of British Columbia and Saskatchewan. My comments on the results of these inspections will be communicated to the department at an early date. I propose in the future to make local tests, from time to time, of the pension payments.

Yukon Federal Accounts

On page 200 of this Volume will be found a statement showing in tabular form the revenue and expenditure for the past three years of the various departments in connection with the Yukon Territory, as closely as they could be determined from the statements received at this office. From this statement it will be seen that the total expenditure in 1927-28 was $731,095.39, or $129,448.44 greater than the expenditure in 1926-27, this is due principally to an increase of approximately $115,000 expended by the Public Works Department. The revenue for 1927-28 amounted to $245,095.97, which is $4,985.47 less than that for 1926-27. The expenditure for 1927-28 exceeded the receipts by $485,999.42, as against $351,565.51 in 1926-27.

The amounts given in this year's statement as the expenditures for 1925-26 and 1926-27 differ from those in my last report, as the following items which had not been included, have been added this year—

1925-26—Legislation, Election expenses, $6,392.36; Yukon Territory, Unclaimed Estates, $131.72.
1926-27—Indian Affairs, Education expenses, $19,886.75.

The large increase shown in the Public Works revenue and expenditure over previous years arises from the fact that no separate statements of the revenue from the Yukon telegraph lines were received for the years 1925-26 and 1926-27 and the receipts and disbursements shown for those years represent only the amounts reported from individual offices in the Territory. In 1927-28, complete details were available and the total revenue and expenditure of the Yukon lines for that year are shown. A correct apportionment of the transactions between the Yukon Territory and British Columbia could not be established and the figures shown under Public Works must be considered only as approximations.

Yukon Territorial Government Accounts

The detailed and comparative statements of the Yukon Territorial Government accounts given on pages 201 to 205 of this volume show that the excess of ordinary expenditure over revenue collected under Yukon ordinances was $167,257.63. If from this deficit is deducted the amount of $50,000 transferred to the general administration account as the greater portion of the book profits in the liquor account for 1927-28, and also the Dominion Government grants of $115,000, a net deficit of $2,257.63 still remains.

The practice, referred to and objected to by me in previous reports, of financing the liquor purchases through bank overdrafts at nine per cent interest and transferring the net proceeds of sales to the general account instead of

applying them to re-imbursing the temporary loans, still continues. The bank overdraft, however (less cash on hand) was reduced during the year from $110,200.28 to $81,056.77, due apparently to a reduction of $28,895.70 in the value of the stock of liquor remaining in hand at the close of the year, which was $85,475.45 as compared with $114,371.15 in the previous year. This result shows that commendable efforts have been made since March, 1927, to reduce the liquor stock, accumulated to so large an amount during the preceding years.

Since my last report, full comments on the above accounts were made to the Department after the second local examination had been made by one of my officers in the summer of 1927, and very careful consideration was given by the Department to the matters mentioned. The Department placed in charge of affairs at Dawson an experienced and competent officer as Gold Commissioner, who made a close study of the facts stated by me, for the purpose, as I understand, of effecting, in due course, the necessary changes in the administration of the Yukon. In addition, during last summer, one of the head officials of the Department visited the Yukon and made a thorough general survey of the conditions of affairs there.

In view of these measures, I have no doubt that the necessary steps are being taken by the Department to make any required improvements called for by the changed conditions in the Territory since its organization.

CAPITAL EXPENDITURE

The amounts charged to Capital during the year, together with the amounts credited as refunds of capital expenditures of previous years, are given below, with references to the pages in Volume II where the details of the expenditures may be found.

Department	Page in Vol. II	Expenditure	Refunds	Net charge
Marine and Fisheries	O— 70	$ 2,017,464 39	$ 110,711 27	$ 1,906,753 12
Public Works	V—137	1,374,412 74	68 75	1,374,343 99
Railways and Canals	W— 57	18,184,987 32	830,436 58	17,354,550 74
		21,576,864 45	941,216 60	20,635,647 85

The corresponding figures for 1926-27 were: Expenditure, $20,056,953.99; Refunds, $498,251.36; Net charge, $19,558.702.63.

Previously and also in another chapter in this report reference was made to the annual payment of $50,000 by Halifax Shipyards Limited, on account of the sale price of the Halifax Dry Dock. These annual payments should, in my opinion be credited to Capital as refunds on account of expenditures of previous years instead of to Casual Revenue.

While there is no well defined line drawn between what may be regarded as Capital expenditure and what as Ordinary expenditure, I have from time to time noticed items charged against Capital which, in my opinion, should

properly have been regarded as Ordinary expenditure, such as purchases of silverware, glass and chinaware, for the quarters of the Speaker of the Senate, charged during the year under review to " Ottawa Parliament Building, Capital ".

I am still of the opinion, expressed in previous reports, that a revision of the capital values shown in the Balance Sheet of the Dominion is advisable and also the periodical submission of a statement of all properties of the Government with their cost or valuation.

Hudson Bay Railway

The audit of expenditure in connection with this Railway has been carried out, both in this office and locally. Comments and suggestions were made to the Department of Railways and Canals after the first local audit in 1927, and consequent improvements effected which, to a considerable extent, eliminated the difficulties encountered then, as was ascertained on the occasion of a second audit made lately.

The total capital expenditure on the Hudson Bay Railway, including terminals, up to March 31, 1927, was $23,556,585.46 as shown in the Public Accounts for 1926-27 in Schedule " F " to the Balance Sheet. During 1927-28 a further amount of $3,883,026.16 was expended, while $328,523.05 was received as refunds of expenditure of previous years, bringing the total net cost of the railway to March 31, 1928, up to $27,111,088.57. Details of the expenditure for 1927-28 will be found in Volume II of this report, Part W, pages 57 to 61.

Welland Ship Canal

The amount expended on construction during the fiscal year 1927-28 was $14,188,495.28, against which may be set refunds of previous years expenditure amounting to $465,569.53, leaving a net charge of $13,722,925.75 against the appropriations for the year. The total net cost to March 31, 1928, is $90,301,956.55. Details of the expenditure for 1927-28 will be found in Volume II under Railways and Canals Department (Part W—pages 62 to 69).

AUDIT OF GOVERNMENT STORES

According to inventories received from the various departments, the value of stores on hand as at March 31, 1928, including finished product and work-in-progress at the several government workshops, but exclusive of National Defence stores, was $5,040,794.69, as compared with $6,012,593.19 for the

previous year, a decrease of $971,798.50. The comparative figures are as follow:—

—	1927–28	1926–27	Increase	Decrease
Indian Affairs	$ 58,368 99	$ 59,160 45		$ 791 46
Interior (National Parks)	47,219 79	43,504 85	$ 3,714 94	
Marine and Fisheries	1,016,553 37	1,124,113 32		107,559 95
Mines	76,362 72	75,443 06	919 66	
Penitentiaries Branch	500,676 71	1,648,726 04		1,148,049 33
Post Office	1,505,856 88	1,237,626 26	268,230 62	
Printing and Stationery	521,244 78	507,921 30	13,323 48	
Public Works	178,121 60	145,411 82	32,709 78	
Railways and Canals	442,761 45	464,999 67		22,238 22
Royal Canadian Mounted Police	298,749 40	367,184 52		68,435 12
Soldiers' Civil Re-Establishment	394,879 00	338,501 90	56,377 10	
	5,040,794 69	6,012,593 19	375,275 58	1,347,074 08

The large decreases shown, especially in the case of the Penitentiaries Branch, are due principally to the fact that the values of plant and equipment in use in the several penitentiaries, and elsewhere, approximately $1,000,000, which were inadvertently included in former inventories, have been eliminated this year.

I have been furnished by the Department of National Defence with certified inventories with values of Dominion Arsenal, Royal Military College Cadet, Naval Service and Royal Canadian Air Force stores but, for reasons given in previous reports, inventories of stores at the various military depots had no values indicated.

The Department of Public Works has furnished me with an unpriced statement of all original works of art acquired by the National Gallery of Canada, whether by purchase, gift or otherwise.

The annual examination of the stock and records of the Government Printing Bureau, called for by the Public Printing and Stationery Act, was made as at March 31, 1928. This inspection is further referred to on page xvii of this volume.

The attention of the King's Printer was drawn to a difference between the amount of sales in 1926-27 reported by the Distribution Branch and the amount credited to Casual Revenue as proceeds of sales. In reply he stated that the matter of keeping a permanent stock record was under consideration and that means were being taken to ensure a better control of the operations of this Branch.

In accordance with the provisions of the Royal Proclamation under which it was established, the regular half-yearly joint inspections of the coin and bullion in the Ottawa Branch of the Royal Mint were made by duly appointed officials of my office and of the Finance Department and the results communicated to the Deputy Master of the Mint.

In my last report I referred in particular to one depot where material valued at over $400,000 was being dealt with in an unsatisfactory manner. I am now informed by the department concerned that, following my suggestions, steps have been taken to instal an efficient system of accounts and store records at this point; other important matters at this depot, however, which involve the principle of parliamentary control, are still under consideration.

During the year, and also more recently, inspections of stores and store accounting methods were made by my officers at a number of points, including some not previously visited; in several cases a continued improvement was noted in the methods of accounting and of preparing annual inventories, but at some of the store depots unsatisfactory conditions were found to exist. The

results of these inspections have been, or shortly will be, communicated to the departments concerned, with recommendations towards the improvement of existing methods.

Surplus and Obsolete Stores.—The following is a statement of the surplus and obsolete stores disposed of during the year through the Government Contracts Supervision Committee, with a comparison with the figures for 1926-27:—

	1927-28	1926-27	Increase or *Decrease
Transferred to other Departments	$ 44,027 23	$ 79,096 39	$ *35,069 16
Sales to General public	122,206 75	111,489 95	10,716 80
	166,233 98	190,586 34	*24,352 36

Although, for the purposes of record, a value is placed on articles transferred from one department to another, no actual charge is made. The proceeds of sales to the public are collected by the departments disposing of the goods and included in their Casual Revenue.

The attention of the Committee was called to the fact that in some cases the value placed on articles transferred between departments was found to be considerably in excess of a fair market value with the result that the information as to the total value of material transferred is, to a certain extent, misleading. This matter is still the subject of correspondence.

Substantial improvement is evident in certain departments where surplus and obsolete stores in considerable quantities appear to have been neglected in the past; in one of these departments transfers and sales increased 90 per cent during the last two years.

OPEN ACCOUNTS

Amounts Due the Dominion Government

Continued progress was made during the year in the examination of such Public Accounts as record amounts due the Dominion Government and notes are given in the following paragraphs on those accounts which call for special mention.

In addition to the amounts shown in the Balance Sheet as due the Government, are those carried as arrears in the books of the various departments, but not in the Dominion General Ledger. A statement of these arrears, so far as they have been reported to me, will be found on pages 171 to 173 of this volume and they are referred to at greater length in another chapter of this volume, page xliii.

Advances to Foreign Governments

The advances to the Belgian Government, amounting to $4,528,336, were paid in full on March 11, 1928.

The Greek Government reduced its indebtedness during the year by $195,000, leaving a balance of $7,280,000, which, under the terms of the agreement of

December 27, 1923, is to be paid in gradually increasing semi-annual instalments, the last of which falls due on December 31, 1948.

No amount was received during the year in repayment of the advances to the Government of Roumania, amounting to $23,969,720. In 1922 these advances were incorporated in the external debt of that country and four per cent bonds, due not later than 1967, are held for the full amount.

Interest on the amounts due by the above three countries were paid on the due dates, the amount of such interest received during the year being $1,556,571.80. An additional amount of $83,748.72 was received from the Greek Government in December, 1927, representing arrears of interest which had not been taken into account in the settlement of 1923.

The amounts due by the Russian and Italian governments remain unchanged and no interest was received. They are shown in the Public Accounts among the Non-Active Investments, Schedule "L" to the Balance Sheet.

Canada Grain Act, Advance Account

Section 112 of the Canada Grain Act authorizes the Minister of Trade and Commerce to make advances to the Board of Grain Commissioners, out of the Consolidated Revenue Fund, for the payment of freight charges and weighing and inspection fees on grain received into or shipped from government elevators, and provides that when reimbursements of the amounts so paid are received they shall be deposited to the credit of the Consolidated Revenue Fund.

Prior to the fiscal year 1927-28 this account was closed each year by crediting it with moneys received by the Board after March 31st (see precis of correspondence). In January, 1928, I drew the attention of the Board, through the Department of Trade and Commerce, to the objections to this practice and indicated the proper method of dealing with the account, with the result that it now shows the exact state of affairs at the close of the year. A statement of the account for 1927-28 is given on page 170 of this volume, showing a debit balance of $5,851.68 at the close of the year, which represents the amount of the expenditure at the various elevators that had not been recovered from the parties concerned before the close of the fiscal year.

Canada Land and Irrigation Company

Under the authority of an Order in Council of May 23, 1914, the amount of $354,684 was loaned to the Southern Alberta Land Company, Limited, the predecessors of the Canada Land and Irrigation Co., Limited, to assist in the completion of irrigation works on lands acquired by them in Southern Alberta. The amount of this loan remaining outstanding on December 31, 1926, was $329,573.96.

The company went into liquidation in 1924, and on May 17, 1924, an Order in Council was passed authorizing the Bank of Montreal to make advances up to $20,000 to duly accredited representatives of the settlers. In 1925-26 the bank was paid $19,969.43 from vote 482, being the amount of such advances with interest. This amount was, with the Court's approval, made a charge against the company's assets in Canada.

Under the authority of Orders in Council of April 6, 1925, and July 10, 1926, the Interior Department operated the company from April 1, 1925, to December 31, 1926, during which time the loss from operation and development, amounting to $50,899.78, was borne by the Canadian Government, which amount, as shown in a statement of this account in my last report (Vol. I, page 144), was also, with the sanction of the Court, made a first charge against the company's assets in Canada.

The above amounts of $329,573.96 and $50,899.78 appear in the Public Accounts among the Miscellaneous Investments (Non-Active), schedule "L" to the Balance Sheet. The amount of $19,969.43 does not appear in the Dominion books although it is also a charge against the company.

The total amount owing by the company to the Dominion Government, as at December 31, 1926, was $514,115.35, made up as follows:—

	Principal	Interest	Total
Advances of 1914	$ 329,573 96	$ 107,093 63	$ 436,667 59
Advances of 1924	19,969 43	1,795 60	21,765 03
Expenditure in 1925 and 1926	50,899 78	4,782 95	55,682 73
	400,443 17	113,672 18	514,115 35

The Minister of the Interior was subsequently authorized by Order in Council of January 29, 1927 (P.C. 149), to enter into an agreement, based on certain proposals submitted by the Receiver of the company. Among the terms and conditions of the agreement the following may be mentioned:—

(*a*) The Dominion Government to accept 257,058 acres of the company's unreclaimed lands (at a valuation of $2 an acre) together with all irrigation works and improvements thereon, in full payment of the company's indebtedness to the Crown as at December 31, 1926.

(*b*) The Receiver and Manager to raise $100,000, forthwith, to be made available in Canada, under his control, for the Canadian administration and development of the project.

(*c*) The Receiver and Manager to apply all revenue derived from the project towards the Canadian administration and development until such time as 50,000 irrigable acres have been disposed of under Irrigable Land Contracts.

(*d*) All books, accounts, etc., relating to the disposal of the funds raised and of the revenue derived from the project to be subject to examination by the Minister of Interior or by such persons as he may nominate.

The proposed agreement has been entered into and in accordance therewith a considerable portion of the lands have been re-conveyed to the Crown, the stipulated sum of $100,000 has been deposited in a bank at Medicine Hat, and the books and accounts are inspected annually by the department's travelling auditor.

No entries have been made in the Public Accounts to give effect to the transactions resulting from the above agreement and the amount of the company's indebtedness is still as shown previously to the execution of the agreement.

Government Annuities Fund

A statement showing the transactions during the year through the Government Annuities Fund will be found on page 155 of this volume, among the Open and Trust Accounts, together with a statement, furnished me by the Annuities Branch of the Department of Labour, of the liabilities as at March

31, 1928. The amount standing at the credit of the fund at the close of the year was $14,719,484.26, and the liabilities, or net present value of outstanding contracts, were estimated at $14,982,630.39, or $263,146.13 in excess of the assets. In the statements for 1926-27 the assets at the close of the year were reported as exceeding the liabilities by $53,139.35.

Halifax Dry-dock

The annual instalment of $50,000 called for by the agreement of sale of the Halifax Dry-dock to the Halifax Shipyards, Limited, was duly received by the Public Works Department and placed to the credit of Casual Revenue. A total amount of $250,000 has now been received on account of the sale price of $1,250,000, all of which has been credited to Casual Revenue. The Dry-dock is still carried as an asset in the Balance Sheet of the Dominion at the original amount of $1,552,827.43. I am still of the opinion that this method of dealing with the transaction is incorrect.

Indian Commissioner's Greater Production Account

The Greater Production Scheme is still in operation to a limited extent although, as stated in previous reports, the authority under which it was inaugurated was rescinded by Order in Council of January 16, 1922.

During the year 1927-28 the amount of $12,000 was refunded to the Receiver General, thus completing the repayment of the original amount of $362,000 advanced from the War Appropriations.

The cash transactions in connection with the scheme from its inception in 1918 to March 31, 1928, are summarized as follows:—

Receipts:—		
Advances from War Appropriations	$ 362,000 00	
Sales of grain, stock, etc.	1,146,135 00	
Bank interest on deposits	20,645 99	
		$ 1,528,780 99
Disbursements:—		
Operating expenses	1,018,392 08	
Office and General expenses	52,620 11	
Commissioner's house	19,627 44	
Refunded to War Appropriations	362,000 00	
Profit to Dec. 31, 1923, remitted to Receiver General	57,329 03	
		1,509,968 66
Cash on hand, March 31, 1928		18,812 33

A complete statement of the cash transactions for the year will be found on page 151 of this volume.

An inspection of these accounts has recently been made at the office of the Indian Commissioner, Regina, and my comments will be forwarded in due course to the Department.

Loans to Harbour Commissioners

The following statement shows the amounts advanced during the year to the various Harbour Commissioners with the net total of the advances as at March 31, 1928:—

	Advances in 1927-28	Total Advances
Montreal	$ 3,105,000 00	$48,980,000 00
Quebec	1,458,000 00	15,229,995 68
Vancouver	1,564,000 00	15,864,900 00
	6,127,000 00	80,074,895 68

The amount of Advances to Harbour Commissioners is given on pages 2 and 11 of this volume as $5,127,000 as from the above amount of $6,127,000 was deducted the sum of $1,000,000 received from the Montreal Harbour Commissioners to retire debentures issued by them as security for advances made in previous years which matured on July 1, 1927. Interest was received during the year on the amounts advanced to the Montreal and Vancouver Harbour Commissioners.

No interest was received during the year from the Quebec Harbour Commissioners, and the amount due by them, as at March 31, 1928, on account of interest is reported by the Finance Department as being $9,419,906.41. I have not been informed of any action having been taken to arrive at a settlement between the Harbour Commissioners and the Department with regard to the claim of the former for the use by the Government of the wharves, etc.

The situation as regards the account against the Three Rivers Harbour Commissioners remains unchanged (see Report 1926-27, Vol. I, page xxix). The amount of the outstanding interest as at March 31, 1928, is reported by the Finance Department as being $356,388.49.

Outstanding Cheque Account

At the beginning of the year, letter of credit cheques, drawn during 1925-26 amounting to $56,232.46 were credited to the "Outstanding Cheque Account." Of these outstanding cheques and of those drawn previously to that year, whicl had been outstanding, $48,479.45 were presented for payment and debited to that account. As explained in my previous reports the balance of $18,353.65 at the credit of this account at March 31, 1928, which appears as a liability in the Public Accounts, represents only a small part of the total liability due to outstanding cheques which, according to lists maintained in this office, exceeds $450,000.

Railway Grade Crossing Fund Account

The legislation passed last session authorizing an increase in the amounts payable in each case dealt with together with a wider application of the fund has resulted in a large increase in the expenditure, which amounted to $678,-787.53 in 1927-28 as compared with $689,566.63 during the preceding eighteen years that the fund had existed. The contributions towards the Toronto Terminals viaduct accounted for $485,000 of the 1927-28 expenditure.

A detailed statement of the expenditure during the year will be found on pages 165 and 166 of this volume.

Seed Grain and Relief Advances

A statement of the above account appears on page 155 of this volume showing a debit balance of $4,909,499.14. During the year under review $2,000,000 of the above balance was transferred from active to non-active assets in the Public Accounts.

The balance of seed grain and relief advances according to the books of the Interior Department is $4,138,586.97 to which must be added a payment of $25,415.94 to the Saskatchewan Government which was dealt with by the Finance Department prior to March 31, 1928, and by the Interior Department subsequent to that date; the Interior Department balance for comparison with the Finance Department balance is, therefore, $4,164,002.91.

The difference of $745,496.23 in the amounts due as shown in the books of the Finance Department and as reported by the Interior Department has been commented on by me in previous reports, and, on pages xxix and xxx of my report for 1926-27, I reported the results of an audit made of these accounts for the period from 1876 to March 31st, 1927, and recommended that steps be taken by the two departments (Finance and Interior) to bring their respective accounts into agreement, but no action towards that end has as yet been taken.

In addition to the amount due on account of principal, the Interior Department reports a total of $2,102,397.96 as due on account of Interest.

During the year the Saskatchewan Government repaid an amount of $1,908.39 on account of the Seed Grain Advances of 1908, thus reducing their indebtedness, as regards principal, to $93,228.46. On the other hand the amount due on account of interest on these advances, as on January 31, 1928, is reported by the Finance Department as being $208,095.91, an increase during the year of $4,729.21.

Suspense Account

A summarized statement of this account for 1927-28, followed by explanations of the various transactions, is given below:—

	210,372 67	459,437 09	167,734 78	502,074 98

The origin of the five amounts making up the balance on April 1, 1927, were explained in my last report.

Canadian Wheat Board Reserve—During the year $2,000 of the amount held on account of the Canadian Wheat Board was advanced to the secretary of the Board for current expenses and outstanding participation certificates presented before September 1, 1927; the balance of $173,000 is still carried in the Suspense Account although, under the terms of an Order in Council of March 15, 1927, it would appear to be now the property of the Crown.

Montgomery Escheat Case—Sale of jettisoned Flour—These amounts were transferred, during the year, to the credit of Casual Revenue.

Loss in operating West Indies steamship services—The amount of $13,202.30 received during the year was paid over to the Canadian Government Merchant Marine by whom the service was maintained.

Overages at Elevators (Surplus Grain)—$163,206.69—This amount was deposited by the Board of Grain Commissioners to the credit of the Receiver General as the proceeds of the sale of overages accumulated at public terminal elevators during the grain year 1925-26 less an amount of $10,000 applied by the Board to wheat laboratory purposes. An Order in Council of June 30, 1928, directs that the balance on deposit in the Suspense Account shall be applied to grain research problems to be expended under the direction of the National Research Council.

Pecuniary Claims Convention (1910) Awards—During the year $202,083.85 was received from the government of the United States, being the amount awarded by the Pecuniary Claims Tribunal in connection with eleven claims submitted by Canadian citizens. Under the agreement five per cent of each award is to be applied towards the expenses incurred by the Canadian Government in prosecuting the claims and the balance is to be paid to the claimants. Payments amounting to $100,166.38 were made in 1927-28 to seven claimants and it is understood that the balance will be distributed as soon as the parties entitled thereto are identified.

Assets of Dominion Shipbuilding and Repair Co.—The liquidators of this insolvent company paid over to the Department of Marine and Fisheries, as the largest preferred creditor, the sum of $45,017.63, representing the balance in his hands of the realized assets, the department undertaking to discharge settlements made by the liquidator with other preferred creditors. Of this amount $5,000 was retained by the Department to meet any unforeseen claims that might be established subsequently, and was placed in a departmental Trust Account in the name of A. R. Tibbits (see Precis of Correspondence, page 219 of this volume). The balance, $40,017.63 was deposited to the credit of the Receiver General and placed at the credit of the Suspense Account, against which a payment of $4,000 was made to the Standard Bank as a preferred creditor and a cheque for $226.39 issued to recoup the Bank of Montreal for a dishonoured cheque included in the deposit.

Deposits by Insurance Companies—Two insurance companies made cash deposits of $20,000 each in lieu of securities required by the Insurance Act. During the year one of the companies deposited the required securities and the cash deposit was released. The remaining $20,000 was released to the depositing company in July, 1928.

Unclaimed Dividends Accounts

During the year $8,667 was received from the liquidators of various insolvent estates and $61.43 was paid to creditors who applied for the amounts due them. The balance at the credit of the account on March 31, 1928, was $25,248.29.

The following is a comparative statement of the cash balances on March 31, 1927, and March 31, 1928, standing at the credit of certain open accounts which were classified as "Trust Funds" on page xxxiii of my report for 1926-27. No new accounts of this nature appear to have been opened during the year.

In addition to the above cash balances, securities to the amounts shown below are held in the Finance Department on account of the funds indicated, being either securities taken over at the time the funds were established or the proceeds of the investment of the moneys received as they accumulated. No examination of these securities is made by this office.

All the accounts shown in the first of the above statements were included in the Public Accounts for 1926-27, schedule " O " to the Balance Sheet, under the head of " Trust Accounts ". In the Public Accounts for 1927-28, the Burrard Dry Docks Pontoons account appears among the " Miscellaneous Current Accounts ", schedule " R ", and the Soldiers' Civil Re-establishment Funds, Nos. 1 and 3, among the " Contingent Accounts ", schedule " P ".

Interest is allowed on the balances at the credit of the above accounts except in the following cases: Canadian Military Canteen Fund; Canadian National Railways Guaranteed Bond Issue (Outstanding Interest); Empress of Ireland Relief Fund; Immigration Guarantee and Special Fund; Military Estates, Fund No. 1; Royal Military College Cadets' Fund; Soldier Settlement Board Trust Account.

Explanations of most of the various Trust Accounts have been given in previous reports. The following remarks on certain of the accounts refer to the transactions of the year under review.

Indian Agents' Trust Accounts

The Indian Agents' Trust Accounts, maintained at the various Indian Agencies, record *inter alia*, the receipts and disbursements of moneys received by the agents on account of individual Indians, including proceeds of the sale of crops and stock of working Indians, amounts retained for safe-keeping from surrender payments, treaty payments, etc. These moneys are held in trust by the local agent to be expended by him on behalf of the individual Indians.

Statements of these accounts are rendered monthly by agents in the provinces of Manitoba, Saskatchewan and Alberta to the Indian Commissioner's Office at Regina, where they are examined and are subsequently transmitted to the Department of Indian Affairs. No statements of these accounts are received at this office.

An audit of these accounts was recently made by my officers at the Indian Commissioner's Office and also at a number of Indian agencies in the west and my comments and recommendations will be communicated to the Department. The amounts held in trust in connection with these accounts by Indian agents

under the jurisdiction of the Indian Commissioner at Regina, as at March 31, 1928, were:—

Agencies in Manitoba	$ 9,049 51
Agencies in Saskatchewan	26,052 77
Agencies in Alberta	31,739 60
Total	66,841 88

Indian Trust Fund Accounts

In accordance with the intention expressed on page xxxvi of the introduction to my report for 1926-27, I have this year omitted the publication in ledger form of the Individual Band Accounts, but they have been examined and prepared in my office as in the past, and any information desired with regard thereto is readily accessible.

On page 152 of this volume will be found the usual statement of the fund as it is dealt with in the Dominion Ledgers and in Volume II, pages I-48 to I-67, is given a tabular summary of the individual band accounts as they appear in the books of the Indian Department. These statements furnish a complete and synthetic résumé of the current year's transactions and of the financial standing of the Indian bands.

Intercolonial and Prince Edward Island Railways Employees' Provident Fund

The position of this fund remains as previously reported and it was only by special supplementary contributions on the part of the Canadian National Railways to the extent of $399,213.10 that the obligations for the year were met.

A statement of the receipts and disbursements in connection with this fund during the year 1927-28 will be found on page 164 of this volume.

Militia and Defence Regimental Funds

This fund was established in 1919, under the authority of the Governor in Council (O.C. September 6th, 1919—P.C. 1856), its object being to centralize the funds accumulated both overseas and in Canada by "Military units" having a constantly changing personnel. In addition to the cash received from time to time, Victory Bonds amounting to $10,550 were received but no entry of these was made in the account. From the payment at maturity of certain of the bonds, the amounts of $5,550 and $1,000 were received in the years 1923 and 1927 respectively and credited to the account, leaving a balance of $4,000 still held by the Finance Department in addition to the cash balance of $122,894.50 shown at the credit of this fund on page 160 of this volume.

School Lands Funds

Statements of the School Lands Accounts for each of the provinces of Manitoba, Saskatchewan and Alberta will be found on page 154 of this volume. The following is a summary of the three accounts combined.

Of the balance of principal remaining in the fund on March 31, $857,000 was invested in Dominion Debenture stock early in 1928-29.

The interest on Debenture Stock and on the cash balances is dealt with altogether by the Department of Finance. Other collections are made by the Department of the Interior, by whom $2,068,159.10 was collected in 1927-28 at an expense of $108,783.28 or 5·26 per cent. In 1926-27 the expenses were 5·04 per cent of the amount collected.

Soldiers' Civil Re-establishment, Fund No. 3

The objections, raised by me in previous reports, to crediting this account with salary abatements have been met, since my last report, by the return of all abatements to the contributing employees with the exception of a small amount transferred to Superannuation Fund No. 5. This account has thus been restored to its original purpose of dealing solely with the administration of certain pension funds.

Superannuation and Pensions, Civil and Military

A statement of the receipts and disbursements, during 1927-28, on account of superannuation and civil and military pensions is given on page 195 of this volume, with a comparison of the balances at the credit of the Superannuation Funds at the close of the year with those at the close of the preceding year. The

total receipts, during the year, were $4,763,280.77, a decrease of $1,028,038.35 from those of 1926-27. The total expenditure was $41,685,104.48, an increase of $2,051,357.33 over that of 1926-27. The payments made under The Civil Servants' Widows' Annuities Act, 1927, amounting to $130,946.33, are included in the increase.

In my last Report, I called attention to the fact that the amounts, for superannuation purposes, of the salaries of certain officials of the Agriculture, Indian Affairs and Interior Departments in receipt of living and residential allowances had not been established in accordance with the provisions of the Superannuation Act. An Order in Council has since been passed establishing the value of these allowances for the majority of the Interior Department employees, but none has yet been passed with regard to the employees of the two other departments. No annuity or gratuity provided for by the Act is paid until the value of the allowance has been approved by the Governor in Council and the proper contributions thereon have been made for the full period during which the allowance was received.

Under section 10 of the Superannuation Act, 1924, a contributor may, under certain conditions, be retained in the service beyond the age of seventy years but only until he reaches the age of seventy-five. In the opinion of the Justice Department it is the duty of the Governor in Council to provide immediately for the retirement of a contributor on his attaining the age of seventy-five years. When it is observed by this office that employees are retained on the paylists after reaching that age the attention of the departments concerned is drawn to the provisions of the Act after which steps for their retirement are taken.

Several cases have arisen of a contributor electing to come under the provisions of the Superannuation Act, 1924, and claiming the right to count as a full year of service any season or parliamentary session during which he was employed, apparently in a temporary capacity, for a portion of the year only. In all cases where such service was not established as permanent, the departments concerned have been informed that the seasonal or sessional employment might be counted only to the extent of the period of actual service.

In the case of one of the beneficiaries under The Civil Servants' Widows' Annuities Act the widow was herself a retired civil servant in receipt of a superannuation allowance based on her own period of service. While it was considered that legally she might be paid both allowances, the case was so exceptional that it was considered that the Finance Department should be informed of the facts. The allowance under the Widows' Annuities Act was subsequently authorized by the Governor in Council and the payment approved by this office.

MISCELLANEOUS STATEMENTS

Statements dealing with special activities of the Government are given on pages 171 to 206 of this Volume. In addition to those which correspond to the statements published last year will be found the following:—

National Committee for the Celebration of the Diamond Jubilee of Confederation—Receipts and Disbursements.

Canadian Government Elevators—Balance Sheet and Profit and Loss Statement.

Pacific Cable Board—Receipts and Disbursements, 1926-27.

And the following statements regarding the Yukon Territorial Accounts which were published last year among the Open and Trust Accounts—Cash Account, Statement of Receipts and Disbursements, Summary of Grants and Expenditure.

Observations in connection with the various statements will be found below and elsewhere in this report.

Arrears Due

On pages 171 to 173 of this volume will be found the following comparative statements of amounts due to the Dominion Government, presented in the same form as in preceding years:—

Arrears Due (General).

Interest accrued on Loans and Advances to Railways, etc.

Principal Outstanding on account of Indian Land Sales.

These statements have been compiled from certified returns, furnished me by the various departments, of the amounts standing in their books of account as due the Government which are not included in the assets shown in the Balance Sheet of the Dominion.

No statements of arrears of sales tax, business tax or income tax have been received from the Departments of National Revenue and consequently they are not reported herein although I understand that they amount to a considerable sum.

A large part of the arrears reported is made up of balances which have been standing for a considerable period, some dating as far back as 1872, and I would recommend that the necessary action be taken to have those items which are considered uncollectible written off.

In the statement of Surveyors' accounts published under the Interior Department vote for Topographical Surveys (Vol. II, Part K) appears the amount of $22,743.55 shown for many years, in similar statements in previous reports, as being due by surveyors on advances for survey work prior to 1906. As these sums are uncollectible no purpose is served by calling further attention of the House to them and I would recommend that the Department be authorized to write them off.

Included in the General Arrears is an amount of $26,549.23 reported by the Department of the Secretary of State, the greater part consisting of a claim against the Clerk of the Peace for York County, Ontario, for fees received by him while acting under the authority and provisions of the Naturalization Act, up to December 31, 1927. In April, 1926, judgment was recovered against him for the amount of $11,092.50, being the amount claimed as owing up to December 31, 1924; this judgment remains unsatisfied and the amount due has since increased to $19,362.50. I understand that the greater part of this amount was paid over to the Provincial Treasurer of Ontario on representations made by officers of the Department of the Attorney General for that province. By Order in Council of June 29, 1928, a Commissioner was appointed, under the Inquiries Act, to investigate and report upon the state and management of the business of the office of the said Clerk of the Peace. A report has recently been submitted to the Secretary of State by the Commissioner, whose findings are, I understand, under consideration.

Arrears Due—(General)—The amount of General Arrears due on March 31, 1928, as reported to me, was $10,065,485.59 a reduction of $1,554,819.97 from the arrears reported on March 31, 1927. The principal increases and decreases during the year were as follow:—

—	Increase	Decrease
Interior—Dominion Lands		$ 1,413,808 25
Interior—Coal Mining Leases	$ 33,169 85	
Interior—Petroleum and Natural Gas Leases	260,687 02	
Interior—Timber Dues		112,474 52
Interior—Seed Grain, Interest	105,223 81	
Marine and Fisheries—Fisheries	42,864 52	
National Defence—Aid to Civil Power		131,874 28
Soldiers' Civil Re-Establishment		350,030 34

The reduction, $1,413,808.25, in the amount due on account of Dominion Lands may be attributed to the same two causes as last year, viz:—(1) an increase in the amount of arrears collected and (2) the cancellation of sales, whereby, under the provisions of the Dominion Lands Act, the lands are re-possessed by the department and the indebtedness written off.

During the past summer intensive examinations into the methods of dealing with land sales, etc., were made at a number of the most important land offices in Western Canada by officers of my department. A report on the result of these examinations has been submitted to me and my comments thereon will be communicated to the Department of the Interior.

The increases in the Arrears for Coal Mining leases and Petroleum and Natural Gas leases are stated by the Interior Department to be due to a policy of leniency adopted whereby the cancellation of leases in arrears is withheld so long as there is a possibility of operations being resumed.

The decrease in timber dues results mainly from the Department not including in the statement of arrears for this year amounts payable as bonus in connection with the awarding of timber berths by tender. These bonus payments were covered by promissory notes and it was decided that until they matured they should not be considered as arrears.

The increase in the amount due on account of Seed Grain Advances represents the interest accrued during the year on the large amounts due as principal of Seed Grain Advances dealt with in another chapter of this report.

The increase in the arrears on account of Fisheries is due to the Federal Government's authority to collect licenses fees on operations involving sea foods which have been caught and landed being questioned and until a decision on this question is given by the Imperial Privy Council there appears to be little probability of collecting these fees.

The reduction of $131,874.28 in the amount due the Department of National Defence for Aid furnished to Civil Power is the result of the settlement during the year of a claim against the province of Nova Scotia for military assistance during the labour troubles in the mining districts.

The large reduction in the amount of arrears reported by the Department of Soldiers' Civil Re-establishment arises from the fact that a sum of $419,361.71, representing the value of departmental equipment placed in various hospitals and sanatoriums for use in treating patients under the care of the department, was transferred from the Accounts Receivable ledgers to the Equipment ledgers, as the equipment is the property of the department.

Interest accrued on Loans and Advances to Railways, Government Merchant Marine, Harbour Commissioners, etc.—The amount of interest accrued during

the year on these loans and advances, the majority of which are shown as non-active assets in schedules "K" and "L" to the Balance Sheet of the Dominion, is given in this statement as $37,929,175.83 as against $19,118,840.84 shown in my last report as having accrued during 1926-27. This apparently large increase is due to the fact that in the statement of arrears of interest furnished me by the Finance Department for 1926-27 the interest accruals were given for six months only to January 1, 1927, whereas in the statements for this year they were given for a full period of twelve months to January 1, 1928.

Principal Outstanding on Indian Land Sales—Indian Trust Fund—As in previous years no statement of the interest due or arrears of rentals of Indian lands has been furnished me by the Department of Indian Affairs.

Graving Docks, Public Works—Revenue and Expenditure

A comparative statement of revenue and expenditure of Government graving docks and repair slips during 1927-28 is given on page 194 of this volume. From this statement it will be seen that there was a total decrease in revenue of $28,000.46, and a total increase in expenditure of $24,022.86 and also that the total excess of expenditure over revenue in 1927-28 was $75,473.84, as compared with $23,450.52 in 1926-27.

Telegraphs, Public Works—Revenue and Expenditure

On page 194 of this volume, is shown a comparative statement of the revenue and expenditure of the telegraph and telephone lines operated by the government. The total revenue of $296,598.07, during the year, was $184.32 greater than that of 1926-27, the following lines showing increases:—

Maritime Provinces and Lower St. Lawrence lines	$ 1,754 90
Saskatchewan and Alberta lines	3,186 12
Vancouver Island lines	1,748 94
Yukon System	91 31
Total increases	6,781 27
Decrease in the British Columbia Mainland lines	6,596 95
Net increase for all lines	184 32

The total expenditure of $725,769.25, in connection with the operation of these lines, which was $1,749.69 greater than that of 1926-27, exceeded the total revenue by $429,171.18, as compared with $427,605.81 in 1926-27.

Pacific Cable

Included among the Miscellaneous Statements, page 206 of this volume, will be found a statement of the receipts and disbursements of the Pacific Cable Board for the financial year 1926-27, which was not received in time to be published in my last year's report (see Report 1926-27, Vol. I, page xxxix). I am unable to

include a similar statement for the year 1927-28 as the annual report of the Board for that year has not as yet been made public; I understand, however, that Canada will not be called upon to make a contribution on account of the operations of 1927-28, as the receipts for that year exceeded the disbursements. These annual statements are not submitted to me for examination but they are published by me for the information of the House of Commons.

SPECIAL AUDITS

In addition to the ordinary audit of revenue and expenditure called for by the Consolidated Revenue and Audit Act, an increased number of special examinations and audits were carried out, locally in some cases, in the course of the year and my comments thereon were communicated to the departments concerned. Some of these audits were made in compliance with statutory directions while others were considered advisable on account of the importance of the transactions. The following is a partial list of those special audits, references to which will be found below and in various other chapters of this report:—

Canadian Patriotic Fund; Diamond Jubilee of Confederation; Empire Settlement Schemes; Federal District Commission; Hudson Bay Railway; King's Printer's Advance Account; Lignite Utilization Board; National Battlefields Commission; New Zealand War Pensions; Quebec Salvage and Wrecking Co., Ltd.; Royal Military College Cadets' Fund; Royal Mint, coin and bullion; Seed Grain and Relief Advances; Sorel Shipyards; Yukon Territorial Accounts.

Audit of Canadian Patriotic Fund

As directed by the Canadian Patriotic Fund Act of 1914 (5 Geo. V., Chap. 8, Sec. 10), an audit was made, under my direction, of the accounts of the above fund for the fiscal year ended March 31st, 1928, and my report thereon was transmitted to the Honorary Treasurer of the fund on September 20th, 1928.

The total amount at the credit of the fund, as at March 31st, 1928, including amounts invested in securities, was $1,860,929.11 as compared with $2,185,081.51 on March 31st, 1927. The reduction of $324,152.40 is due to an excess of disbursements over receipts during the year, which necessitated the sale of some of the securities.

New Zealand Pensions Audit

In response to a request preferred by the New Zealand Government through the Department of Soldiers' Civil Re-establishment, an audit was made of the accounts rendered that government covering payments made

during the year on behalf of New Zealand pensioners resident in Canada and United States. A certified Statement of Account for the fiscal year ended March 31, 1928, based on information submitted by the department, was furnished the department and was forwarded by them to the New Zealand Commissioner of Pensions.

Quebec Salvage & Wrecking Co. Ltd.

A special audit was made of the books and records of this company, by one of my officers, in connection with a claim by the company for $4,139.95 which had been overdeposited in 1920-21. Upon obtaining further information, I withdrew the objection I had made to the payment of this claim.

ADMINISTRATION OF THE CIVIL SERVICE ACT

In the chapter of my report for 1926-27 on the Administration of the Civil Service Act (page xl), I called attention to the steps taken to establish that all exempted positions in existence for more than six months were classified in accordance with the Civil Service regulations. Action towards having their exempted positions classified as required has been taken by a number of the departments and further inquiries are being made with regard to the departments which have not done so as yet.

On page 202 of my report for 1926-27 and in previous reports will be found copies of letters written the Treasury Board with regard to the continued employment of a messenger-clerk without the approval of the Civil Service Commission and, on page 210 of this report, a later letter informing the Board that a certificate had been received from the Commission approving of the temporary employment of this employee from October 16, 1928, but that apparently no action had been taken to legalize his previous employment.

Included in the Precis of Correspondence published on pages 213 to 230 of this volume will be found a number of matters, connected with the Administration of the Act, which came before me during the year and were the subjects of correspondence with the various departments. As the matters dealt with are of special interest to the departments, as well as to the House of Commons, they are, for purposes of reference, briefly referred to below:—

On the recommendation of the Civil Service Commission the Regulations were amended by the Governor in Council to permit under certain circumstances the following payments:

Cost of Living Bonus Payments—Page 215.

Payments for overtime to Inspectors—Page 215.

In the following cases an opinion was received from the Justice Department as to whether or not the payments might legally be made:

Gratuity to Relatives of Deceased Employees—Pages 220 and 223.

Annual Leave to Seasonal Employees—Page 227.

Appointment of Director of Publicity—Page 229.

The Departments of Mines and of Public Printing and Stationery introduced a practice of making deductions from salary paylists to cover premiums on policies issued by an insurance company. As this was considered unadvisable I declined to approve the paylists with the deductions, and the practice was discontinued. The correspondence in this connection will be found in precis form on pages 222 and 226.

Other matters connected with the Administration of the Act will be found as indicated below:

Date of Eligibility for Statutory Increases—Page 216.
Personnel of Expedition to Hudson Strait and Hudson Bay—Page 221.
Promotions Authorized before Necessary Provision made in Supply Bill—Page 223.
Increase in Rates of Pay to Skilled Labour Classes—Page 226.
Increase of Salary not Properly Authorized—Page 227.

Considerable correspondence also took place between this office and the various departments with regard to the two matters referred to below, but as the questions raised were of general interest and not confined to any particular department the correspondence is not included in the Precis of Correspondence given in a subsequent part of this volume.

Flat Increases to the Civil Service—(Vote 535). Paylists covering these increases were submitted to this office, and in a limited number of cases the increases were refused as it was considered the employees did not come within the provisions of the regulations. In every case of doubt the question was referred to the Justice Department and was subsequently dealt with in accordance with the opinion given.

Arrears of Salary authorized after Close of Fiscal Year—Paylists were submitted to this office after March 31, 1928, for salary arrears to some employees for the year 1927-28. As the appropriations for that year had lapsed it was pointed out that provision for their payment should be made in the supplementary estimates. I had previously called the attention of the Civil Service Commission to the statutory requirements and to the difficulties created both for the departments concerned and this office when authorization of promotions or of changes in classification or in salary ranges were not made until after the close of the year. The Commission has since circularized the departments advising them of a change in its methods of reclassification or revision of salary, which will remove the greater number, if not all, of the difficulties referred to.

AUDITOR GENERAL'S OFFICE

The number of employees on my staff in March, 1928, was 198 as compared with 192 in March, 1927; the number of men being the same in each case, namely 81. The average number of employees during the year was 201, as against 197 during the preceding year, due to the necessary employment of temporary clerks to cope with the increase of audit work in connection with: (*a*) the counting of the paid interest coupons on Dominion Loans, which was brought up to six months after payment, instead of two years as heretofore; (*b*) the audit of interest cheques issued to holders of registered bonds, as explained on page xvi of this Introduction; (*c*) the considerable increase in the expenditure

relating to Annuities, Land Settlement Schemes, National Defence, National Revenue, Pensions, Soldiers' Insurance, etc.; (*d*) special audits and local examinations of outside offices of departments; and also temporarily filling positions during the sick leave of employees.

The absences on account of sick leave were greater than they should be, owing to unsatisfactory housing conditions for a large part of my staff, notwithstanding this, the leave with pay decreased from 4·25 per cent in 1926-27 to 3·85 in 1927-28.

GENERAL REMARKS

Since my last report, I have experienced a still greater inclination on the part of the Departments generally to improve their methods of accounting and control and to facilitate the examination of their accounts.

Progress has also been effected in the internal organization of my office, especially with regard to the preparation of my Annual Report, the detailed manuscript of which was completed in the early part of September, a month ahead of last year. The saving of time is partly due to the introduction of simplified standardized forms utilized in the compilation of the details of the report and to the classification adopted, which has been further improved so as to render this report as comprehensive and intelligible a source of information as possible to the members of the House of Commons; to serve as a guide to chief executive officers of the departments as to economies to be effected and as an aid in making closer estimates of expenditures.

The introduction of simplified standardized forms throughout all the services, wherever similar forms can be utilized, would result in considerable savings in the stationery and printing expenditure of each department besides other advantages and, consequently, it is desirable that an effort be made to bring about this improvement.

As stated in a previous chapter of this report the number and extent of the special and local audits of outside offices of Departments carried out under my direction was again increased during the year. I am restricted, however, in the performance of these audits by the small number of men at my disposal qualified to handle this work. This is also the chief reason why I could not proceed to apply the audit directly to the original books of accounts of the departments as I had intimated in my last report.

In my reports for 1924-25 (page xxii) and 1925-26 (page xxxiii) I referred to the form of the annual estimates as presented to the House of Commons. Section 60 of the Consolidated Revenue and Audit Act requires me to call attention to every case in which a payment charged against a grant was not properly so chargeable. As I must be guided solely by the wording of the Appropriation Act, it is very difficult for me to perform this part of my duties unless the vote titles are clear and definite.

Difficulty is experienced occasionally in reconciling the financial statements published in the annual departmental reports with those given in this report. While I understand that a department may desire to present the results of its transactions in a form different from that in which they are shown in my report, the statements in both reports could be more readily brought into accord by the various departments publishing in their respective Annual Reports the certified

annual statements required by section 50 of the Consolidated Revenue and Audit Act to be sent to this office.

With the view of giving details of leave of absence in general, I obtained monthly statements of the absences for 1927-28 of the various departmental staffs at Ottawa, covering sick, special and statutory leave and leave without pay. As it was found that the statements furnished by several departments did not contain all the necessary information, the matter was further taken up with them; more complete returns are now being received so that I shall be in a better position in the future to report on this matter.

Prior to The Revised Statutes of Canada, 1927, coming into force and having the effect of law on and after February 1, 1928, the salary of the Auditor General was fixed in whole or in part by Statute (Revised Statutes, 1906, chap. 24, section 27, and amendments thereto).

Section 28 of the Consolidated Revenue and Audit Act as it appears in the Revised Statutes of 1927 (Chapter 178) provides:—

> "The Governor General may, for the more complete examination of the public accounts of Canada, and for the reporting thereon to the House of Commons, appoint an officer, under the Great Seal of Canada, to be called the Auditor General of Canada, and such officer may be paid out of the Consolidated Revenue Fund, such salary as may be authorized by law."

Although the Auditor General holds office during good behaviour and is removable only by the Governor General on the address of both Houses of Parliament (Section 29) and his salary is payable out of the Consolidated Revenue Fund, the amount of such salary is at present not specified in any law, which appears to be an anomaly, requiring rectification.

I have again to acknowledge the co-operation of my Chief Assistants and of the staff, which resulted in the audit being, in certain directions, more complete and more in conformity with the requirements of the law.

GEO. GONTHIER, L.I.A., C.A.,
Auditor General.

RAPPORT ANNUEL DE L'AUDITEUR GÉNÉRAL

PRÉSENTÉ EN CONFORMITÉ DE LA LOI DU REVENU CONSOLIDÉ ET DE LA VÉRIFICATION

INTRODUCTION

Conformément aux dispositions de la loi du Revenu consolidé et de la Vérification, j'ai l'honneur de présenter mon rapport pour l'année financière arrêtée le 31 mars 1928.

FONDS CONSOLIDÉ

Revenus

Comme il ressort du tableau sommaire des revenus paraissant à la page 80 de ce volume, et des sommaires plus détaillés des revenus et des dépenses des différents Ministères (pages 85 à 135), les revenus du Dominion se sont élevés à $429,847,551.44 (voir aussi Comptes publics page 5), soit une augmentation de $29,217,762.28 sur l'année précédente. La comparaison s'établit comme suit:

—	1927-28	1926-27	Augmentation
Revenus ordinaires—			
Général, Casuel, etc.	$411,780,160 30	$390,136,375 26	$21,643,785 04

Le montant ci-dessus ne comprend pas les recettes suivantes paraissant à la page 81 de ce rapport:

Recouvrements de dépenses en capital	$ 941,216 60
Remboursements d'avances aux comptes spéciaux	2,374,910 30
	3,316,126 90

La différence de $700, existant entre le montant des recouvrements de dépenses en capital donné ci-dessus, et celui paraissant aux Comptes publics, est due à ce que j'ai déduit le montant d'un chèque impayé du recouvrement global au lieu de l'inclure dans les dépenses de capital.

Les montants ci-après, encaissés comme revenus ordinaires, mais réemployés au cours de l'année, ne figurent ni aux revenus ni aux dépenses:

Revenus des postes appliqués aux traitements et aux allocations de certains maîtres de poste, non prévus dans les crédits parlementaires (Vol. II page S-2)	$ 6,048,692 30
Revenus déposés au crédit du Receveur général et reversés dans la suite comme drawbacks, remboursements de droits, etc., (page 82)	25,097,858 27

DÉPENSES

D'après les lois des crédits et les statuts, le montant total accordé pour les dépenses de l'année s'établit comme suit:

Total des dépenses	350,890,624 71	21,576,864 45	372,467,489 16

Le tableau suivant permet d'établir une comparaison entre les dépenses ci-dessus et les dépenses correspondantes de 1926-27:

—	1927-28	1926-27	Augmentation *Diminution
Montants votés, lois des crédits	$242,519,989 76	$233,907,434 48	$8,612,555 28

La concordance entre le montant des dépenses ci-dessus, et celui paraissant aux Comptes publics, est établie à la page 5 de ce volume.

Les $372,467,489.16 de dépenses totales de l'année sur le Fonds consolidé comprennent, $128,902,944.58 d'intérêts de la dette publique, $3,418,685.69 crédi-

tés au Fonds d'amortissement et $48,998,954.13, résultant de dépenses occasionnées par la guerre (voir Introduction, page lix).

L'excédent des revenus sur les dépenses, tel que donné aux pages 4 et 5 des Comptes publics et dans l'état du Fonds consolidé, Appendice N° 4, est de $90,113,293.74 et s'établit comme suit:

COMPTES DES CRÉDITS

Les comptes des crédits qui, conformément aux dispositions de l'article 50 de la Loi du Revenu consolidé et de la Vérification, m'ont été transmis pour vérification par les différents Ministères, paraissent dûment approuvés comme le demandent les statuts, pages 8 à 79 de ce volume. Ils sont suivis des explications que me donnèrent les fonctionnaires responsables des Ministères sur les dépassements de crédits, et, sauf pour un Ministère ou deux, des raisons pour lesquelles des crédits ne furent pas employés en totalité.

Bien que l'article 60 de la Loi du Revenu consolidé et de la Vérification ne m'oblige qu'à signaler les cas où des crédits furent dépassés, je suis toujours d'avis qu'il est également opportun de mentionner tous ceux où un crédit accordé par le Parlement ne fut pas employé en totalité. Dans les deux cas, en effet, toute différence sensible dans l'emploi des fonds votés "en faisant que l'on s'écarte du programme projeté de l'année, tel qu'il fut tout d'abord soumis au Parlement, occasionne une diminution du contrôle parlementaire".

Aux comptes de crédits, sont joints des "notes de vérification" sur les déboursés ayant motivé des objections ou des observations à des Ministères, et la correspondance échangée à ce sujet paraît sous forme de précis aux pages 231 à 246 de ce volume, les questions les plus importantes étant également mentionnées dans cette Introduction, page lxi.

Le total global des parties de crédit qui ne furent pas employées, s'est élevé à $34,603,685.30 contre $35,998,301.07, en 1926-27, soit une diminution de $1,394,615.77, voir pages 2 et 7 de ce volume. Les crédits furent par contre dépassés d'une somme globale de $109,406.72, et le Parlement devra voter des fonds pour couvrir ces dépassements qui sont les suivants:

Page Vol. I	Crédit Nos	Service	Dépassements
9	32	Administration de la Justice	$ 31 47
13	1	Frais de gestion	787 95
17	352-540	Douanes et accise	1,161 79

Il ressort de ce tableau que les dépassements de crédit n'ont cessé de diminuer graduellement et que les Ministères s'efforcent, en général, de s'en tenir aux montants qui leur ont été votés.

VÉRIFICATION DES REVENUS

Le détail des revenus de chaque Ministère est donné, pages 85 à 135, ainsi que dans les différentes parties du volume II et, à la page 82 de ce volume on trouve un tableau établissant la comparaison entre les revenus ordinaires de 1927-28 et ceux de 1926-27.

Les principales augmentations de revenus ordinaires, avec leur pourcentage approximatif sont les suivantes:—

	Augmentation	Pourcentage
Droits de douanes	$15,017,140 01	11 p.c.
Droits d'accise	8,887,737 02	18 p.c.
Intérêts sur placements	2,378,421 26	28 p.c.
Postes	2,493,410 68	8 p.c.
Impôts sur le revenu et sur les bénéfices commerciaux	9,430,667 42	20 p.c.

Dans le revenus ordinaires, seules les taxes d'accise accusèrent un fort fléchissement, $15,390,228.68, soit environ 15%. L'augmentation de $5,195,555.98 des revenus spéciaux, provient en grande partie des paiements reçus au titre des réparations allemandes, voir page lvi.

Des vérifications et des inspections eurent lieu au cours de l'année dans plusieurs bureaux de perception. Une amélioration continue fut, en général, constatée dans les méthodes de comptabilité, de contrôle et de faire rapport, qui, sans doute contribuent à l'augmentation des encaissements et ont comme effet de mieux protéger les deniers publics. Afin de rendre cette protection encore plus efficace des inspecteurs compétents des Ministères pourraient, de temps à autre, faire à l'improviste des inspections ou des vérifications partielles (test audit), dans leurs bureaux locaux afin d'éviter qu'il s'y produise des déficits ou un défaut de diligence à effectuer les encaissements dans les délais fixés par les lois ou les règlements ministériels, etc.

J'attirai l'attention dans mes rapports précédents sur une pratique suivie depuis longtemps au Ministère des Postes et, d'après laquelle, les traitements de certains maîtres de poste étaient prélevés à même les revenus. Ayant des doutes sur la légalité de cette pratique je soumis le cas au Sous-ministre de la Justice qui, fut d'avis, que les articles 3, 64 et 65 de la loi des Postes autorisaient ces paiements. Sauf au cours de deux ou trois années, il ne fut fait dans le passé aucune vérification partielle (test audit) de ces déboursés que j'espère pouvoir effectuer prochainement.

Il m'est maintenant possible de donner des informations sur certaines questions concernant les revenus, mentionnées dans le Précis de Correspondance de mon dernier rapport, pages 224 à 234; les autres sont toujours inchangées:—

Page 225.—Classification des recettes en revenus. Depuis les modifications apportées durant la session de 1927 à la loi des douanes, on a constaté une amélioration marquée dans les méthodes de classification des recettes des douanes.

Page 234.—Produit de la vente du surplus de grains.—Voir, Introduction, page lxxxvii.

Je n'ai reçu aucun nouveau renseignement sur les 3,565 anciens timbres de 3 cents que dans mon dernier rapport (volume 1, page 232), je disais avoir été perdus ou égarés, mais je comprends qu'ils n'ont pas été retrouvés.

Les questions suivantes concernant les revenus ont également donné matière à correspondance avec des Ministères et sont mentionnées dans le Précis de Correspondance paraissant dans ce volume:—

Remboursement à la Colombie Britannique d'une partie de la taxe d'entrée perçue en 1923 sur les Chinois.....Page 232
Remboursements de droits d'accise à la "Tuckett Tobacco Co., Ltd."....Page 240

Revenu casuel

Le montant total du Revenu casuel fut de $3,626,236.13, soit une augmentation de $315,603.15, sur 1926-27. On trouve dans les différentes parties du volume II le développement de ce revenu par Ministère, et une classification générale en est donnée à la page 84 de ce volume. Par suite des changements apportés cette année dans la classification générale, les montants de 1926-27 paraissant dans le tableau comparatif ci-après ont été réajustés.

	1927-28	1926-27	Augmentation *Diminution
Revenus divers, droits, licences, etc	$ 2,110,192 56	$ 1,513,730 90	$ 596,461 66
Produits de ventes de propriétés, matériel, etc	643,424 54	618,771 99	24,652 55
Recettes diverses	293,786 62	325,673 81	*31,887 19
Recouvrements sur les dépenses des années antérieures	578,832 41	852,456 28	*273,623 87
	3,626,236 13	3,310,632 98	315,603 15

Revenus divers.—L'augmentation de $596,461,66 est due principalement aux revenus suivants:—

Ministère des Finances—Hôtel Royal des Monnaies	$ 210,219 50
Marine et Pêcheries—Licences de radio	43,450 35
Secrétariat d'Etat—Honoraires pour chartes	302,760 02

Produits de ventes.—Bien que quelques Ministères accusent une diminution, les augmentations qui se produisirent dans les autres font que le total net des ventes fut plus élevé de $24,652.55.

Recettes diverses.—Le Ministère de la Défense nationale n'ayant pas eu cette année de recette analogue à celle de $74,551.07, encaissées l'an dernier à la suite de l'incendie des casernes Rosedale, ses recettes font voir un fort fléchissement alors que celles de plusieurs autres Ministères accusent des augmentations.

Recouvrement de dépenses.—La diminution de $273,623.87, est due principalement à ce que le montant des recouvrements du Ministère du Rétablissement des soldats dans la vie civile, se trouva moins élevé par suite des changements qu'il apporta dans sa comptabilité durant l'année.

Je veux encore attirer l'attention sur les recettes suivantes, perçues assez régulièrement et paraissant assez importantes, pour faire l'objet d'un chapitre spécial dans les revenus des Ministères, au lieu de figurer au Revenu casuel.

	Encaissées en 1927-28
Droits d'inspection, etc.—Agriculture	$ 138,324 48
Ventes des produits des Fermes Expérimentales—Agriculture	184,332 40
Loyer des édifices publics, etc.—Travaux publics	95,462 38
Droits perçus en vertu de la "Loi sur les Compagnies"—Secrétariat d'Etat	635,554 56

Paiements par l'Allemagne au titre des réparations

Au cours de l'année, le Gouvernement Britannique effectua quatre paiements trimestriels, s'élevant à $3,002,047.78, et représentant, d'après le plan Dawes, le montant revenant au Canada sur les sommes versées par l'Allemagne au titre des réparations. L'"année Dawes" allant du 1er septembre au 31 août, ces paie-

ments furent faits pour les deux derniers trimestres de 1926-27 et les deux premiers de 1927-28. Ces versements portent à $7,011,567.21 les sommes reçues au 31 mars 1928, en vertu des dispositions du plan "Dawes", depuis sa mise en vigueur en 1924.

Au mois de juillet 1927, le Gouvernement britannique versa une somme additionnelle de £778,650, ou $3,789,430, représentant la quote-part revenant au Canada sur les paiements faits au titre des réparations par l'Allemagne avant l'application du plan Dawes. Ce paiement avait été différé en attendant que certaines réclamations contre le Canada résultant de la guerre aient été réglées.

Le 31 mars 1928, le montant total reçu par le Canada au titre des réparations allemandes avait été crédité en totalité aux revenus spéciaux et s'établissait comme suit:—

Réparations reçues avant le plan Dawes	$ 3,789,430 00
En vertu du plan Dawes	7,011,567 21
	10,800,997 21

VÉRIFICATION DES DÉPENSES

Comme je l'exposais dans un chapitre précédent, le total des dépenses de l'année a été de $372,467,489.16, se répartissant comme suit:—

Dépenses sur le Fonds consolidé	$ 339,734,257 70
Fonds d'amortissement	3,418,685 69
Avances imputées aux Comptes spéciaux	7,737,681 32
	350,890,624 71
Dépenses en capital	21,576,864 45
	372,467,489 16

Le total des dépenses paraissant à la page 4 des Comptes publics est le suivant:—

Dépenses ordinaires	$ 336,167,960 98	
Dépenses spéciales	3,566,296 72	
Total des dépenses imputées au Fonds consolidé		$ 339,734,257 70
Dépenses en capital		21,577,564 45
		361,311,822 15

La différence existant entre ces deux montants est expliquée dans un chapitre précédent.

Les tableaux suivants des dépenses paraissent sous forme de sommaires aux pages 2 à 7 de ce volume:—

Sommaire général des crédits et des dépenses par service.
Etat comparatif des dépenses par service.
Etat sommaire général des crédits et des dépenses par Ministère.

La classification des dépenses adoptée il y a deux ans a encore été suivie cette année, et les états classifiant les dépenses de chaque Ministère paraissant à la fin de chacune des parties du volume II, ont été réunis dans un sommaire général, pages 136 et 137 de ce volume. Dans le détail des dépenses des différents Ministères, paraissant dans le second volume de ce rapport, j'ai ajouté dans

plusieurs cas un sommaire de ces dépenses d'après la classification des Ministères différant, quant au détail mais non quant au total, de la classification que je donne à la suite des crédits. Les Ministères adoptèrent ces classifications pour des fins d'administration et je les publie pour faire connaître les montants dépensés d'après les différents sous-titres des crédits.

La comparaison des dépenses des deux dernières années s'établit comme suit:

Dans le tableau suivant les dépenses de 1927-28 sont comme les années précédentes réparties en six catégories, chacune d'elles étant suivie de son pourcentage au cours des deux dernières années. Ces pourcentages sont tout en même temps intéressants et instructifs, mais il ne faut cependant pas perdre de vue que le montant total des dépenses sur lequel ils sont établis variant chaque année, un indice plus élevé ne signifie pas nécessairement une augmentation réelle de dépenses.

Catégorie de dépenses	Montant	Pourcentage du total des dépenses	
		1927-28	1926-27
Intérêts de la dette publique	$ 128,902,944 58	34·61	35·40

Le tableau ci-après permet d'établir une comparaison entre les dépenses résultant directement de la guerre au cours des deux dernières années. Les intérêts des emprunts de guerre n'y sont pas compris.

Les relations diplomatiques internationales du Canada prenant tous les jours une plus grande importance, il en résulte comme il ressort du tableau ci-après, une augmentation très marquée dans les frais de représentation à l'étranger ou dans l'Empire. Les dépenses du service des renseignements commerciaux, celles des agences d'immigration à l'étranger, de la Commission internationale mixte et des négociations des traités ne figurent pas dans ce tableau.

Les dépenses de la Légation du Canada à Washington, non compris le prix d'achat de l'Hôtel de la Légation, se sont élevées à $99,258.76, soit sur 1926-27 une augmentation de $41,651.77, due en grande partie à ce que les traitements de 1926-27 ne furent payés que pour une partie de l'année seulement. L'augmentation des dépenses du Commissariat de Paris est due à des achats de meubles de bureau, etc.

Les différentes catégories de dépenses devant être vérifiées avant paiement, ayant été les mêmes que les années précédentes, leur montant n'a que peu varié.

Mes vérificateurs visitèrent durant l'année plusieurs bureaux extérieurs des Ministères et le résultat de leurs inspections fut transmis aux Ministères intéressés. La coutume que j'ai établie de faire des inspections aussi fréquentes que possible a d'heureux résultats, car dans la plupart des bureaux visités pour la seconde fois il fut constaté des améliorations sensibles. J'ai profité du séjour que je fis en Europe pendant l'été de 1927, pour visiter à nouveau quelques-uns des bureaux les plus importants du Gouvernement, en Angleterre et sur le continent, et je constatai que depuis mon voyage de 1925 il s'était produit des améliorations marquées dans leurs méthodes de comptabilité et d'administration, principalement à Londres, où la centralisation des bureaux des différents Ministères donne de bons résultats. Il semble, toutefois, que les Ministères effectuant des payements par l'entremise du Bureau du Haut Commissaire de Londres pourraient apporter certaines modifications dans leur méthode d'envoi de fonds.

Depuis la publication de mon dernier rapport, j'ai pu obtenir des informations complémentaires sur certaines questions concernant les dépenses, mentionnées dans le Précis de Correspondance, pages 224 à 234, d'autres sont inchangées—

Page 224—Estimation du montant des indemnités de vivres et de logement.—Dans quelques cas, afin de pouvoir fixer le montant des retenues à verser aux fonds de pension, le montant de ces allocations fut déterminé par le Gouverneur en son Conseil; dans d'autres cas aucune mesure n'a encore été prise.

Page 227—Emploi d'un sténographe temporaire sans certificat de la Commission du Service Civil—Jusqu'au 20 juin 1927, cet employé continua d'occuper sa position à Toronto sans certificat. Après cette date, sur la seule autorité du Ministère, il fut employé à Détroit au bureau d'immigration du Canada.

Page 227—Bureau du Commissaire des Indiens de Régina.—Une nouvelle inspection de ce Bureau eut lieu l'été dernier et il fut constaté que malgré mes recommandations précédentes, l'on n'avait apporté aucun changement dans la comptabilité. Un rapport a été rédigé à ce sujet et il sera sous peu communiqué au Ministère.

Page 231—Paiement de salaires arriérés.—Ministère de la Défense Nationale. Les arriérés de 1926-27 ne furent pas payés le Parlement n'ayant pas voté de fonds.

J'attire à nouveau l'attention de la Chambre sur quelques-unes des dépenses engagées en 1927-28 qui fournirent matière à correspondance entre mon Bureau et plusieurs Ministères. Pour l'information de la Chambre, je donne à la fin de ce volume un précis de cette correspondance (pages 231 à 246), faisant ressortir les irrégularités et exposant les divergences de vue qui se produisirent, et sur lesquelles il serait à désirer que le Parlement se prononçât, afin que les Ministères et l'Auditeur Général aient une directive, si des cas semblables venaient encore à se produire à l'avenir. L'attention des Ministères fut également attirée sur de nombreuses questions réglées depuis d'une manière satisfaisante et, en plus des suivantes, quelques-unes sont spécialement mentionnées dans d'autres chapitres de ce rapport.

Dépenses d'employés du Ministère ayant pris part aux travaux de la Commission sur l'industrie de la pêche, page 236. Pour éviter un dépassement, le Ministère de la Marine et des Pêcheries, contrairement aux dispositions d'un arrêté en Conseil et à celles de l'article 59 de la Loi du Revenu consolidé et de la Vérification, imputa aux "Dépenses contingentes", au lieu du crédit "Pêcheries de haute mer", les dépenses de trois de ses employés ayant pris part aux travaux de la Commission.

Paiement d'une allocation de $5,000 à même le crédit 294, page 244.—Ayant mis en doute le droit d'accorder cette allocation le Ministère me répondit "qu'une copie de l'arrêté en Conseil serait déposée sur la table de la Chambre".

Les questions suivantes sont aussi traitées dans le Précis de Correspondance:

Immeubles achetés à tempérament

Les acomptes dus sur les six immeubles, mentionnés dans mes rapports précédents, comme achetés à tempérament, furent versés au cours de l'année, y compris le dernier versement sur le garage Grant à Montréal.

Au 31 mars 1928, les balances suivantes restaient à payer sur les prix d'achat.

Lavut Building, Montréal	$ 25,000, portant intérêts à 7 pour cent.
Daly Building, Ottawa	$300,000, portant intérêts à 6 pour cent.
Wine Vault Building, Ottawa	$ 50,000, portant intérêts à 5½ pour cent.
Caswell Building, Saskatoon	30 paiements mensuels de $225.95 restent à faire.
Westmount Armoury	36 paiements semestriels de $6,312.15 sont encore requis pour éteindre l'hypothèque de $140,000.

Les versements restant à faire sur les deux derniers immeubles comprennent les intérêts.

Outre les intérêts et les paiements réguliers, il fut versé une somme de $208.40 représentants les intérêts sur les paiements en retard.

Mandats du gouverneur général

Antérieurement à 1926-27, quand des fonds pour une dépense urgente n'avaient pas été prévus par le Parlement, mais, conformément aux dispositions de l'article 42, paragraphe (b), de la Loi du Revenu consolidé et de la Vérification, accordés par des mandats spéciaux du Gouverneur en son Conseil, il était de pratique courante en présentant le budget supplémentaire à la session suivante du Parlement, d'y comprendre les montants ainsi obtenus. Ces montants étant alors compris dans les crédits de l'année, il en résultait, à la fermeture de l'année financière, que les parties non employées étaient périmées et automatiquement annulées, comme les balances non employées des crédits réguliers.

Les crédits principaux de 1926-27, présentés au Parlement au mois de décembre 1927, faisaient voir un montant de $80,621,982.82, autorisé par mandats, mais qui n'était pas inscrit à la colonne ayant pour titre "Pour être votés", dont le total était de $64,590,350.74. Ce dernier montant fut en effet voté, alors que celui de $80,621,982.82, autorisé par mandat, ne figura pas dans les crédits parlementaires, ni un autre montant de $50,000, accordé avant que le Parlement ne se réunit.

Les sommes accordées par mandats furent plus que suffisantes pour permettre à certains Ministères de payer les réclamations qui leur furent présentées, et à la fermeture de l'année, le montant de certains de ces mandats n'ayant pas été employé en totalité, le Ministère des Travaux publics demanda au Sous-ministre de la Justice si ces balances étaient encore utilisables. Le Sous-ministre de la Justice fut d'avis que toute balance d'un mandat du Gouverneur général qui n'avait pas été employée, restait disponible, si elle n'avait pas été incluse dans les crédits parlementaires, et jusqu'à concurrence de son montant, des chèques pouvaient être émis sur cette balance.

Comme les mandats du Gouverneur général sont émis pour des dépenses urgentes, non prévues par le Parlement, les balances non employées en restant disponibles, d'après l'opinion ci-dessus du Sous-ministre de la Justice, ne devaient, à mon avis, servir qu'au paiement de dépenses urgentes et de même nature que celles que l'on avait en vue quand ils furent émis et non pas couvrir un dépassement de crédit ou s'ajouter aux appropriations de l'année suivante.

Par suite de l'opinion ci-dessus donnée, je suis d'avis que dans l'intérêt d'un contrôle régulier et d'une bonne comptabilité, des dispositions devraient être prises pour que les parties non employées de ces mandats tombent sous le coup de l'article 49, paragraphe 3 de la Loi du Revenu consolidé et de la Vérification.

Paiements non effectués pendant l'année financière

D'après les rapports de mes chefs vérificateurs, le montant payé pour des dépenses engagées antérieurement au 1er avril 1927, a été d'environ $2,000,000,00, somme à peu près égale à celle des deux années précédentes. Le grand nombre de ces dépenses et l'impossibilité de les séparer de celles engagées au cours de l'année m'empêche de les signaler chacune en particulier, comme le demande l'alinéa (*e*) de l'article 60 de la Loi du Revenu consolidé et de la Vérification.

Balances d'avances non employées

Dans certains Ministères, il était d'usage à la fermeture de l'année financière, de reporter à l'année suivante, les montants non utilisés des avances consenties à leurs employés. Cette pratique ne devrait pas être permise. Toute balance non utilisée devrait être aussitôt reversée pour être créditée à l'année où elle fut consentie, sans cela les dépenses de l'année paraissent supérieures à ce qu'elles sont réellement; ces reversements devraient même être effectués avant que toute nouvelle avance ne soit consentie sur les appropriations de l'année suivante.

A la fermeture de l'année 1926-27, les comptes de fonctionnement du bureau des forêts de Prince-Albert accusaient une balance de $4,279.47, qui eut dû être reversée au crédit du Receveur général. Sur ma demande de renseignements, le Ministère de l'Intérieur me fit savoir que ce montant provenait d'un découvert de $3,529.47, dû par un ancien employé, et d'une avance de $750 faite à un autre fonctionnaire pour ses frais de déménagement. L'enquête conduite par le vérificateur du Ministère fit ressortir un déficit de $4,841.09, qui, dans la suite, fut réduit à $3,529.47. J'ai été prévenu que l'on s'efforçait d'encaisser cette somme, ou tout au moins une partie, mais que l'on conservait peu d'espoir de la recouvrer, l'ancien fonctionnaire en question étant en mauvaise santé et ne touchant qu'un faible traitement.

Achat et frais d'entretien des automobiles

Le total des dépenses pour achats d'automobiles, remises à neuf, réparations, etc., non compris le coût de l'essence et des lubrifiants, a été de $541,926.64, soit une augmentation de $57,537.95, ou près de 12 pour cent, sur 1926-27. Il paraît au "Sommaire général et classification par Ministère des dépenses autorisées", page 136 de ce volume.

Comme cette catégorie de dépenses augmente tous les ans, il est nécessaire de rappeler les remarques que je faisais dans mes rapports précédents sur l'utilité qu'il y aurait à ce que chaque Ministère organisât une méthode de vérification plus systématique et plus effective de ses dépenses pour automobiles, y compris les dépenses courantes, d'entretien, etc.

D'après le principe reconnu que la centralisation permet de réaliser des économies, la création d'une organisation centrale réglementant et surveillant dans tous les Ministères, les achats et la répartition des automobiles permettrait, si elle était instituée, d'établir et de généraliser un mode de contrôle uniforme et complet de cette catégorie de dépenses.

Cautionnements des fonctionnaires publics

La loi des fonctionnaires publics (S.R.C., 1927, ch. 164)—(1) "désigne les classes de fonctionnaires requis de donner des garanties" (art. 5); (2) "autorise le Gouverneur en son Conseil de déclarer que dans tous les cas où la police d'une compagnie de garantie est acceptée, les deniers nécessaires pour en payer la

prime peuvent se déduire du traitement du fonctionnaire" (art. 29); (3) "autorise-le Gouverneur en son Conseil de faire des règlements pour l'établissement et le maintien d'une caisse alimentée de deniers contribuée par les intéressés" (art. 30).

Il semblerait découler de l'interprétation de ces deux derniers articles que les frais de cautionnements doivent être à la charge des fonctionnaires et non à celle du Gouvernement, cependant, à quelques exceptions près, les primes en sont payées sur les fonds publics, et en tant qu'il m'ait été possible de m'en assurer, ne sont en partie remboursées que par les fonctionnaires d'un seul service. Deux Ministères ont obtenu l'autorisation du Parlement pour payer ces primes sur les fonds publics, quelques Ministères y ont été autorisés par des arrêtés du Gouverneur en son Conseil, mais d'autres font ces paiements de leur seule autorité. D'après les dispositions de la Loi des Postes, un fonds de garantie, semblable à celui prévu par l'article 30 de la Loi des fonctionnaires publics, fut maintenu pendant plusieurs années dans le Ministère des Postes et les fonds y sont accumulés à un tel point que, depuis le 1er avril 1919, les fonctionnaires n'ont plus été tenus d'y contribuer.

Par suite du manque d'uniformité dans l'application des articles ci-dessus, et pour faire disparaître tout doute sur leur interprétation, je suggère qu'il serait peut-être utile d'amender la loi pour qu'elle spécifie clairement si ces paiements doivent être faits à même les fonds publics, ou être à la charge des fonctionnaires devant fournir un cautionnement.

Essayerie du dominion—vancouver

L'essayerie du Dominion de Vancouver, ouverte en 1901, avait pour but principal l'achat, l'essai et la revente de l'or provenant des mines de la Colombie Britannique et du Yukon. Pendant quelques années la production de ces mines fut vendue presque en totalité à l'essayerie des Etats-Unis de Seattle, mais depuis le mois de janvier 1918, plus de 90 pour cent du métal traité fut acheté par la succursale de l'Hôtel Royal des Monnaies d'Ottawa.

En 1927-28 les consignations adressées à l'Hôtel des Monnaies d'Ottawa s'élevèrent à $1,825,457.05, sur lesquelles la différence dans les essais occasionna une perte nette de $59.80, alors qu'en 1926-27 il s'était produit un bénéfice de $305.60.

Cette essayerie fut à différentes reprises inspectée par moi et par des fonctionnaires de mon Bureau. En 1926, on fit une vérification complète de ses opérations et des méthodes suivies pour l'achat, l'essai et la vente de l'or. Au cours de l'été de 1928 je me rendis à Vancouver et je constatai que la méthode de comptabilité adoptée depuis ma visite précédente donnait des résultats satisfaisants.

Elections

Au cours de l'année les comptes d'élections payés par mon Bureau se sont élevés à $45,484.83, dont $7,101.59 pour les élections complémentaires de 1927-28 et la balance pour les élections générales ou complémentaires des années précédentes. Dans un cas, l'officier rapporteur fut mécontent de la taxation de son

compte par mon Bureau, et le Directeur Général des élections ne partageant pas mon point de vue, je soumis le cas au Conseil du Trésor, conformément à l'article 77 de la Loi des Elections Fédérales. Le Conseil ayant émis l'opinion que le paiement de la somme demandée était suffisamment justifié, un chèque fut émis en règlement de cette réclamation. (Voir correspondance avec le Conseil du Trésor, page 211.)

Fermes expérimentales

Une seconde inspection de plusieurs des fermes expérimentales de l'Est fut faite au cours de l'année par un de mes vérificateurs qui, devait s'assurer, si mes recommandations d'il y a deux ans avaient été suivies. Je puis faire rapport que d'une façon générale les pratiques auxquelles je m'étais objecté avaient été discontinuées et que dans toutes les fermes visitées, conformément à mes recommandations, l'on avait introduit un mode de comptabilité donnant des résultats satisfaisants.

On a continué, cependant, comme les années précédentes, d'employer en plus des crédits votés par le Parlement, les recettes provenant de la vente des produits agricoles, qui s'élevaient à $125,145.17.

Une autre amélioration qui pourrait être effectuée par le Ministère, serait d'exercer sur les avances qu'il consent aux surintendants des fermes un contrôle analogue à celui des lettres de crédit.

Par suite de la confusion dont fut cause, au cours de ces deux dernières années, le double contrôle des Ministères de l'Agriculture et des Travaux publics, sur les fonds votés au Ministère des Travaux publics, pour remplacements, améliorations, etc., dans les différentes fermes, je crois qu'il serait préférable que le coût de ces travaux soit compris dans le crédit général "Fermes expérimentales".

Durant l'année, y compris les dépenses du Ministère des Travaux publics pour les bâtiments, mais après déduction du montant total des ventes des produits agricoles, le coût net d'exploitation de toutes les fermes, autant qu'il a été possible de l'établir d'après la méthode actuelle de comptabilité, s'est élevé à $1,598,821.65, soit une augmentation de $154,535.15, sur l'année précédente.

Un sommaire des revenus et des dépenses des fermes expérimentales du Gouvernement, paraît à la page 193 de ce volume.

Augmentation uniforme aux employés du service civil

Le crédit 535, de la Loi des Subsides, N° 6, voté au cours de la session de 1927, prévoyait une somme de $2,700,000, pour payer l'augmentation uniforme accordée aux employés du Service Civil. Cette augmentation ayant été recommandée par la Commission du Service Civil, et approuvée par le Gouverneur en son Conseil, sous forme de révision de l'échelle des salaires, ce crédit fut considéré comme faisant partie des crédits réguliers de salaires. Pour faciliter les écritures, les augmentations furent comprises dans les bordereaux mensuels de paie et imputéees aux crédits réguliers, occasionnant dans la plupart des cas, à la fermeture de l'année financière, un dépassement de ces crédits. Aucun Ministère ne tenta d'établir le montant exact résultant de cette augmentation pour l'imputer

au crédit spécial, mais suivant une procédure déjà adoptée auparavant, vira au crédit 535 les montants, qui par suite de l'augmentation, avaient occasionné un dépassement des crédits réguliers.

Il en résulta que le montant de $1,373,731, donné aux pages 35 et 36 de ce volume comme représentant les dépenses engagées en vertu de ce crédit, est de beaucoup inférieur aux dépenses réelles, et celui de $1,326,269, paraissant comme non employé est beaucoup plus élevé que le montant réel qui ne fut pas requis.

Paiement d'intérêts et vérification des obligations remboursées

Comme suite aux remarques que je faisais dans mes rapports précédents sur la vérification du paiement des intérêts de la dette publique, je suis maintenant en état de dire que pour la première fois, à ma connaissance, les chèques émis en paiement des intérêts dus aux porteurs d'obligations nominatives furent vérifiés. De plus, un examen plus complet des coupons d'intérêts remboursés pendant l'année, eut pour résultat une vérification très étendue de cette catégorie de paiements, qui permit d'établir leur concordance avec les balances des différents comptes d'intérêts paraissant au Grand Livre du Dominion et aux Comptes publics de 1927-28. La vérification des paiements d'intérêts, celle des obligations annulées, rachetées, transférées ou échangées fut aussi effectuée.

L'importance de cette vérification, qui ne nécessita qu'un petit nombre d'employées supplémentaires, est démontrée par les chiffres suivants:

Coupons, chèques, obligations, etc., (nombres vérifiés)	—8,470,554
Chèques émis en paiement d'intérêts	$ 42,106,953 74
Coupons d'intérêts, comptés et totalisés	$ 70,445,744 93
Obligations rachetées vérifiées	$117,242,150 00

Imprimeur du roi—Compte d'avances

Dans mes trois derniers rapports, j'attirai l'attention sur ce que la somme de $200,000, pouvant être avancée à l'Imprimeur du Roi, d'après la Loi de l'Imprimerie et de la Papeterie, était insuffisante pour lui permettre de payer ses achats de matériel et le salaire de ses employés, entre la date de réception des commandes et celle de leur paiement par les différents Ministères. D'après l'amendement apporté à cette loi durant la dernière session du Parlement, il est consenti à l'Imprimeur du Roi l'avance des sommes qui lui sont nécessaires, sous condition que le total, après déduction des sommes dues par les deux Chambres ou les différents Ministères, ne soit jamais supérieur à $700,000. (18-19 Geo. V, chap. V.)

A la fermeture de l'année financière, le montant dû par les divers Ministères pour la fourniture d'articles de bureau et les travaux d'imprimerie s'élevait à $194,276.01, et celui résultant des inventaires à $521,244.78. Toutefois, avant l'arrêt définitif des comptes, on effectua des passations d'écriture pour créditer les comptes de 1927-28 et débiter ceux de 1928-29, du montant de l'inventaire, ramenant ainsi à $194,276.01, les balances débitrices paraissant au Bilan.

En 1926-27, le montant des travaux d'imprimerie, de lithographie, etc., exécutés par des firmes de l'extérieur, mais sur les ordres de l'Imprimeur du Roi,

avait été de $249,193.06; il fut en 1927-28 de $356,901.73, soit une augmentation de plus de 40 pour cent.

A la fermeture des comptes de l'année, les montants dus à l'Imprimeur du Roi par les différents Ministères s'élevaient à $194,276.01, soit une augmentation de $147,037.14, sur 1926-27, qui indiquerait que les Ministères ne paient pas assez promptement leurs comptes mensuels. Je suis d'avis que ces comptes devraient être payés avec le moins de retard possible, afin d'être compris dans les dépenses de l'année à laquelle ils appartiennent.

On trouvera dans le volume II, partie T, pages 8 à 14, le développement des comptes d'avances à l'Imprimeur du Roi et les états financiers s'y rapportant paraissent, pages 162 et 163 de ce volume.

Une vérification des comptes-matières et des stocks disponibles au 31 mars 1928, fut faite comme le demande la Loi de l'Imprimerie et de la Papeterie, et bien que d'une manière générale, les résultats en fussent satisfaisants, j'eus cependant occasion d'attirer l'attention sur plusieurs points qui font actuellement l'objet d'une correspondance avec ce Département.

Je signalais dans mon dernier rapport certaines différences entre les comptes-matières et les stocks disponibles, différences recherchées par l'Imprimeur du Roi, et dont l'une était due à ce que des toiles d'une valeur de $540, ne pouvaient être retracées. J'ai été prévenu par l'Imprimeur du Roi que l'absence prolongée, par suite de maladie, du surintendant de la papeterie n'avait pas permis de terminer cette enquête.

Comptes de colonisation

Les activités croissantes de la Commission d'établissement des soldats l'ayant obligée, au cours de l'année, d'ouvrir en plus des sept comptes paraissant déjà au Grand Livre du Dominion, un nouveau compte intitulé "Compte provisoire de replacement des soldats sur des terres", une reclassification de ces comptes devint nécessaire. A la suite d'une conférence à laquelle assistaient des représentants de la Commission, des fonctionnaires du Ministère des Finances et de mon Bureau, ces comptes furent ramenés à six qui sont:—

Compte N° 1: Prêts pour l'établissement des soldats colons; où paraissent les prêts consentis aux soldats colons.

Compte N° 2: Prêts pour établissement sur des terres en général; où sont inscrits les prêts consentis aux colons, conformément aux dispositions du Plan des 3,000 familles ou autres plans similaires de colonisation.

Compte N° 3: Etablissement sur des terres, achats de terres; où paraissent les achats de terres et les ventes des terres provenant d'achats.

Compte N° 4: Fonds de garantie de l'établissement des soldats sur des terres; où sont inscrites les ventes des terres ne provenant pas d'achats.

Compte N° 5: Compte provisoire d'établissement sur des terres; où paraissent les recettes, de quelque source qu'elles proviennent, devant être déboursées au nom de chaque colon.

Compte N° 6: Avances au Gouvernement britannique pour l'établissement sur des terres; où paraissent les avances consenties aux colons, et devant être remboursées par le Gouvernement britannique conformément au Plan d'établissement des 3,000 familles.

Le sommaire des transactions de chacun de ces comptes, paraît aux pages 168 à 170 de ce volume.

Prêts pour l'établissement des soldats colons.—Au cours de l'année une somme de $64,327.91, fut virée de ce compte au Fonds consolidé; sur ce montant, $3,240.16, provenaient de réductions sur la valeur des bestiaux fournis aux soldats colons, telles qu'autorisées par le Chapitre 53 des Statuts de 1925, et $61,087.75 de la réévaluation des terres, autorisée par le Chapitre 68 des Statuts de 1927. Le montant total des réductions sur la valeur des bestiaux s'est élevé à $2,924,303,07, entre les années 1926-27 et 1927-28, et je comprends, qu'à part quelques minimes ajustements, ces réductions seront les dernières.

La somme totale reçue des soldats colons au cours de l'année a été de $4,068,457.94, dont $2,025,842.80 représentaient les intérêts sur avances, laissant disponible pour le remboursement du capital une somme de $2,042,615.14. Le montant total chargé aux soldats colons, à titre de prêts, fut de $1,456,156.11, y compris $704,609.23, dépensés pour remettre en état les fermes abandonnées et y réinstaller des colons.

Le total en capital dû par les colons par suite de prêts s'élevait au 31 mars 1928, à $77,906,181.76, contre $80,760,189.59, au 31 mars 1927, soit une réduction de $2,854,007.83, s'établissant comme suit:—

Réduction sur la valeur des bestiaux	$	3,240 16
Réduction provenant de la réévaluation des terres		61,087 75
Valeur des terres transférées au compte d'établissement sur des terres en général		2,203,220 89
Excédent des remboursements de capital sur les montants des prêts		586,459 03
		2,854,007 83

Le Ministre des Finances, au cours de la dernière session du Parlement, déclara que la réévaluation des terres serait probablement cause d'une perte de $8,000,000, à laquelle viendrait s'ajouter un nouveau déficit de $6,000,000, résultant des ventes par la Commission, de bétail, de matériel, et des terres reprises.

En prévision de ces pertes, sur le montant donné comme dû par les soldats colons à la fin de l'année financière, $13,935,672.09, ont été portés aux Comptes publics dans la seconde partie du Bilan, au chapitre "Divers et autres comptes, Inactifs" (Appendice L).

Plan des 3,000 familles.—Les comptes de ce Plan, pour l'année terminée le 31 mars 1928, furent vérifiés sous ma direction. Les remarques auxquelles donna lieu cette vérification ont été transmises au Ministère, ainsi que mon rapport qui fût envoyé au Secrétaire d'Etat de Sa Majesté.

L'état sommaire ci-dessous fait voir, au 31 mars 1928, les sommes avancées par le Canada aux immigrants britanniques, conformément aux dispositions de ce Plan, depuis sa mise en vigueur en 1926.

—	1925–26	1926–27	1927–28	Total
Valeur des terres originairement occupées par des soldats colons et transférées aux immigrants	$ 1,150,443 48	$ 2,640,553 42	$ 2,203,220 89	$ 5,994,217 79
Valeur des terres achetées et vendues aux immigrants sous forme de prêts	16,013 70	43,938 13	27,105 92	87,057 75
Avances spéciales en argent	1,815 56	5,760 38	20,982 86	28,558 80
	1,168,272 74	2,690,251 93	2,251,309 67	6,109,834 34
Moins—Remboursements par les immigrants	735 49	14,055 71	31,974 67	46,765 87
	1,167,537 25	2,676,196 22	2,219,335 00	6,063,068 47

D'après le rapport de la Commission d'établissement des soldats, sur les avances consenties pour achat de bétail, de matériel agricole ou de terres, 64.3 pour cent des montants échus le 31 octobre 1927, avaient été payés le 31 mars 1928, et depuis cette date de nouveaux remboursements furent effectués.

Secours pour frais de traversée.—Le Ministère de l'Immigration et de la Colonisation n'ayant pas encore modifié sa comptabilité des écritires de ce compte, conformément à mes recommandations, il n'en a pas été fait de nouvelle vérification, depuis celle mentionnée dans mon rapport de 1926-27. La vérification courante des recettes et des déboursés de l'année fut toutefois faite dans mon Bureau. Un état du "Compte des prêts pour frais de traversée" paraît à la page 149 de ce volume.

Ferme de " Vimy Ridge " pour jeunes gens. — Le Gouvernement Impérial, le Dominion du Canada et la province d'Ontario conclurent une entente pour l'exploitation de cette ferme où la province d'Ontario devait recevoir des enfants venus du Royaume-Uni et s'occuper d'eux à leur sortie. Au cours de l'année, 253 enfants y furent reçus et restèrent au Canada. Un montant de $5,000, représentant la contribution du Gouvernement pour la première année de fonctionnement de cette ferme, fut payé à la province et imputé au crédit "Etablissement impérial".

En 1927-28, après déduction des reversements effectués par le Gouvernement Impérial, les dépenses totales du Canada pour les " Projets de colonisation " se répartissent comme suit:—

MINISTÈRE DE L'IMMIGRATION ET DE LA COLONISATION:—		
Etablissement Impérial, secours pour frais de traversée—		
Gestion	$ 77,107 95	
Allocations	555,611 68

FRAIS JUDICIAIRES ET DÉBOURSÉS, Y COMPRIS LES FRAIS TAXÉS

L'état habituel donnant le montant des frais judiciaires payés au cours de l'année, paraît aux pages 176 à 183 de ce volume. Il ressort du tableau comparatif ci-après qu'en 1927-28 ces frais furent de $328,993.61, soit une diminution de $56,963.45, sur 1926-27.

—	1927-28	1926-27	Diminution
Frais judiciaires et déboursés	$ 318,639 90	$ 373,707 18	$ 55,067 28
Frais taxés	10,353 71	12,249 88	1,896 17
	328,993 61	385,957 06	56,963 45

Les frais judiciaires payés par onze Ministères accusent une augmentation globale de $61,766.36 sur 1926-27, dont la plus importante, s'élevant à $46,863.38, se produisit au Ministère du Revenu National et résulta des poursuites engagées pour contraventions aux lois des revenus, ou de retards dans le paiement de l'impôt sur le revenu. Les autres Ministères, par contre, font voir une diminution totale de $118,729.81, due en grande partie, à ce que les forts paiements nécessités par l'enquête sur les douanes, le jugement des Esquimaux meurtriers, l'enquête sur l'élection de l'Athabasca et les appels au Conseil Privé Impérial ne se reproduisirent pas en 1927-28.

PRÊTS, SUBVENTIONS, ALLOCATIONS, ETC.

Aux pages 174 à 176 de ce volume paraît un état des prêts, subventions et allocations payés pendant l'année. Bien qu'il se produise chaque année de fortes différences entre chacun de ces item, leur montant total fut en 1927-28 de $33,816,426.24, soit une somme à peu près égale à celle payée en 1926-27.

Je puis encore faire rapport que, depuis l'an dernier, de nouveaux progrès ont eu lieu dans le paiement non autorisé d'allocations non sujettes à ma vérification, et bien que quelques-unes aient encore été imputées à des crédits généraux ne les mentionnant pas, leur nombre a été beaucoup moindre qu'en 1926-27.

SECOURS AUX DÉPOSANTS DE LA "HOME BANK"

Les dépenses autorisées par la "Loi pour venir en aide aux créanciers de la "Home Bank", 1925" se répartissent comme suit:—

—	Dépenses en 1927-28	Total des dépenses au 31 mars, 1928
Avances aux liquidateurs pour être distribuées conformément aux dispositions de la loi	$ 200,000 00	$ 2,950,000 00
Avances à l'Hon. A. K. MacLean, commissaire, pour dépenses	5,000 00	30,000 00
Murphy et Donald, avocats, Toronto, honoraires	32 55	2,891 05
	205,032 55	2,982,891 05

Sur les $3,000,000, autorisés originairement par la loi, il restait, au 31 mars 1928, une balance disponible de $17,108.95.

Durant 1927-28 les liquidateurs ne m'ont transmis aucun état ou pièces justificatives et, au 31 mars 1928, la balance dont il leur restait à rendre compte s'élevait à $2,048,470.66. Je comprends que cette balance a été employée au paiement des réclamations de $500 ou plus, et que les états et les pièces justificatives de ces paiements ne seront produits qu'après que toutes les réclamations auront été approuvées par le Commissaire. Le montant autorisé par la loi ayant été insuffisant pour payer toutes les réclamations, la loi des crédits de 1928 accorda une nouvelle somme de $460,000, qui semble devoir être suffisante pour le règlement de toutes les réclamations encore impayées.

En 1927-28, le Commissaire ne m'a pas transmis d'état de ses dépenses, et à la fermeture de l'année, il lui restait à rendre compte d'une somme de $15,741.04.

Fonds d'amortissement

Conformément aux clauses des émissions d'emprunt, des fonds d'amortissement sont maintenus pour les emprunts ci-après émis à Londres: Emprunt 3½%, 1909-1934; emprunt 3½%, 1930-1950; emprunt 4%, 1940-1960. Tous les placements au crédit de ces fonds d'amortissement sont faits par la Banque de Montréal, Londres, Angleterre, qui a également les valeurs en dépôt.

Au cours de l'année, les montants suivants furent versés au crédit de ces fonds:—

Contribution annuelle de ½ pour cent sur le montant des emprunts	$ 1,272,263 60
Intérêts sur placements faits aux fonds d'amortissement	1,582,054 97
Total	2,854,318 57

Sur ce montant, $2,845,589.55 furent placés en obligations du Dominion, d'une valeur au pair de $3,418,685.69, achetées à un escompte de $573,096.14 (voir volume II, page F-4). Dans les Comptes publics et dans ce rapport (volume II, page F-13), la somme de $3,418,685.69, dont se sont accrus les fonds d'amortissement, représente la valeur au pair du prix d'achat des obligations et non le prix réellement payé, le montant de l'escompte ayant été crédité aux revenus de l'année courante.

Les valeurs et l'argent liquide au crédit des fonds d'amortissement, créés à la suite du premier emprunt de guerre, et déposés à la Banque de Montréal, à 1927.

Les valeurs et l'argent liquide au crédit des fonds d'amortissement créés à la suite du premier emprunt de guerre et déposés à la Banque de Montréal, à Montréal, sont les suivants:—

	31 mars 1928	1er avril 1927	Augmentation
Obligations de l'emprunt de guerre, 1916–1931	$ 799,300 00	$ 799,300 00

Service spécial de surveillance

Les dépenses du service spécial de surveillance, qui n'étaient que de $244,308.16 en 1926-27, se sont élevées à $1,048,433.03, en 1927-28, soit une augmentation de $804,124.87, démontrant l'importance actuelle de ce service.

La méthode de contrôle de ces dépenses fut modifiée au cours de l'année, et les changements importants qui y furent apportés ne peuvent qu'être approuvés. Autrefois, les paiements étaient faits par le chef du service de surveillance, à même

des avances qui lui étaient consenties de temps en temps, tandis que, maintenant, ils sont faits par le comptable en chef sur les fonds des lettres de crédit du Ministère, donnant ainsi à ce fonctionnaire le contrôle direct de tous les paiements.

Par suite de l'importance croissante de cette branche du service des douanes, il a paru opportun cette année, de donner dans ce rapport plus de détails sur ces dépenses qu'il n'était d'usage de le faire précédemment. Le développement en paraît dans le volume II, partie R, pages 117 à 128.

Subventions aux provinces

En attendant une révision générale des subventions accordées aux provinces, la Nouvelle-Ecosse, le Nouveau-Brunswick et l'Ile du Prince-Edouard touchèrent, en plus des subventions statutaires régulières, les montants prévus par le crédit 526 de la Loi des Subsides, N° 6, 1927-28. A la page 20, partie F, volume II de ce rapport, on trouvera sous le titre "Allocations diverses", le détail de ces paiements.

Comme dans mes trois derniers rapports, je veux encore attirer l'attention sur une somme de $468,750 qui fut versée en trop à la province d'Alberta à titre de subvention, et, en tant qu'il m'ait été possible de m'en assurer, n'a pas encore été reversée.

Dépenses imprévues

Au cours de l'année, une somme totale de $131,032.65, fut dépensée à même le crédit de $135,000, voté pour "Dépenses imprévues", soit une augmentation de $106,427.34, sur l'année précédente.

Conformément aux termes du crédit, toutes ces dépenses furent dûment autorisées par le Gouverneur en son Conseil, sur la recommandation du Conseil du Trésor. Le développement de ces dépenses par Ministère, paraît à la page 36 de ce volume.

Loi des grandes routes du Canada

En vertu des dispositions de cette loi et des amendements qui y furent apportés, la période durant laquelle des subventions pouvaient être payées expirait le 31 mars 1928, et, à cette date, la totalité des subventions accordées aux différentes provinces avait été payée en totalité comme suit:

Ile du Prince-Edouard	$ 603,455 00
Nouvelle-Ecosse	1,468,720 00
Nouveau-Brunswick	1,163,845 00
Québec	4,748,420 00
Ontario	5,877,275 00
Manitoba	1,602,265 00
Saskatchewan	1,806,255 00
Alberta	1,477,810 00
Colombie Britannique	1,251,955 00
Total	20,000,000 00

Les dépenses au cours de 1927-28 s'élevèrent à $1,224,395.75. On en trouve le détail dans le volume II, partie W, pages 23 à 27, Ministère des Chemins de fer et Canaux.

Commissions des monuments commémoratifs sur les champs de bataille

Les pièces justificatives des dépenses nécessitées par l'érection de ces monuments ayant été soumises à ma vérification, je fis remarquer au Ministère que l'architecte avait omis d'approuver les paiements, comme le demandent les termes du contrat. Je fus prévenu qu'il n'était pas en position de certifier les comptes, mais que les certificats nécessaires étaient fournis par l'ingénieur en chef, qui était responsable de toutes les dépenses et était chargé de leur paiement.

En 1927-28, les dépenses s'élevèrent à $183,067.12. On en trouvera un état détaillé dans le volume II de ce rapport, page Q—71. Au 31 mars 1928, les dépenses totales s'élevaient à $1,299,440.25, y compris les paiements effectués avant que cette Commission ne fut créée. Sur cette somme, $17,000 (Fr. 303,904.04), devant être employée au reboisement de la crête de Vimy, furent déposés à la succursale de la banque de Montréal, à Paris, au crédit de l'Inspecteur des Eaux et Forêts. Au 1er décembre 1927, comme on le verra à la page 160 de ce volume, il restait en banque sur cette avance une somme de Fr. 85,310.95.

"Canadian co-operative fish publicity fund"

Je signalais dans mon rapport de 1925-26 (vol. I, page l), qu'une vérification des comptes du "Canadian Co-operative Fish Publicity Fund", avait établi, qu'au 31 octobre 1925, l'encaisse était de $458.84. Le Ministère m'a informé que cette somme fut depuis employée à payer les frais d'une campagne de publicité.

Jubilé de diamant de la confédération

Conformément aux dispositions de la "Loi du Jubilé de diamant de la Confédération, 1927", la vérification de tous les comptes du Comité National, depuis le jour de sa formation jusqu'au 31 décembre 1927, fut effectuée sous ma direction. Les recettes totales se sont élevées à $254,838.51, y compris la subvention de $250,000, accordée par le Gouvernement fédéral, et les déboursés à $186,189.62, laissant au 31 décembre 1927, une balance disponible de $68,648.89, sur laquelle restaient à payer des comptes pour un montant d'environ $55,858.66. La vérification des comptes de ce Comité sera complétée aussitôt qu'un état final des déboursés m'aura été communiqué. A la page 197 de ce volume, paraît un état sommaire des recettes et des déboursés jusqu'au 31 décembre 1927.

Outre les sommes dépensées par le Comité National, plusieurs Ministères ayant pris part à des célébrations locales du Jubilé en payèrent les dépenses à même leurs crédits réguliers. On trouve, ci-dessous, une liste de ces paiements,

autant qu'il ait été possible de les déterminer, au cours de la vérification des comptes de crédit:—

Gouverneur Général (subvention pour dépenses du)	$ 5,000 00
Ministère de l'Intérieur	378 00
Ministère du Revenu National	2 60
Ministère des Postes	1,837 63
Ministère des Travaux Publics	49,989 44
Ministère du Commerce	1,966 71
Total	59,174 38

Commission du district fédéral

Aux pages 143 et 144 de ce volume, paraît un état détaillé des recettes et des déboursés en 1927-28 de la Commission du district fédéral qui remplaça la Commission d'embellissement d'Ottawa, et à la page 146, un sommaire de ces déboursés, ainsi que de ceux de la Commission d'embellissement à dater de sa formation. On voit d'après le premier de ces états que durant l'année les déboursés dépassèrent les recettes de $295,008.12, occasionnant à la fermeture de l'année un découvert en banque de $291,894.99.

D'après l'article 14 de la loi, la Commission doit soumettre au Ministère des Finances un état détaillé des dépenses projetées, et aucune de celles-ci ne doit être engagée avant d'avoir été approuvée par le Gouverneur en son Conseil. Un projet des dépenses pour l'année se montant à $499,275, fut présenté par la Commission et approuvé par un arrêté en Conseil du 9 septembre 1927. Les dépenses totales ayant été de $621,647.32, dépassèrent d'un si fort montant les crédits autorisés, que j'ai jugé opportun de donner un état (page 145, volume I), indiquant à côté des montants autorisés pour les différents travaux ceux qui furent dépensés. Un arrêté en Conseil du 30 juin 1928 autorisa le Ministère des Finances à verser à la Commission, en plus de la subvention annuelle, une somme additionnelle de $800,000, pour lui permettre de faire face aux dépenses de 1928-29, et de rembourser le montant dû à la banque le 31 mars 1928.

"Loi d'indemnisation des employés de l'état"

Le titre ci-dessus est celui donné dans les Statuts Revisés du Canada, 1927, à la loi, que dans mes rapports précédents, je citais sous le nom de "Loi des accidents du travail", vol. I, page lxv, 1926-27.

Un arrêté en Conseil du 30 juin 1927 nommait une Commission comprenant le directeur général de la division de l'Atlantique des Chemins de fer nationaux du Canada et le surintendant des chemins de fer de l'Ile du Prince-Edouard, avec mission de s'occuper dans l'Ile du Prince-Edouard des réclamations présentées par des employés du Gouvernement. Au cours de sa dernière session, la Législature de Québec nomma dans cette province un Bureau ou Commission, chargé de fixer le montant de l'indemnité en cas de différends, mais sans pouvoirs pour la payer. La province de la Saskatchewan n'a pas encore nommé de Commission.

En 1927-28, le total des dépenses engagées en vertu des dispositions de cette loi s'est élevé à $378,387.36, dont environ 80 pour cent fut fixé par les Commissions provinciales. Le développement de ces dépenses est donné dans le volume II de ce rapport, partie W, pages 17 à 22.

En plus des vérifications habituelles de dépenses faites dans mon Bureau mes vérificateurs firent, au cours de l'année, des inspections locales dans les bureaux des Commissions du Manitoba et de l'Alberta.

Commission impériale des tombes militaires

Le montant de $573,419.48, donné à la page Q. 72, du volume II de ce rapport, représente, au cours de l'année, les dépenses de la Commission Impériale des tombes militaires. Il est inférieur de $360.52, au montant du crédit voté ($573,780), comme quote-part du Canada dans ces dépenses et dans celles de la création d'un fonds d'entretien.

Commission sur les pêcheries internationales

Cette commission fut formée en 1924-25, conformément aux dispositions de la "Loi pour protéger la pêche du flétan dans le Pacifique septentrional" (Chap. 75, art. 4, S.R.C., 1927). A la fermeture de l'année financière 1927-28, les dépenses communes des gouvernements du Canada et des Etats-Unis, depuis la formation de cette Commission, se résumaient comme suit:—

Années	Dépenses	Remboursements par les E.-U.
1924–25	$ 1,462 79	$ 731 39
1925–26	28,247 38	14,123 69
1926–27	50,746 80	25,373 40
1927–28	55,422 49	24,239 55
	135,879 46	64,468 03

La somme de $3,471.70, représentant au 31 mars 1928, la balance de la moitié des dépenses communes dues à cette date, par le Gouvernement des Etats-Unis, fut reçue en juin 1928 et portée au crédit du revenu casuel de 1928-29.

Commission d'utilisation du lignite

Cette commission fut créée par un arrêté en Conseil du 22 août 1918. Les fonds nécessaires furent fournis par le Gouvernement du Dominion qui versa à la Commission une subvention de $200,000 et par ceux du Manitoba et de la Saskatchewan qui lui versèrent chacun une somme de $100,000. D'autres arrangements conclus dans la suite, prévoyaient de nouvelles subventions par chacun des trois Gouvernements. En 1922, le Manitoba retira son appui financier à la Commission.

Des propriétés furent louées et les usines et les bâtiments nécessaires construits à Bienfait, Saskatchewan. Les expérimentations terminées, le Gouverneur en son Conseil approuva une entente conclue entre la Commission et G. G. Ashwin, transférant à ce dernier pour le prix nominal de $1.00, les bâtiments, l'usine, les machines et le matériel.

J'ai vérifié les dépenses de la Commission depuis sa formation, et chaque année, un état de ses recettes et de ses déboursés figure dans mon rapport. Le compte de caisse de 1927-28, paraît à la page 158 de ce volume.

Le tableau suivant est un état sommaire des recettes et des déboursés de la Commission, depuis sa formation jusqu'au 31 mars 1928.

Dominion du Canada	$ 535,000 00

J'ai été prévenu, qu'en plus de la balance liquide ci-dessus, il restait une automobile et quelques meubles de bureau, qui, à mon avis, devraient être vendus conformément aux clauses de l'entente conclue entre le Gouvernement fédéral et les gouvernements provinciaux intéressés.

Pensions de vieillesse

Conformément aux dispositions de la Loi sur les pensions de vieillesse, 1927, le Gouvernement fédéral a, durant l'année, remboursé à la Colombie-Britannique une somme de $131,452.01 représentant, au 31 mars 1928, sa quote-part sur les paiements de pensions faits par cette province. Le Ministère du Travail m'a informé qu'il faisait vérifier à Vancouver, tous les chèques émis pour s'assurer qu'ils ne l'étaient qu'en faveur de personnes rentrant dans les catégories prévues par la loi (voir Précis de Correspondance, page 234).

Je fis faire dernièrement une vérification des méthodes de comptabilité adoptées dans la Colombie-Britannique et la Saskatchewan pour le paiement de ces pensions, et je communiquerai, sous peu, au Ministère mes remarques à ce sujet. Je me propose à l'avenir de faire de temps à autre des vérifications locales de ces paiements.

Yukon: Comptes du gouvernement fédéral

D'après les documents qui m'ont été communiqués, je donne sous forme de tableau, à la page 200 de ce volume, un état aussi exact que possible des revenus et des dépenses des divers Ministères dans le Territoire du Yukon au cours des trois dernières années. Il ressort de cet état que les dépenses totales furent

de $731,095.39 en 1927-28, soit une augmentation sur l'année précédente de $129,448.44, due principalement à ce que les dépenses des travaux publics furent plus élevées d'environ $115,000. Les revenus furent de $245,095.97, en 1927-28, soit une diminution de $4,985.47 sur 1926-27. Les dépenses qui en 1926-27, avaient été de $351,565.51 plus élevées que les recettes, le furent de $485,999.42 en 1927-28.

Les montants des dépenses de 1925-26 et 1926-27, paraissant dans les états de cette année, diffèrent de ceux donnés dans mon dernier rapport, les item suivants qui n'y étaient pas compris l'étant cette année.

1925-26 — Législation, Dépenses électorales, $6,392.36; Territoire du Yukon, Successions non réclamées, $131.72.
1926-27 — Affaires indiennes, éducation, dépenses, $19,886.75.

La forte augmentation que l'on constate sur les années précédentes dans les revenus et les dépenses des Travaux publics, est due, à ce qu'en 1925-26 et 1926-27 il n'a pas été reçu un état séparé des revenus des réseaux télégraphiques du Yukon, et que les recettes et les déboursés indiqués pour ces deux années, ne représentent que les montants fournis par chacun des bureaux du Territoire. Ayant pu en 1927-28, obtenir des informations détaillées, le montant total des recettes et des déboursés des lignes du Yukon, pendant l'année, a pu être établi. Il ne fut pas possible de faire une répartition exacte des transactions entre la Colombie-Britannique et le Yukon, et les chiffres paraissant aux Travaux publics, ne sont qu'approximatifs.

Comptes du territoire du Yukon

On voit, d'après les états comparatifs détaillés des comptes du Territoire du Yukon, paraissant aux pages 201 à 205 de ce volume, que les dépenses ordinaires ont excédé de $167,257.63, les revenus perçus en vertu des ordonnances du Yukon. Si l'on déduit de ce déficit, une somme de $50,000, représentant la plus grande partie des bénéfices de 1927-28, paraissant dans les livres de comptes de la vente des liqueurs, virés au compte d'administration générale, et aussi la subvention de $115,000 du Gouvernement fédéral, il reste encore un déficit net de $2,257.63.

Malgré les recommandations de mon rapport précédent, on continue de payer les achats de liqueur par des découverts en banque, portant intérêt à 9%, et à virer au compte général du Territoire le produit net des ventes au lieu de l'employer au remboursement de ces prêts temporaires. Cependant, le découvert en banque qui était de $110,200.28, fut réduit à $81,056.77, par suite apparemment, d'une liquidation partielle du stock de liqueurs en magasin, qui l'année précédente, était de $114,371.15, et, au 31 mars 1928, n'était plus que de $85,475.45, soit une diminution de $28,895.70. Ceci démontre que, durant l'année, on a tenté de louables efforts pour réduire ce stock accumulé auparavant en si grande quantité.

Depuis mon dernier rapport, un de mes inspecteurs fit sur place une seconde vérification et je transmis des observations détaillées sur ces comptes au Ministère, qui donna toute son attention aux points que je lui signalai. Il nomma comme Commissaire de l'or du Yukon, un fonctionnaire compétent qui fut chargé des affaires de Dawson. Ce dernier étudia en détails les faits signalés par moi, et je comprends, qu'en temps opportun, il effectuera les changements nécessaires

dans l'administration du Yukon. Un des principaux fonctionnaires du Ministère s'est en outre rendu au Yukon, au cours de l'été dernier, pour y étudier sur place la situation.

Par suite des mesures déjà prises par le Ministère de l'Intérieur, je ne doute pas qu'il fasse toutes les améliorations que nécessitent les importants changements survenus dans le Yukon, depuis l'organisation de ce territoire.

DÉPENSES EN CAPITAL

Les dépenses en capital de l'année, ainsi que les montants crédités comme recouvrements sur celles des années antérieures, sont données dans le tableau ci-dessous, qui indique aussi les pages du volume II où en paraît le développement:—

Ministère	Volume II pages	Dépenses	Recouvrements	Dépense nette
Marine et Pêcheries	O—70	$ 2,017,464 39	$ 110,711 27	$ 1,906,753 12
Travaux Publics	V—137	1,374,412 74	68 75	1,374,343 99
Chemins de fer et Canaux	W—57	18,184,987 32	830,436 58	17,354,550 74
		21,576,874 45	941,216 60	20,635,647 85

En 1926-27, ces montants étaient les suivants: Dépenses, $20,056,953.99; Recouvrements, $498,251.36; Dépenses nettes, $19,558,702.63.

J'attirai précédemment l'attention, comme je le fais encore dans un autre chapitre de ce rapport, sur le paiement annuel de $50,000, dû par la "Halifax Shipyards Limited", pour l'achat du bassin de radoub d'Halifax. Je suis d'avis que ces paiements, au lieu d'être portés au revenu casuel, devaient être crédités au capital comme recouvrement de dépenses des années antérieures.

Bien qu'il n'existe aucune ligne de démarcation bien définie entre les dépenses en capital et les dépenses ordinaires, j'ai à différentes reprises remarqué certaines dépenses qui, à mon avis, au lieu d'être chargées aux dépenses de capital, devraient l'être aux dépenses ordinaires comme, par exemple, l'argenterie, les cristaux et les porcelaines achetés pour les appartements du Président du Sénat et qui furent imputés au crédit "Edifices du Parlement, Ottawa, Capital".

Comme je l'ai déjà mentionné dans mes rapports précédents, je suis toujours d'avis qu'il serait désirable de faire une révision des valeurs en capital paraissant au Bilan du Dominion, et que périodiquement, il devrait être dressé un état établissant la valeur ou le coût des différentes propriétés de la Couronne.

Chemin de fer de la Baie d'Hudson

La vérification des dépenses de ce chemin de fer fut faite tant dans mon Bureau que sur place. Comme il put être constaté au cours de la seconde inspec-

tion locale qui fut faite dernièrement, les remarques et les recommandations adressées au Ministère des Chemins de fer et des Canaux en 1927 furent suivies d'améliorations qui aplanirent certaines difficultés rencontrées au cours de cette première inspection.

Au 31 mars 1927, les dépenses totales en capital du chemin de fer de la baie d'Hudson, y compris les terminus, telles que données dans les Comptes publics de 1926-27, appendice "F" du Bilan, s'élevaient à $23,556,585.46. Au cours de l'année on dépensa une nouvelle somme de $3,883,026.16, en même temps que l'on recouvrait sur les dépenses des années antérieures une somme de $328,523.05, portant au 31 mars 1928, le montant total dépensé à $27,111,088.57. Le détail des dépenses de 1927-28 est donné dans le volume II, partie W, pages 57 à 61.

Canal de navigation Welland

Le montant des dépenses de construction s'est élevé au cours de l'année à $14,188,495.28, duquel il faut déduire $465,569.53, de recouvrements sur les dépenses des années précédentes, laissant à imputer sur les crédits de l'année une somme nette de $13,722,925.75. Au 31 mars 1928, le coût total des travaux du canal était de $90,301,956.55. Le détail des dépenses pour 1927-28 paraît dans le volume II, partie W, pages 62 à 69, Ministère des Chemins de fer et Canaux.

VÉRIFICATION DES COMPTES MATIÈRES

D'après les inventaires que m'ont transmis les différents Ministères la valeur des matières disponibles, y compris les produits terminés ou en cours de fabrication dans les divers ateliers du Gouvernement, (à l'exception de ceux de la Défense Nationale) était de $5,040,794.69, soit une diminution de $971,798.50 sur l'année précédente. La comparaison entre les deux années s'établit comme suit:

—	1927-28	1926-27	Augmentation	Diminution
Affaires Indiennes	$ 58,368 99	$ 59,160 45		$ 791 46
Intérieur (Parcs nationaux)	47,219 79	43,504 85	$ 3,714 94	
Marine et Pêcheries	1,016,553 37	1,124,113 32		107,559 95
Mines	76,362 72	75,443 06	919 66	
Pénitenciers	500,676 71	1,648,726 04		1,148,049 33
Postes	1,505,856 88	1,237,626 26	268,230 62	
Imprimerie et Papeterie	521,244 78	507,921 30	13,323 48	
Travaux publics	178,121 60	145,411 82	32,709 78	
Chemins de fer et Canaux	442,761 45	464,999 67		22,238 22
Gendarmerie royale à cheval	298,749 40	367,184 52		68,435 12
Rétablissement des soldats	394,879 00	338,501 90	56,377 10	
	5,040,794 69	6,012,593 19	375,275 58	1,347,074 08

La forte diminution que l'on remarque entre les deux années, principalement dans les pénitenciers, provient en grande partie du fait que le matériel d'exploitation et l'outillage en usage dans les divers pénitenciers et autres services, d'une valeur de plus de $1,000,000, figurait par erreur dans les inventaires précédents et n'y est pas porté cette année.

Le Ministère de la Défense Nationale m'a communiqué des inventaires certifiés, donnant la valeur des matières de l'arsenal du Dominion, du Collège Militaire Royal, du Service Naval et de l'Aéronautique Royale, mais pour les mêmes raisons que celles données dans mes rapports précédents, les inventaires des divers magasins militaires ne portent aucune valeur.

Le Ministère des Travaux publics m'a également communiqué un état n'indiquant pas la valeur des œuvres d'art dont, soit par achat ou dons, s'est enrichie la Galerie Nationale du Canada.

Conformément à la Loi de l'Imprimerie et de la Papeterie, la vérification annuelle des matières et des écritures de l'Imprimerie du Roi fut faite jusqu'au 31 mars; il en est fait mention à la page lxvi de ce volume.

J'attirai l'attention de l'Imprimeur du Roi sur la différence existant entre le montant des ventes donné en 1926-27, par le service de la distribution et celui crédité cette année-là au revenu casuel. Il me fit savoir que cette différence était actuellement l'objet de recherches, et que l'on étudiait les moyens d'établir un contrôle plus effectif sur ce service.

Conformément à la Proclamation Royale les ayant prescrites, les vérifications bisannuelles du numéraire et des lingots se trouvant à la succursale de l'Hôtel Royal des Monnaies d'Ottawa, furent faites conjointement par des fonctionnaires du Ministère des Finances et de mon Bureau et les résultats communiqués au Sous-directeur de la Monnaie.

Dans mon dernier rapport, je mentionnai tout particulièrement un magasin où des matières d'une valeur de plus de $400,000, n'étaient pas gérées d'une manière satisfaisante. Le Ministère concerné m'a prévenu que, conformément à mes recommandations, des mesures ont été prises pour installer dans ce magasin une méthode plus systématique de comptabilité-matières; d'autres questions importantes, impliquant le principe du contrôle parlementaire font, toutefois, encore l'objet d'un échange de vues.

Durant l'année, et même tout récemment, mes inspecteurs vérifièrent les inventaires et la comptabilité-matières de magasins dont certains n'avaient pas encore été inspectés. Dans plusieurs d'entre eux il fut constaté une amélioration continue dans les méthodes de comptabilité et de préparation des inventaires annuels, mais dans d'autres cependant, les méthodes en usage étaient encore peu satisfaisantes. Les résultats de ces inspections ont été, ou seront prochainement, transmis aux Ministères intéressés ainsi que des recommandations pour y améliorer les méthodes actuelles.

Matières en surplus et de rebut—L'état ci-dessous est un tableau comparatif des ventes de matières en surplus ou de rebut, faites au cours des deux dernières années par le Comité de surveillance des contrats du Gouvernement.

	1927-28	1926-27	Augmentation x Diminution
Transférés à d'autres Ministères	$ 44,027 23	$ 79,096 39	x 35,069 16
Vendues au public	122,206 75	111,489 95	10,716 80
	166,233 98	190,586 34	x24,352 36

Bien que dans les écritures on fixe un prix pour les matières transférées d'un Ministère à un autre, aucun paiement réel n'est effectué. Le produit des ventes au public est encaissé par les Ministères ayant disposé des matières et porté à leur Revenu casuel.

L'attention du Ministère fut attirée, sur certains cas, où les articles transférés d'un Ministère à un autre, étaient évalués à un prix beaucoup plus élevé que le prix moyen du marché, pouvaient, jusqu'à un certain point, induire en erreur sur la valeur totale des matières transférées.

Dans certains Ministères des améliorations notables furent effectuées dans les dispositions prises pour l'écoulement d'excédents importants de stocks, ou de matières de rebut qui, auparavant, semblaient avoir été négligés. Dans l'un d'eux les transferts ou les ventes ont augmenté de 80 pour cent, au cours des deux dernières années.

COMPTES SPÉCIAUX

Sommes dues au gouvernement du dominion

La vérification de la partie des Comptes publics établissant les sommes dues au Gouvernement du Dominion a fait de nouveaux progrès au cours de l'année, et ceux de ces comptes méritant le plus de retenir l'attention font l'objet des chapitres suivants.

Aux montants dus au Gouvernement et paraissant au Bilan, il faut ajouter ceux portés comme arriérés dans les livres des différents Ministères, et ne figurant pas dans le Grand-Livre du Dominion. Un état de ces arriérés, en tant qu'ils m'ont été communiqué, paraît aux pages 171 à 173 de ce volume et il en est parlé plus en détail dans un autre chapitre, page xcii.

Avances aux gouvernements étrangers

Les avances de $4,528,336, faites au Gouvernement belge, furent remboursées en totalité le 11 mars 1928. Le Gouvernement grec réduisit durant l'année sa dette de $195,000, laissant impayée une balance de $7,280,000, qui, conformément à l'entente du 27 décembre 1923, doit être remboursée par versements semestriels augmentant graduellement, et dont le dernier est dû le 31 décembre 1948.

Il ne fut recouvré, pendant l'année, aucun montant sur les avances de $23,969,720, consenties au Gouvernement roumain. En 1922, ces avances furent comprises dans la dette extérieure de cet Etat, et le Trésor détient pour le montant total, des obligations rapportant 4 p. 100, et devant être rachetées au plus tard en 1967.

Les intérêts dus par ces trois Etats sur ces avances furent payés régulièrement et, au cours de l'année, le montant encaissé de ce fait fut de $1,556,571.80. Le Gouvernement grec versa en décembre 1927 une somme de $83,748.72, représentant des arriérés d'intérêts, qui n'avaient pas été compris dans le règlement de 1923.

Les montants dus par la Russie et l'Italie n'ont pas varié, et il n'a pas été perçu d'intérêts. Ils paraissent dans les Comptes publics parmi les placements inactif, Appendice "L" du Bilan.

Loi sur les grains du canada: compte d'avances

L'article 112 de la "Loi sur les grains du Canada", autorise le Ministre du Commerce à consentir des avances aux Commissaires des grains, à même le Fonds du Revenu consolidé, pour leur permettre de payer les comptes de fret, de pesage et d'inspection des grains reçus dans les élévateurs du Gouvernement ou expédiés par eux. Ce même article prévoit également que, quand les montants ainsi payés sont recouvrés, ils doivent être déposés au crédit du Fonds du Revenu consolidé.

Antérieurement à l'année 1927-28, ce compte était arrêté chaque année, en portant à son crédit des argents reçus par la Commission après le 31 mars (voir Précis de Correspondance, page 246.) En janvier 1928, par l'entremise du Ministère du Commerce, j'attirai l'attention de la Commission sur l'irrégularité de cette pratique et j'indiquai, comment devrait être établi ce compte, pour qu'il donne, comme il le fait maintenant, la situation réelle des transactions à la fermeture de l'année. L'état de ce compte pour 1927-28, page 170 de ce volume, accuse en fin d'année, un solde débiteur de $5,851.68, représentant le montant des dépenses qui, dans les divers élévateurs n'avaient pas été remboursées par les débiteurs avant la fermeture de l'année.

"Canada land and irrigation company"

Un arrêté en Conseil du 23 mai 1914, autorisait le prêt d'une somme de $354,684, à la "Southern Alberta Land Company, Limited" (remplacée dans la suite par la "Canada Land and Irrigation Company, Limited"), pour l'aider à terminer des travaux d'irrigation sur les terres qu'elle avait achetées dans le Sud de l'Alberta. Au 31 décembre 1926, une somme de $329,573.96, restait due sur ce prêt.

La Compagnie fit faillite en 1924, et le 17 mai de cette même année, un arrêté en Conseil autorisait la Banque de Montréal à consentir, jusqu'à concurrence de $20,000, des avances aux représentants dûment accrédités des colons. En 1925-26, la banque toucha sur le crédit 482 une somme de $19,969.43, représentant en capital et intérêts le montant de ces avances, qui, avec l'autorisation de la Cour, fut hypothéqué sur l'actif de la Société au Canada.

Conformément à des arrêtés en Conseil du 6 avril 1925 et du 10 juillet 1926, le Ministère de l'Intérieur géra la Compagnie du 1er avril 1925 au 31 décembre 1926. Durant ce temps, les pertes résultant de la gestion et de l'exploitation s'élevèrent à $50,899.78, et furent supportées par le Gouvernement canadien, ce montant figure dans l'état de ce compte paru dans mon dernier rapport (volume I, page 144), et fut également avec l'autorisation de la Cour hypothéqué sur l'actif au Canada de la Compagnie.

Les montants ci-dessus de $329,573.96 et de $50,899.78, paraissent dans les Comptes publics parmi les "Placements divers" (Miscellaneous Investments), Inactifs, Appendice "L" du Bilan, mais le montant de $19,969.43, bien qu'également hypothéqué sur l'actif de la Compagnie, ne paraît pas dans les livres du Dominion.

Au 31 décembre 1926, le montant total dû par la Compagnie au Gouvernement du Dominion s'établissait comme suit:—

	Capital	Intérêts	Total
Avances, 1914	$329,573 96	$107,093 63	$436,667 59
Avances, 1924	19,969 43	1,795 60	21,765 03
Dépenses de 1925 et 1926	50,899 78	4,782 95	55,682 73
	400,443 17	113,672 18	514,115 35

Un arrêté en Conseil, en date du 29 janvier 1927 (C.P. 149), autorisa dans la suite le Ministère de l'Intérieur à conclure un arrangement, en prenant comme base, certaines propositions faites par le Receveur de la Compagnie. Entre autre clauses et conditions de ce contrat on peut citer:

(*a*) En paiement total des sommes dues à la Couronne par la Compagnie le 31 décembre 1926, le Gouvernement du Dominion acceptera 257,058 acres des terres de la Compagnie, évaluées à $2 de l'acre, avec tous les travaux d'irrigation et d'amélioration effectués sur lesdites terres.

(*b*) Le Receveur gérant devra se procurer une somme de $100,000, qui sous son contrôle, sera employée au Canada, pour l'administration et l'extension de ce projet.

(*c*) Le Receveur gérant devra appliquer tous les revenus provenant de ce projet à l'administration et à l'amélioration des terres situées au Canada, jusqu'à ce que 50,000 acres de terres irriguées aient été vendues en vertu de l'"Irrigable Land Contracts".

(*d*) Tous les livres, comptes, etc., se rapportant à l'emploi des argents recueillis ou provenant des revenus du projet seront vérifiés par le Ministre de l'Intérieur, ou par toute personne désignée par lui.

Conformément aux clauses de ce contrat, une étendue considérable de terres fut retournée à la Couronne, la somme convenue de $100,000 versée dans une banque de Medicine Hat et les livres et les comptes de la Compagnie vérifiés annuellement par un inspecteur du Ministère.

Aucune entrée des transactions qui suivirent la signature de ce contrat ne fut faite dans les Comptes publics, et le passif de la Compagnie y figure encore pour le même montant.

Fonds des rentes viagères de l'état

A la page 155 de ce volume paraît parmi les Comptes spéciaux le relevé des transactions de l'année du Fonds des rentes viagères du Gouvernement, ainsi que celui du passif de ce Fonds au 31 mars 1928 qui m'a été fourni par le Ministère du Travail. Le montant au crédit du Fonds était en fin d'année de $14,719,-484.26, et le passif ou valeur nette des rentes en cours à cette date, était évalué à $14,982,630.39, excédant l'actif de $263,146.13, tandis qu'à la fin de 1926-27, le total de l'actif excédait le passif de $53,139.35.

Bassin de radoub d'halifax

Le versement annuel de $50,000, prévu par le contrat de vente de ce bassin à la "Halifax Shipyards, Limited", fut reçu par le Ministère des Travaux publics

et crédité au revenu casuel. Bien que sur le prix convenu de $1,250,000, une somme de $250,000, ait maintenant été payée et versée en totalité au crédit du revenu casuel, ce bassin continue d'être porté à l'actif du Bilan du Dominion à son prix initial de revient de $1,552,827.43. Je suis toujours d'avis que cette façon de traiter la transaction n'est pas régulière.

Commissaire des indiens—Compte d'accroissement de production

Le "Plan d'accroissement de production", mentionné dans mes rapports précédents, fonctionne encore dans une certaine mesure, bien que l'arrêté en Conseil l'ayant autorisé ait été rapporté le 15 janvier 1922.

En 1927-28, une somme de $12,000, fut versée au Receveur Général, complétant ainsi le remboursement de l'avance de $362,000, fait à même les crédits de guerre.

Les mouvements de caisse de ce projet depuis sa fondation en 1918 jusqu'au 31 mars 1928 se résument comme suit:—

Recettes

Avances à même les crédits de guerre	$ 362,000 08	
Ventes de grains, bestiaux, etc	1,146,135 00	
Intérêts sur dépôts en banque	20,645 99	
		$1,528,780 99

Déboursés

Frais de fonctionnement	1,018,392 00	
Frais généraux et de bureau	52,620 11	
Maison du Commissaire	19,627 44	
Remboursement aux crédits de guerre	362,000 00	
Profits au 31 décembre versés au Receveur général	57,329 03	
		1,509,968 66
Encaisse		18,812 33

A la page 151 de ce volume paraît un relevé des mouvements de caisse de l'année.

Dernièrement, je fis vérifier ces comptes dans le Bureau du Commissaire des Indiens de Régina et mes remarques seront, en temps voulu, transmises au Département.

Prêts aux commissaires des ports

L'état suivant indique les sommes avancées durant l'année aux différentes Commissions des ports, ainsi que le total de ces avances au 31 mars 1928.

	Avances en 1927-28	Avances totales
Montréal	$3,105,000 00	$48,980,000 00
Québec	1,458,000 00	15,229,995 68
Vancouver	1,564,000 00	15,864,900 00
	6,127,000 00	80,074,895 68

Le montant des avances consenties durant l'année aux Commissions des ports est donné aux pages 2 et 7 de ce volume, comme étant de $5,127,000.00, au lieu de $6,127,000.00 comme ci-dessus, car il en a été déduit la somme de $1,000,000.00, versée par la Commission du port de Montréal pour le rachat d'obligations échues le 1er juillet 1927, et données en garantie d'avances précé-

dentes. Les intérêts dus sur les sommes avancées aux ports de Montréal et de Vancouver furent payés au cours de l'année.

La Commission du port de Québec ne paya pas d'intérêts, dont le montant s'élève à $9,419,906.41, d'après le Ministère des Finances.

A ma connaissance aucune tentative ne fut faite pour en arriver à une entente entre la Commission de ce havre et le Ministère de la Marine et des Pêcheries, relativement aux réclamations de cette Commission sur ce que certains services du Gouvernement fissent usage des quais, etc.

La situation de la Commission du port des Trois-Rivières est inchangée (voir rapport 1926-27, page lxxi), et au 31 mars 1928, le montant dû par cette Commission, était d'après le Ministère des Finances, de $356,388.40.

Comptes des chèques impayés

Au début de l'année, le "Compte des chèques impayés" fut crédité d'une somme de $56,232.46, provenant de chèques émis en 1925-26, qui n'avaient pas été encaissés. De ces chèques, et de ceux émis les années précédentes, pour une valeur totale de $48,479.45, furent présentés à l'encaissement au cours de l'année et débités à ce compte. Ainsi que je l'ai expliqué dans mes rapports précédents, la balance de $18,353.65, figurant au 31 mars 1928 au crédit de ce compte, et paraissant au passif dans les Comptes publics, ne représente qu'une faible partie du total des chèques impayés qui, d'après les écritures tenues dans mon Bureau dépasse $450,000.

Fonds des passages à niveau

La loi votée au cours de la dernière session, autorisant en même temps que des paiements plus élevés une application plus large des argents de ce fonds, entraîna une forte augmentation de dépenses. Les déboursés qui depuis dix-huit ans que le fonds existe, n'avaient été que de $689,566.63, furent dans la seule année 1927-28 de $678,787.53, les montants versés pour le viaduc du terminus de Toronto s'élevant à eux seuls à $485,000.

On trouve aux pages 165 et 166 de ce volume un état détaillé des dépenses de l'année.

Avances pour grains de semences et secours

L'état de compte paraissant à la page 155 de ce volume, fait voir un solde débiteur de $4,909,499.14. Sur ce montant, une somme de $2,000,000 fut, au cours de l'année, classée dans les Comptes publics, à l'actif dont la réalisation est incertaine.

Les balances dues sur les sommes avancées pour achats de grains de semence, ou à titre de secours, sont d'après les livres du Ministère de l'Intérieur de $4,138,586.97, auxquels doit être ajouté un versement de $25,415.94 au Gouvernement de la Saskatchewan débité à ce Gouvernement par le Ministère des Finances antérieurement au 31 mars 1928, mais qui ne fut porté en compte par le Ministère de l'Intérieur qu'après cette date. Pour établir une comparaison entre les balances de ces deux Ministères, celle du Ministère de l'Intérieur doit être portée à $4,164,002.91.

La différence de $745,496.23, existant entre ces balances a été expliquée dans mes rapports précédents, et aux pages lxxi et lxxii de mon rapport de 1926-1927 je mentionnais le résultat de la vérification de ces comptes que je fis faire de 1876 au 31 mars 1927. Je recommandais aussi que ces deux Ministères prissent des mesures pour établir la concordance entre leur compte respectif, mais jusqu'à ce jour rien n'a été fait dans ce sens.

D'après les rapports du Ministère de l'Intérieur, en plus du capital, il est dû en intérêts une somme de $2,102,397.96.

Pendant l'année, le Gouvernement de la Saskatchewan versa une somme de $1,908.39, en acompte sur les avances de grains de semence de 1908, réduisant ainsi à $93,228.46, le montant en capital qu'il devait au Dominion. D'après le Ministère des Finances, le montant des intérêts dus par cette province était au 31 janvier 1928, de $208,095.91, soit une augmentation de $4,729.21 sur 1926-27.

Compte provisoire

Le sommaire ci-après de ce compte est suivi d'explications sur les différentes transactions ayant eut lieu au cours de 1927-28: —

	210,372 67	459,437 09	167,734 78	502,074 98

J'ai expliqué dans mon dernier rapport la provenance des cinq montants formant la balance au 1er avril 1927.

Réserve de la Commission canadienne du blé.—Au cours de l'année, sur le montant laissé en compte au crédit de la Commission canadienne du blé, on avança au secrétaire de la Commission une somme de $2,000, pour les dépenses courantes et le remboursement du montant des certificats de participation qui seraient présentés avant le 1er septembre 1927. La balance, soit $173,000, figure encore au compte provisoire, quoique d'après les termes d'un arrêté en Conseil du 15 mars 1927, elle dût être maintenant propriété de la Couronne.

Bien en déshérence de Montgomery et vente de farine jetée par-dessus bord et recueillie. — Les montants de ces deux comptes furent virés durant l'année au crédit du revenu casuel.

Pertes sur l'exploitation de la ligne des Antilles. — La somme de $13,202.30 reçue au cours de l'année fut versée à la Marine marchande du Gouvernement canadien qui continue ce service.

Excédent de grains des élévateurs — $163,206.69. — Durant l'année agricole 1925-26, le montant provenant de la vente des excédents de grains dans les élévateurs publics des terminus, fut versé par les Commissaires des grains au crédit du Receveur Général. Les Commissaires avaient en outre appliqué une somme de $10,000, à des recherches de laboratoire sur le blé. D'après un arrêté en Conseil du 30 juin 1928, la balance restant en mains doit être consacrée aux recherches sur les grains, et dépensée conformément aux directions du Conseil national des Recherches.

Convention des réclamations pécuniaires (1916). Sommes accordées. — Le Gouvernement des Etats-Unis versa au cours de l'année une somme de $202,083.85, allouée par le "Pecuniary Claims Tribunal", aux onze réclamations de citoyens canadiens. Conformément aux termes de l'entente, sur chaque somme accordée, 5 pour cent fut appliqué au paiement des dépenses faites par le Gouvernement du Canada relativement à ces réclamations, la balance devant en être versée aux réclamants. Un montant de $100,166.38, fut payé à 7 réclamants en 1927-28, et comme il est convenu, la balance sera distribuée aussitôt que les parties y ayant droit auront été identifiées.

"Dominion Shipbuilding and Repair Co." Actif.—Les liquidateurs de cette Société en faillite versèrent au Ministère de la Marine et des Pêcheries, le plus important des créanciers privilégiés, une somme de $45,017.63, représentant la balance en mains provenant de la réalisation de l'actif, le Ministère devant payer les autres créanciers privilégiés, conformément aux arrangements pris par le liquidateur. Le Ministère, au cas où de nouvelles réclamations seraient présentées, détint une somme de $5,000, qui fut versée à un compte fiduciaire ouvert au nom de A. R. Tibbits (voir Précis de Correspondance, volume I, page 235). La balance, soit $40,017.63, fut déposée au crédit du Receveur Général et portée par ce dernier au crédit du Compte provisoire, à même lequel une somme de $4,000 fut payée à la "Standard Bank" en vertu de sa créance privilégiée et un chèque de $226.39 "émis en faveur de la Banque de Montréal, pour la rembourser d'un chèque sans fonds" inclus dans le dépôt.

Dépôts faits par des compagnies d'assurance. — Au lieu des valeurs prévues par la Loi des assurances deux compagnies d'assurance firent chacune un dépôt de $20,000. Une des compagnies ayant, au cours de l'année, fourni les valeurs requises, son dépôt de $20,000 lui fut retourné. Le dépôt de $20,000 de l'autre compagnie lui fut reversé en juillet 1928.

Comptes des dividendes non réclamés

Durant l'année, $8,667.00 furent reçus des syndics des différentes successions en liquidation et $61.43 versés aux créanciers ayant réclamé les montants leur étant dus.

Au 31 mars 1928 la balance au crédit de ce compte était de $25,248.29.

FONDS FIDUCIAIRES

Ci-dessous est un état comparatif, aux 31 mars 1927 et 1928, des soldes créditeurs de certains comptes spéciaux qui, sous la rubrique "Fonds Fiduciaires", paraissent à la page lxxiv de mon rapport de 1926-27. Il ne semble pas que durant l'année il ait été ouvert de nouveaux comptes fiduciaires.

Tous les comptes donnés dans le premier des états ci-dessus paraissent dans les Comptes publics de 1926-27, à l'Appendice "O" du Bilan, sous la rubrique "Fonds fiduciaires". Dans les Comptes publics de 1927-28, le compte "Pontons de la cale-sèche de Burrard" paraît au nombre des "Comptes courants divers",

Appendice "R", et celui des "Etablissements militaires—Fonds N°s 1 et 3", aux "Comptes des dépenses contingentes" Appendice "P".

Il est compté des intérêts aux soldes créditeurs des comptes ci-dessus, sauf à ceux des Fonds suivants: "Fonds de cantine de l'armée canadienne; Chemins de fer nationaux du Canada; Obligations garanties (intérêts impayés); Fonds de secours de l'"Empress of Ireland"; Fonds spécial garantie de l'Immigration; Etablissements militaires, Fonds n° 1; Fonds des cadets du collège militaire royal; Commission d'établissement des soldats, Compte fiduciaire".

Dans mes rapports antérieurs, j'ai donné des explications sur la plupart des divers Comptes fiduciaires. Les remarques suivantes sur quelques-uns de ces comptes, s'appliquent aux transactions de l'année courante.

Comptes fiduciaires des agents des Indiens

Aux comptes fiduciaires des agents des Indiens, tenus dans les différentes agences, sont portées *inter alia* les recettes, et les déboursés qu'en font les agents au nom de chaque Indien; elles comprennent les produits de la vente de récoltes ou de bestiaux des Indiens agriculteurs, les sommes gardées en fidéicommis, provenant de la cession ou de la rétrocession d'une réserve, celles touchées en vertu du traité, etc.

Dans les provinces du Manitoba, de la Saskatchewan et de l'Alberta, les agents envoient tous les mois au bureau du Commissaire des Indiens, à Régina, un état de compte qui est vérifié et transmis ensuite au Département des Affaires Indiennes. Ces comptes ne sont pas soumis à ma vérification.

Mes inspecteurs firent dernièrement une vérification de ces comptes au bureau du Commissaire des Indiens et dans différentes agences de l'Ouest. Les remarques et recommandations auxquelles donnèrent lieu cette vérification seront communiquées au Ministère. Au 31 mars 1927, le montant gardé en dépôt par les agents des Indiens, sous la surveillance du Commissaire des Indiens, de Régina, se répartissait comme suit:—

Agences du Manitoba	$ 9,049 51
Agences de la Saskatchewan	26,052 77
Agences de l'Alberta	31,739 60
	66,841 88

Comptes des fonds fiduciaires des Indiens

Conformément à l'intention exprimée dans mon rapport de 1926-27 (page lxxviii), je n'ai pas publié cette année les comptes de chacune des bandes. Toutefois, comme par le passé, ces comptes ont été établis et vérifiés par mon Bureau et je puis toujours fournir à leur sujet tous les renseignements que l'on pourrait désirer.

A la page 152 de ce volume se trouve l'état habituel des fonds tels qu'ils paraissent dans le Grand-Livre du Dominion, et dans le volume II, partie I, pages 48 à 67, paraît, d'après les livres du Département des Affaires Indiennes, un sommaire, sous forme de tableau, du compte de chacune des bandes. Ces états donnent un résumé complet des transactions de l'année courante et de la situation financière de chacune des bandes indiennes.

Fonds de prévoyance des employés de chemin de fer de l'Intercolonial et de l'Île du Prince-Édouard

La situation de ce fonds est toujours telle que mentionnée dans mes rapports précédents, et sans la contribution supplémentaire de $399,213.10, des Chemins de fer nationaux, ce Fonds n'eut pas pu faire face à ses paiements de l'année.

Les recettes et les déboursés de ce fonds durant l'année financière 1927-28, paraissent dans ce volume, page 164.

Fonds régimentaires de la milice et de la défense

Ce fonds, autorisé en 1919, par un arrêté du Gouverneur en son Conseil (A.C. 6 sept. 1919, C.P. 1856), a pour but de centraliser les fonds accumulés, outre-mer ou au Canada, par les "unités militaires" ayant un effectif constamment variable. En plus de l'argent comptant versé de temps à autre, des bons de la Victoire pour une valeur de $10,550, furent reçus mais ne furent pas portés au compte du Fonds. Certains de ces bons étant échus en 1923 et 1927 furent remboursés et, deux montants de $5,550 et de $1,000, encaissés et crédités au Fonds, laissant en bons une balance de $4,000, encore détenue par le Ministère des Finances, et qui doit s'ajouter à l'encaisse de $122,894.50 de ce Fonds, dont l'état paraît à la page 160 de ce volume.

Fonds des terres d'écoles

Les états des fonds des terres d'écoles pour chacune des provinces du Manitoba, de la Saskatchewan et de l'Alberta paraissent à la page 154 de ce volume et le tableau ci-après est un sommaire des transactions des trois comptes réunis.

Total au 31 mars 1928, paraissant à l'Appendice "T" des "Comptes publics", Dette consolidée		28,964,000 00

Sur la balance du Capital restant au Fonds le 31 mars, $857,000 furent placés en obligations du Dominion au début de 1928-29.

Les intérêts provenant des obligations et de l'encaisse sont perçus par le Ministère des Finances; les autres encaissements sont faits par le Ministère de l'Intérieur qui, en 1927-28, encaissa $2,068,159.10, sur lesquels les frais d'administration s'élevèrent à $108,783.28, soit 5.26 pour cent, alors que l'année précédente le pourcentage n'avait été que 5.04 pour cent du montant encaissé.

Rétablissement des soldats dans la vie civile, fonds n° 3

On a pris en considération les objections que je faisais dans mes rapports précédents sur ce que des abattements de salaires étaient crédités à ce compte, et depuis mon dernier rapport, sauf un faible montant viré au Fonds de pension n° 5, tous ces abattements ont été réversés aux contributaires. Ce compte a ainsi été ramené à son but originel, et il n'y est maintenant porté que les sommes relatives à la gestion de certains fonds de pension.

Pensions et retraites civiles et militaires

A la page 195 de ce volume, paraît un état des recettes et des déboursés de l'année, relatif aux retraites et aux pensions civiles et militaires, ainsi qu'un tableau comparatif des balances au crédit des Fonds de pension à la fermeture de cette année financière et de la précédente. Les recettes totales de l'année s'élevèrent à $4,763,280.77, soit une diminution de $1,028,038.35, sur 1926-27. Les dépenses totales furent de $41,685,104.48, soit une augmentation de $2,051,-357.33, sur 1926-27.

Les paiements aux veuves des fonctionnaires publics, faits conformément à la Loi des pensions, se sont élevés à $130,946.33, et sont compris dans cette augmentation.

Je faisais remarquer dans mon dernier rapport, que les retenues de pensions effectuées sur les salaires de certains employés de l'Agriculture, des Affaires Indiennes et de l'Intérieur, touchant une indemnité compensatrice de vie chère n'avaient pas été calculés conformément aux dispositions de la Loi des pensions. Un arrêté en Conseil a depuis déterminé le montant de cette indemnité pour la plupart des employés du Ministère de l'Intérieur y ayant droit, mais dans les deux autres Départements, cette indemnité n'a pas encore été fixée. Aucune annuité ou gratification prévue par la Loi n'est payée, avant que le montant de l'indemnité ne soit déterminé par le Gouverneur en son Conseil, et que les contributions régulières n'aient été versées pour la période totale durant laquelle l'indemnité fut touchée.

Conformément à l'article 10 de la Loi des pensions, 1924, un contributaire peut, sous certaines conditions, rester dans le Service Civil après soixante-dix ans, mais sans jamais dépasser soixante-quinze ans. Le Ministère de la Justice est d'avis, qu'il est du devoir du Gouverneur en son Conseil, de prendre des mesures pour la mise à la retraite immédiate de tout contributaire ayant atteint soixante-quinze ans. Si, dans mon Bureau, l'on constate que les noms d'employés ayant atteint la limite d'âge figurent encore sur les bordereaux de paie, l'attention du Ministère intéressé est attirée sur les dispositions de la loi et des mesures sont prises pour la mise à la retraite de ces employés.

Il s'est présenté plusieurs cas, où un contributaire voulant bénéficier des dispositions de la Loi des pensions, 1924, réclama le droit de compter comme année entière de service, toute saison ou session parlementaire, durant laquelle il fut employé, apparemment à titre temporaire, et pour seulement une partie de l'année. Chaque fois où ces services ne furent pas reconnus permanents, les Ministères intéressés furent prévenus qu'un emploi saisonnier, ou de session, ne pouvait être compté que pour le temps effectif de l'emploi.

Il se produisit un cas où une veuve pouvant se réclamer des dispositions de la "Loi sur les annuités aux veuves d'anciens employés du Service Civil" touchait déjà elle-même une pension de retraite, calculée sur ses années de service. Bien que l'on jugeât qu'au point de vue de la loi, elle put toucher les deux retraites, le cas était si exceptionnel que je crus à propos d'en informer le Ministère des Finances. L'allocation, prévue par les dispositions de la Loi des annuités aux veuves de fonctionnaires, fut dans la suite autorisée par le Gouverneur en son Conseil, et j'en approuvai le paiement.

ÉTATS DIVERS

Des états se rapportant aux principales activités du Gouvernement, paraissent aux pages 171 à 206 de ce volume, où, en plus de ceux publiés l'année dernière, sont donnés les états suivants:

Comité national pour la célébration du Jubilé de Diamant de la Confédération, Recettes et déboursés.
Elévateurs de l'Etat, Bilan, Compte de profits et pertes.
Commission du câble du Pacifique, Recettes et déboursés.

Les états ci-après concernant le Territoire du Yukon paraissaient l'année dernière parmi les comptes spéciaux et fiduciaires:—

Compte de caisse, Etat des recettes et des déboursés, Sommaire des allocations et des dépenses.

On trouvera ci-dessous, et dans différentes parties de ce rapport, des observations sur ces états.

Arriérés

Les arriérés dus au Gouvernement fédéral, paraissent sous forme d'états comparatifs, aux pages 171 à 173 de ce volume, et comme les années précédentes, sont classifiés en:—

Arriérés en général.
Intérêts courus sur prêts et avances aux chemins de fer.
Arriérés de capital sur les ventes de terres des Indiens.

Ces états, établis d'après les rapports certifiés que m'ont communiqués les différents Ministères, indiquent les montants ne paraissant pas à l'actif dans le Bilan du Dominion, mais figurant dans les livres de ces Ministères comme dus au

Gouvernement. Le Ministère du Revenu National ne m'a transmis aucun état d'arriérés pour taxes de vente, bénéfices commerciaux et impôts sur le revenu, et bien que je comprenne que ces arriérés s'élèvent à un montant considérable, ils ne paraissent pas dans ce rapport.

Une grande partie des arriérés compris dans ces états provient de balances dues depuis de nombreuses années, quelques-unes remontant même jusqu'à 1872, aussi recommanderais-je que des mesures soient prises pour rayer des livres ceux de ces arriérés qui sont considérés comme entièrement irrécouvrables.

Dans le relevé du compte des arpenteurs paraissant dans le volume II, partie K, Ministère de l'Intérieur, crédit des levés topographiques, je mentionne la somme de $22,743.55, due par les arpenteurs sur des avances consenties antérieurement à 1906. Ce montant étant irrécouvrable, il n'est d'aucune utilité d'attirer à nouveau sur lui l'attention de la Chambre, et le Ministère pourrait être autorisé à le rayer de ses livres.

La plus grande partie du montant de $26,549.23, indiqué par le Secrétariat d'Etat comme arriérés, et compris dans les arriérés en général, provient d'une réclamation contre le greffier de la Justice de paix du Comté d'York, pour des droits perçus par lui jusqu'au 31 décembre 1927, en conformité des dispositions de la Loi de naturalisation. En avril 1926, un jugement pour $11,092.50, représentant le montant dû le 31 décembre 1924, fut obtenu contre ce fonctionnaire. Ce jugement n'a pas été exécuté et la somme due est maintenant de $19,362.50. Je comprends que la presque totalité de cette somme fut versée au Trésorier provincial de l'Ontario, sur la demande des fonctionnaires du Bureau du Procureur général de cette province. Un arrêté en Conseil du 29 juin, conformément à la loi des enquêtes, nomma un Commissaire avec mission d'ouvrir une enquête et de faire rapport sur la gestion dudit greffier de paix. Ce rapport fut dernièrement adressé au Secrétaire d'Etat par le Commissaire et il est actuellement à l'étude.

Arriérés en général.—D'après les rapports que j'ai reçus, le montant des arriérés dus le 31 mars 1928, était de $10,065,485.59, soit une diminution de $1,554,819.97, sur le montant dû au 31 mars 1927. Au cours de l'année les augmentations ou les diminutions les plus considérables furent les suivantes:—

—	Augmentation	Diminution
Intérieur—Domaine de l'Etat		$ 1,413,808 25
Intérieur—Location de terrains miniers	$ 33,169 85	
Intérieur—Pétrole et gaz naturels	260,687 02	
Intérieur—Permis de coupes de bois		112,474 52
Intérieur—Grains de semence—Intérêts	105,223 81	
Marine et Pêcheries—Pêcheries	42,864 52	
Défense Nationale—Aide aux autorités civiles		131,874 28
Rétablissement des soldats		350,030 34

La diminution de $1,413,808.25 dans les arriérés dus pour le "Domaine de l'Etat" peut être attribuée aux deux mêmes causes que l'année dernière: (1) une augmentation dans les encaissements d'arriérés; (2) des résiliations de ventes, qui éteignant la dette, font que les terres dont la vente a été ainsi annulée sont rétrocédées au Gouvernement, conformément aux dispositions de la "Loi des terres fédérales".

Au cours de l'été dernier il fut fait par mes inspecteurs des examens très complets des méthodes que suivaient pour les ventes de terres, etc., les bureaux les plus importants du Dominion dans l'Ouest canadien. Un rapport m'a été remis à la suite de ces examens et je transmettrai au Ministère de l'Intérieur mes observations à ce sujet.

L'augmentation d'arriérés constatée dans la location de terrains houillers et pétrolifères provient de ce que, d'après le Ministère de l'Intérieur, il adopta comme règle, de ne pas résilier les baux dont les fermages étaient en retard, aussi longtemps qu'il restait quelque possibilité que l'exploitation fut reprise.

La diminution d'arriérés pour coupes de bois provient, en grande partie, de ce que le Ministère n'a pas compris dans les arriérés de cette année les montants payables comme boni sur les coupes de bois vendues par soumission; des billets à ordre, ayant été acceptés pour ces boni l'on jugea que, jusqu'à leur échéance, on ne devait pas les comprendre dans les arriérés.

L'augmentation des arriérés dans les avances pour achat de grains de semences est due, comme il est expliqué dans un autre chapitre de ce rapport, au montant élevé des prêts consentis pour ces achats.

L'augmentation des arriérés relatif aux pêcheries est due, à ce que l'on mit en doute les droits du Gouvernement fédéral de percevoir les produits des licences sur la pêche et le débarquement des crustacés et des coquillages, et il est peu probable que ces montants soient encaissés avant que le Conseil Privé Impérial n'ait rendu son jugement sur cette question.

La réduction de $131,874.28, dans les arriérés du Ministère de la Défense Nationale pour aide aux autorités civiles, provient du règlement au cours de l'année, de la réclamation contre la province de la Nouvelle-Ecosse pour l'aide militaire qui lui avait été donnée au cours de troubles ouvriers dans les bassins houillers.

La réduction importante que l'on constate dans le montant des arriérés du Ministère du Rétablissement des soldats dans la vie civile, provient de ce qu'une somme de $419,361.71, représentant la valeur de matériel lui appartenant et se trouvant dans ses différents hôpitaux ou sanatoriums, fut virée du Grand livre "Comptes à percevoir", au Grand livre "Matériel", ce matériel étant la propriété de ce Ministère.

Intérêts courus sur prêts et avances aux Chemins de fer, à la Marine marchande du Gouvernement, aux Commissaires des ports, etc.—Les montants des intérêts courus pendant l'année sur ces prêts et avances, et dont la plupart paraissent comme valeurs inactives aux Appendices "K" et "L" du Bilan du Dominion, sont donnés comme étant de $37,929,175.83, contre $19,118,840.84, en 1926-27. Cette augmentation n'est qu'apparente et provient de ce que dans l'état des arriérés qui me fut fourni par le Ministère des Finances en 1926-27, les intérêts courus n'étaient donnés que pour une période de 6 mois, arrêtée au 1er janvier 1927, au lieu de l'être, comme cette année, pour une période de douze mois allant jusqu'au 1er janvier 1928.

Arriérés de capital sur les ventes des terres des Indiens.—Comme les années précédentes le Département des Affaires Indiennes ne m'a transmis aucun état des intérêts courus ou des arrérages de fermages des terres des Indiens.

Bassins de radoub—travaux publics—revenus et dépenses

Un état comparatif des revenus et des dépenses des bassins de radoub et des glissoirs du Gouvernement pour 1927-28, paraît à la page 194 de ce volume. Il en ressort que les revenus font voir une diminution totale de $28,000.46, et les dépenses une augmentation de $24,022.86, et que l'excédent total des dépenses sur les revenus a été en 1927-28 de $75,473.84, contre $23,450.52 en 1926-27.

Télégraphes—ministère des travaux publics—revenus et dépenses

On trouve, à la page 194 de ce volume, un état comparatif des revenus et des dépenses des réseaux télégraphiques et téléphoniques exploités par le Gouvernement. Le revenu total durant l'année fut de $296,598.07, soit une augmentation de $184.32 sur 1926-27. Les réseaux suivants accusèrent des augmentations de recettes:—

Réseaux des Provinces Maritimes et du Bas St. Laurent	$ 1,754	90
Réseaux de la Saskatchewan et de l'Alberta	3,186	12
Réseaux de l'Ile de Vancouver	1,748	94
Réseaux du Yukon	91	31
Augmentation	6,781	27
Cette augmentation fut presque entièrement contrebalancée par une diminution de recettes des réseaux continentaux de la Colombie Britannique de	6,596	95
laissant une augmentation nette de	184	32

Les dépenses totales d'exploitation de tous ces réseaux furent de $725,769.25. soit une augmentation de $1,749.69 sur 1926-27, et excéda le revenu total de $429,171.18, au lieu de $427,605.81 en 1926-27.

Câble du pacifique

L'état des recettes et des déboursés de la Commission du Câble du Pacifique pour 1926-27, ne m'ayant pas été transmis à temps pour le faire paraître dans mon dernier rapport (voir rapport 1926-27, volume I, page lxxxi), je le donne cette année dans les "Etats divers", page 206 de ce volume.

Je ne puis le faire suivre d'un état semblable pour 1927-28, le compte rendu annuel de la Commission pour cette année n'ayant pas encore paru. Je comprends cependant que le Canada ne sera tenu à aucun versement pour les frais d'exploitation de 1927-28, les recettes ayant été supérieures aux déboursés. Ces états annuels ne sont pas soumis à ma vérification, mais sont publiés par moi, chaque année, pour renseigner la Chambre des communes.

VÉRIFICATIONS SPÉCIALES

Outre les vérifications habituelles des revenus et des dépenses prévues par la Loi du Revenu consolidé et de la Vérification, j'ai fait faire au cours de l'année, en plus grand nombre que précédemment, des inspections locales et des vérifications spéciales, et les remarques auxquelles elles donnèrent lieu furent transmises aux Ministères intéressés. Quelques-unes de ces vérifications furent faites conformément aux statuts et d'autres furent jugées utiles par suite de l'importance des transactions ayant eu lieu. Il en est fait mention dans d'autres

chapitres de ce rapport, et l'on trouve ci-après une liste partielle de ces vérifications.

Fonds patriotique canadien
Jubilé de diamant de la Confédération
Projet d'établissement impérial
Commission du district fédéral
Chemin de fer de la baie d'Hudson
Imprimeur du Roi, Comptes d'avances
Commission d'utilisation du lignite
Commission nationale des monuments sur les champs de batailles
Pensions de guerre de la Nouvelle-Zélande
"Quebec Salvage and Wrecking Co."
Collège militaire royal, Fonds des cadets
Hôtel Royal des Monnaies, lingots et numéraire
Avances pour grains de semence et secours
Chantier maritime de Sorel
Comptes du Territoire du Yukon.

Vérification du fonds patriotique canadien

Conformément à la Loi du Fonds patriotique canadien, 1914 (5 Geo. V, Chap. 8, art. 10), l'on fit sous ma direction une vérification des comptes de ce fonds allant jusqu'au 31 mars 1928, et le 20 septembre de la même année, j'adressai mon rapport à ce sujet au trésorier honoraire du Fonds.

En comprenant les placements en valeurs, le total au crédit de ce fonds était, au 31 mars 1928, de $1,860,929.11, contre $2,185,081.51, le 31 mars 1927. La diminution de $324,152.40, provient de ce qu'au cours de l'année les recettes ayant été inférieures aux déboursés, il fut nécessaire de vendre une partie des valeurs en main.

Vérification des pensions de la Nouvelle-Zélande

A la demande du Gouvernement de la Nouvelle-Zélande, qui me fut transmise par le Ministère du rétablissement des soldats dans la vie civile, je fis faire une vérification des comptes des pensions payées à ceux des nationaux de ce Dominion résidant au Canada ou aux Etats-Unis. Je communiquai au Ministère du rétablissement, qui le transmit au Commissaire des pensions de la Nouvelle-Zélande, un état de ce compte certifié, pour l'année financière terminée le 31 mars 1928, établi d'après les informations que m'avait fourni ce Ministère.

"Quebec salvage and wrecking co. ltd."

Un de mes inspecteurs fit une vérification spéciale des documents et des livres de cette compagnie qui réclamait le remboursement d'une somme de $4,139.95 qu'elle disait avoir déposée en trop en 1920-21. Ayant obtenu de nouvelles informations sur cette réclamation, je ne m'objectai plus à son remboursement.

APPLICATION DE LA LOI DU SERVICE CIVIL

Sous ce même titre, dans mon rapport de 1926-27 (page lxxxii) je mentionnais que des mesures avaient été prises pour que toutes les positions devant se prolonger pendant plus de six mois et ne tombant pas sous le coup de la Loi du Service Civil, soient classifiées conformément aux règlements du Service Civil. Plusieurs Ministères firent le nécessaire pour faire classifier celles de leurs positions ne tombant pas sous le coup de cette Loi et, dans ceux qui ne l'ont pas encore fait, cette question est toujours à l'étude.

Dans mon rapport de 1926-27, page 209, comme aussi dans les précédents, j'ai reproduit les lettres échangées avec le Conseil du Trésor au sujet d'un commissionnaire employé sans l'autorisation de la Commission du Service Civil, et à la page 212, de ce rapport, je reproduis ma lettre avisant le Conseil que la Commission avait émis un certificat autorisant, à dater du 16 octobre, l'emploi de ce messager à titre temporaire, mais qu'aucune mesure ne paraissait avoir été prise pour régulariser sa situation avant cette date.

Dans le Précis de Correspondance paraissant aux pages 231 à 246 de ce volume on trouvera plusieurs questions relatives à l'application de la Loi du Service Civil qui, portées à ma connaissance durant l'année, fournirent matière à correspondance avec différents Ministères. Ces questions présentant un intérêt particulier pour les Ministères, comme aussi pour la Chambre des communes, sont brièvement résumées ci-après:

Sur la recommandation de la Commission du Service Civil, des règlements furent amendés par le Gouverneur en son Conseil pour, dans certaines circonstances, permettre les paiements suivants:—

Boni pour cherté de vie, page 231.
Paiement d'heures supplémentaires à des inspecteurs, page 232.

Le Ministère de la Justice fit connaître son avis sur la légalité ou l'illégalité de paiement dans les cas suivants:

Gratifications aux familles d'employés décédés, page 236.
Congé annuel accordé aux employés saisonniers, page 243.
Nomination d'un directeur de la publicité, page 235.

Le Département des Mines et celui de l'Imprimerie avaient commencé de faire des déductions sur leurs bordereaux de paye, pour acquitter les primes des polices, émises par une compagnie d'assurance, à certains de leurs employés. Cette pratique n'étant pas à recommander, je refusai d'approuver les bordereaux de paye où avaient été faites ces déductions, qui furent discontinuées. On trouve sous forme de précis, la correspondance échangée à ce sujet, pages 238 et 243.

Les autres questions concernant l'application de la Loi du Service Civil sont:—

Employé n'ayant pas droit à l'augmentation statutaire, page 232.
Fonctionnaire ayant fait partie de l'expédition dans la baie et le détroit d'Hudson, page 237.
Promotions autorisées avant que les fonds nécessaires aient été votés, page 239.
Augmentation de salaire des ouvriers spécialistes, page 243.
Augmentation de traitement irrégulièrement autorisée, page 243.

Les deux questions qui suivent donnèrent lieu à une volumineuse correspondance entre les différents Ministères et mon Bureau, et je ne les ai pas fait paraître dans le Précis de correspondance donné à la fin de ce volume, car elles présentent un même intérêt pour tous les Départements.

Augmentation uniforme aux employés du Service Civil—Crédit 535.—Des bordereaux de paie où étaient portées ces augmentations me furent présentés, mais dans quelques cas je refusai de les approuver étant d'avis que les bénéficiaires ne pouvaient être classés dans une des catégories prévues par ce crédit. Je soumis au Ministère de la Justice tous les cas où la régularité de la réclamation put paraître douteuse, et je me conformai à sa décision pour en accorder ou en refuser le paiement.

Arriérés de traitement dont le paiement est autorisé après la fermeture de l'année financière.—Des bordereaux de paie pour quelques arriérés de traitement de 1927-28, me furent présentés après le 31 mars 1928. Les crédits de cette année étant périmés, je fis remarquer que les fonds nécessaires pour ces paiements devraient être prévus dans le budget supplémentaire. Autrefois, déjà, j'avais attiré l'attention de la Commission du Service Civil sur les dispositions statutaires et sur les difficultés résultant pour les Ministères intéressés et mon Bureau, quand des promotions, des changements de classe et des augmentations de salaires étaient autorisés après que les comptes d'une année financière avaient été arrêtés. La Commission a depuis avisé les Ministères qu'elle avait apporté des changements dans ses méthodes de reclassification et de révision de salaires qui supprimeront, sinon en totalité, du moins en grande partie, les difficultés que je viens de signaler.

BUREAU DE L'AUDITEUR GÉNÉRAL

Le nombre des employés de mon Bureau était au mois de mars 1928 de 198, au lieu de 192 au mois de mars précédent; à ces deux dates le nombre d'hommes employés fut le même, soit 81. En 1927-28 mes employés furent en moyenne au nombre de 201, au lieu de 197 en 1926-27, des employés temporaires ayant été requis pour faire face au surcroît de travail de vérification résultant: (a) du comptage des coupures d'intérêts des emprunts du Dominion, effectué dans les six mois qui suivirent paiement, au lieu comme autrefois, de ne l'être qu'après deux ans; (b) de la vérification des chèques d'intérêts émis en faveur des porteurs d'obligations nominatives, comme il est expliqué à la page lxvi de cette introduction; (c) de l'augmentation considérable des dépenses résultant des rentes viagères; des Projets d'établissement sur des terres, de la Défense Nationale, du Revenu National, des Pensions, des assurances des soldats, etc.; (d) des vérifications spéciales et des inspections locales dans les bureaux de l'extérieur des Ministères; (e) et aussi pour remplacer les employés malades.

Les conditions peu satisfaisantes des bureaux occupés par une partie importante de mon personnel, furent cause que les absences pour maladie ont été plus nombreuses qu'elles n'auraient dû; toutefois, le pourcentage des congés avec paie au lieu d'être comme en 1926-27 de 4.25 pour cent, ne fut cette année que de 3.65.

REMARQUES GÉNÉRALES

Depuis mon dernier rapport, je constate, en général, dans les Ministères, une tendance encore plus grande à améliorer leurs méthodes de comptabilité et de contrôle et à faciliter la vérification de leurs comptes.

L'organisation intérieure de mon bureau a, de son côté, fait de nouveaux progrès, surtout en ce qui concerne la préparation de mon rapport annuel, dont le manuscrit des développements fut terminé au début de septembre, soit un mois plus tôt que l'an dernier. Cette économie de temps est due, tant à l'introduction des formules simplifiées et uniformes adoptées pour la compilation des détails, qu'à la classification employée. Cette classification fut encore améliorée, afin que mon rapport soit pour les membres de la Chambre et du Sénat une source d'informations aussi compréhensibles et complètes que possible, et pour les fonctionnaires dirigeant les Ministères, un guide pour les économies à réaliser et une aide pour l'établissement de leur budget annuel.

La généralisation de l'emploi, dans tous les services, de formules simplifiées (chaque fois où les mêmes formules peuvent être utilisées), permettrait de réaliser de fortes économies dans les dépenses de papeterie et d'impression des Ministères, sans compter les autres avantages qui en découleraient, et il serait désirable qu'un effort soit tenté pour effectuer cette amélioration.

Comme je le mentionne dans un chapitre précédent, le nombre de vérifications spéciales et d'inspections locales faites sous ma direction dans les bureaux des Ministères situés en dehors d'Ottawa, a encore augmenté au cours de l'année. Je suis toutefois restreint dans ces vérifications par le petit nombre d'employés compétents dont je dispose, et c'est la principale raison qui m'a empêché de commencer à effectuer directement les vérifications dans les livres des Ministères, comme j'en exprimais l'intention dans mon dernier rapport.

Dans mes rapports de 1924-25 (page xlvii), et de 1925-26 (page lxviii), je faisais mention de la manière dont les crédits sont présentés à la Chambre. D'après l'article 60 de la Loi du Revenu consolidé et de la Vérification, je dois signaler tout paiement fait à même un crédit auquel il ne paraît pas être imputable. Mon seul guide étant les termes du crédit, il m'est difficile de m'acquitter de cette partie de mes devoirs, à moins que la rédaction des chapitres du budget n'en soit claire et explicite.

Il est parfois difficile d'établir la concordance entre les états financiers paraissant dans les rapports annuels des Ministères et ceux donnés dans ce rapport. Bien que je comprenne qu'un Ministère puisse vouloir présenter ses transactions sous une autre forme que celle adoptée pour mon rapport, j'estime que cette concordance pourrait s'établir plus facilement si les Ministères donnaient dans leurs rapports annuels les états certifiés qu'ils sont tenus de me transmettre, conformément à l'article 50 de la Loi du Revenu consolidé et de la vérification.

Afin de donner plus de détails concernant les absences et les congés dans les différents Ministères, j'obtins de ces derniers, des états mensuels des congés accordés à leurs employés d'Ottawa et comprenant les congés de maladie, spéciaux, statutaires et sans traitement. Comme certains de ces états ne contenaient pas tous les renseignements qui m'étaient nécessaires, je repris avec eux l'étude de

cette question, et les relevés qui me sont maintenant transmis, me permettront dans l'avenir, de faire un rapport plus complet à ce sujet.

Avant le 1er février 1928, date de la mise en vigueur des " Statuts revisés du Canada, 1927", le traitement de l'Auditeur Général était, en totalité ou en partie, fixé par les Statuts (Statuts revisés, 1906, Chapitre 24, article 27 et amendements y apportés).

L'article 28 de la Loi du Revenu consolidé et de la Vérification, tel qu'il paraît dans les Statuts revisés 1927, (Chapitre 178), stipule que:

"Le Gouverneur Général peut, en vue d'un examen plus complet des Comptes publics du Canada, et pour qu'il en soit fait rapport à la Chambre des communes, nommer sous le grand sceau du Canada un fonctionnaire appelé l'Auditeur Général du Canada; et il peut être versé à ce fonctionnaire, à même le Fonds du Revenu consolidé, tel traitement que la loi peut autoriser";

Bien que "l'Auditeur Général reste en fonctions durant bonne conduite et ne peut être destitué que par le Gouverneur Général, sur une adresse du Sénat et de la Chambre des communes" (art. 29), et, que son traitement doive être payé à même le Fonds du Revenu consolidé, il n'est cependant, ce qui semble une anomalie, fixé par aucune loi.

Mes chefs de service et mon personnel en général ont encore fidèlement coopéré avec moi au cours de cette année, ce qui m'a permis d'effectuer, dans certains cas, une vérification plus complète et plus conforme aux prescriptions de la loi.

GEO. GONTHIER, L.I.C., C.A.,
Auditeur Général.

NOTES—

(a) Disbursements are charged and contributions credited directly to Consolidated Revenue Fund. Disbursements are greatly in excess of contributions chiefly for the reason that this is the oldest Superannuation Fund, having been superseded in 1893 by Fund No. 2. Most of those who were still contributing in 1924 transferred to Fund No. 5. *(b)* Treated as an open account. Receipts for this Fund include $108,-642.06 charged to Interest on Public Debt. *(c)* This is covered by a vote in the Supply Bill each year. No contributions were made by the employees retired under the Order in Council. *(d)* No contributions were received under this Act. Payments thereunder are charged directly to Consolidated Revenue Fund. *(e)* Treated as an open account. Receipts for this Fund include $1,402,210.32 as the Government's contribution, $666,960.67 charged to Interest on Public Debt, and $421,718.69 transferred from Retirement Fund. *(f)* Statutory; no contributions. *(g)* No contributions: covered by Votes in the Supply Bill with the exception of $10,499.92 which is statutory. *(h)* Contributions credited directly to Consolidated Revenue Fund. Of the disbursements $142,811.90 is authorized by statute and the remainder is charged to votes under the Supply Bill. *(i)* This amount is covered by votes in the Supply Bill. *(j)* Disbursements are charged and contributions credited directly to Consolidated Revenue Fund.

REMARQUES—

(a) Les déboursés sont débités et les versements crédités directement au Fonds du Revenu consolidé. Les déboursés dépassent considérablement les versements, principalement du fait que ce fonds de pension est le plus ancien ayant été remplacé en 1893 par le Fonds No. 2. En 1924 la plupart de ceux qui y contribuaient encore furent transférés au Fonds No. 5. *(b)* Considéré comme un compte spécial. Les recettes du Fonds No. 2 comprennent une somme de $108,642.06 débitée sur les intérêts de la dette publique. *(c)* Il y est pourvu chaque année par un crédit dans le Bill des Subsides. Aucune contribution n'a été versée par les employés ayant pris leur retraite en vertu d'un arrêté en conseil. *(d)* Aucune contribution percue en vertu de cette Loi. Les paiements ont été imputés sur le Fonds du Revenu consolidé. *(e)* Considéré comme un compte spécial. Les recettes du Fonds No. 5 comprennent: quote-part de l'Etat, $1,402,210.32; paiements imputables sur les intérêts de la dette publique, $666,960.67; virements du fonds de retraite, $421,718.09. *(f)* Statutaire. Il n'est percu aucune contribution. *(g)* Il n'est percu aucune contribution, un crédit du Bill des Subsides y pourvoyant, sauf pour une somme de $142,811.90 qui est statutaire. *(h)* Contributions créditées au Fonds du Revenu consolidé. Sur les déboursés, $141,296.86 sont autorisés par la Loi, la balance étant imputée sur des crédits du Bill des Subsides. *(i)* Couvert par les crédits du Bill des Subsides. *(j)* Les déboursés sont débités et les versements directement crédités au Fonds du Revenu consolidé.

NOTES.—REMARQUES.—

(*a*) 1926–27—Indian Affairs: Education expenses not included in statement in Vol. I, 1926–27.

(*b*) 1925–26—Legislation: Election costs not included in statement in Vol. I, 1926–27.

(*c*) 1927–28—Public Works: No separate statements of the revenue from the Yukon Telegraph Line were given for the years 1925–26 and 1926–27, and the receipts and disbursements included in the above statement for these years represent only those items reported by the various offices in the Territory. In 1927–28, complete details were available and the total revenue and expenditure of the Yukon Line are included in the amounts shown for that year. The correct apportionment of the transactions of this line between the Yukon Territory and British Columbia cannot be made and the figures shown under Public Works must be considered as approximations only.

(*a*) 1926–27—Affaires Indiennes—Education—Dépenses non comprises dans l'état paraissant au Vol. I, 1926–27.

(*b*) 1925–26—Législation—Le coût des élections n'est pas compté dans l'état paraissant au Vol. I, 1926–27.

(*c*) 1927–28—Travaux publics—Aucun état séparé des revenus des réseaux télégraphiques du Yukon ne fut fourni pour les années 1925–26 et 1926–27, et les revenus et les dépenses de ces années paraissant dans le tableau ci-dessus ne comprennent que ceux communiqués par les divers bureaux du territoire. On obtint en 1927–28 un état détaillé des recettes et des dépenses du Yukon et les montants en sont compris dans ceux de cette année. Il est difficile de faire une répartition exacte entre le Yukon et la Colombie Britannique des transactions de ce réseau, et les montants paraissant au Ministère des Travaux Publics ne sont qu'approximatifs.

Disputed Election Claim of Returning Officer

AUDIT OFFICE, December 17, 1927.

DEAR SIR,—I have the honour, in accordance with Section 77 of the Dominion Elections Act (10-11-Geo. V. Chap. 46) to submit for the decision of the Treasury Board the claim of Mr. Hedley V. Moores who was Returning Officer on the occasion of the By-Election in the electoral district of Victoria-Carleton held in the month of June last. The reference has been made necessary owing to a disagreement between the Chief Electoral Officer and myself as to Mr. Moores' legal right to that portion of his election expenses which was disallowed in this office, viz., $147. The particulars of the case are as follows:—

On the 12th of May, 1927, I received a notice from the Chief Electoral Officer that Mr. Moores had been appointed by Order in Council P.C. 811 as Returning Officer for the electoral district of Victoria-Carleton for the By-Election to be held on June 23rd. On the following day I sent to Mr. Moores a circular letter calling his attention to certain points of the financial administration of the election, Paragraph 8 of which reads: "Travelling Expenses Accounts which do not give the particulars cannot be settled and your attention is specially directed to Paragraph 26 of the Election Instructions which requires that the Deputy Returning Officers and Registrars be appointed on the same trip." The supplies for the Registrars sent to the Returning Officer contained the forms for the appointment of Deputy Returning Officers. Mr. Moores appointed the Registrars on May 20th and subsequent days to the 24th and therefore had completed the appointment of the Registrars in four days, with a mileage of 537 miles, twenty-three days before nomination. On May 30th and subsequent days to June 7th he made a special trip appointing Deputy Returning Officers and completed appointments in eight days, with a mileage of 588 miles, nine days before nomination day or sixteen days before polling day. He claimed that it was impossible to appoint the Registrars and Returning Officers on the same trip and said that this is a large constituency and takes some days to have the Registrars appointed and that it is always easier to get Registrars than Deputy Returning Officers and that if he tried to secure all these men on the same trip some of the Registrars would be very late in getting to work.

In dealing with his claim he was allowed the full mileage for appointing the Registrars but I have declined to make any allowance for the second trip appointing Deputy Returning Officers. This case has been referred to the Chief Electoral Officer under Section 77 of the Dominion Election Act and he disagrees with the decision made in this case. While admitting that it is suggested in the Election Instructions that the Deputy Returning Officers should be appointed at the same time as Rural Registrars he thinks that it is not at all times practicable to do so. In this there appears to be a difference of opinion and the Instructions of the Chief Electoral Officer together with the special instructions issued by me should have been carried out and if it was impossible to do so good reason should have been given why a second trip was made and this has not been done to my satisfaction. In this connection I would say that the Returning Officer in the general election of 1926, which was contested, did appoint both these classes of officials on the same trip and his mileage was very much less than that claimed by Mr. Moores for his work in the By-Election which was an acclamation.

I am enclosing for your information a copy of my circular letter and also a copy of the special instructions for By-Elections which are the instructions given to Mr. Moores by the Chief Electoral Officer, and I would refer you to Paragraph 26 of the Election Instructions to be found on page 15.

Yours very truly,

(Signed) GEO. GONTHIER, *A.G.*

The Secretary of the Treasury Board.

TREASURY BOARD, March 16th, 1928.

DEAR SIR,—The Treasury Board have considered your reference dated December 17, 1927, respecting claim of Hedley V. Moores, Returning Officer on the occasion of the by-election in the Electoral District of Victoria-Carleton, held in June, 1927.

The Board, having considered the circumstances in connection with this claim, and noting that the Chief Electoral Officer is in favour of payment, are of opinion that there is sufficient justification for payment of the balance.

Yours truly,

(Signed) GEO. W. HYNDMAN, *for Secretary.*

The Auditor General.

(NOTE)—*This letter was accepted as evidence that the Treasury Board had resolved under Sec. 77 of the Dominion Elections Act (10-11 Geo. V, Chap. 46) that the claim of the Returning Officer was sufficiently justified for payment and a cheque was issued accordingly.*

Employment of Official without Approval of Civil Service Commission

AUDIT OFFICE, October 27, 1928.

DEAR SIR,—On October 21st, 1927, and in previous years I wrote you calling attention to the employment of Kendall Turner as a Messenger Clerk in the Department of Marine and Fisheries without the authorization of the Civil Service Commission, as is required under the Civil Service Act.

A certificate has now been received from the Commission covering his temporary employment from October 16th inst. but no action has apparently been taken to legalize his previous employment. He has been employed from October 16th, 1922, to October 15th, 1928, in contravention of the provisions of the Civil Service Act.

Yours truly,

(Signed) GEO. GONTHIER, *A.G.*

The Secretary of the Treasury Board.

CORRESPONDANCE ÉCHANGÉE AVEC LE CONSEIL DU TRÉSOR

Réclamation contestée d'un officier rapporteur

BUREAU DE L'AUDITEUR GÉNÉRAL,

17 décembre 1927.

CHER MONSIEUR,—Conformément à l'article 77 de la Loi des élections fédérales (10-11 Geo. V, Chap. 46), j'ai l'honneur de demander au Conseil du Trésor de bien vouloir statuer sur la réclamation de M. Hedley V. Moores, officier rapporteur dans la circonscription de Victoria-Carleton, lors de l'élection complémentaire du mois de juin dernier. Je dois soumettre cette réclamation au Conseil à cause d'une divergence de vues existant entre le Directeur général des élections et moi sur la légalité du paiement d'une somme de $147.00 représentant une partie des dépenses électorales de M. Moores que je m'objectai à payer. Le cas est le suivant:—

Le 12 mai 1927, le Directeur général des élections me prévenait que par l'arrêté en Conseil C.P. 811, M. Moores avait été nommé officier rapporteur dans la circonscription de Victoria-Carleton, pour l'élection complémentaire du 24 juin. Le jour suivant, je faisais adresser à M. Moores une lettre circulaire attirant son attention sur certains points de l'organisation financière d'une élection et dont le huitième paragraphe était ainsi conçu: "Les frais de déplacement qui ne sont pas donnés en détail ne sauraient être payés et j'attire tout spécialement votre attention sur l'article 26 des Instructions électorales, spécifiant que les sous-officiers rapporteurs et les régistrateurs doivent être nommés au cours du même voyage". Les imprimés pour les régistrateurs, adressés à l'officier rapporteur, contenaient les formules de nominations des sous-officiers rapporteurs. M. Moores prit quatre jours pour nommer les régistrateurs, du 20 au 24 mai 1927, il parcourut dans ce but 537 milles et termina vingt-trois jours avant la date de la nomination. La nomination des sous-officiers rapporteurs prit huit jours, du 30 mai au 7 juin, nécessita à nouveau un parcours de 588 milles et fut terminée neuf jours avant la date de la nomination et seize avant celle du scrutin. M. Moores déclara qu'il était impossible de nommer les régistrateurs et les sous-officiers rapporteurs au cours du même voyage, que la circonscription était très étendue, qu'il fallait plusieurs jours pour nommer les régistrateurs, qu'il était toujours plus facile de trouver des régistrateurs que des sous-officiers rapporteurs, et que si l'on nommait ces fonctionnaires au cours du même déplacement, les régistrateurs seraient en retard pour commencer leur travail.

Lors du règlement de cette réclamation les frais de route nécessités par la nomination des régistrateurs furent payés en totalité, mais je me refusai au paiement de ceux du second déplacement.

Conformément à l'article 77 de la Loi des Elections fédérales, ce cas fut soumis au Directeur général des élections qui ne fut pas de mon avis. Tout en reconnaissant que les instructions électorales recommandent de nommer les sous-officiers rapporteurs et les régistrateurs au cours du même déplacement, il pensait qu'il n'était pas toujours possible de le faire. Tel est le point d'où résulta cette divergence d'opinions. On eût dû se conformer aux instructions du Directeur général des élections et aux instructions particulières que j'avais données, et, au cas où la chose n'eût pas été possible, donner des raisons valables pour expliquer la nécessité du second déplacement, ce qui ne fut pas fait à ma satisfaction. Je me permettrai de faire remarquer à ce sujet qu'au cours des

élections générales qui eurent lieu en 1926, l'officier rapporteur ne nomma pas ces deux classes de fonctionnaires au cours du même déplacement, cependant, ses frais de route furent beaucoup moins considérables que ceux réclamés par M. Moores, pour cette élection complémentaire qui eut lieu par acclamation.

Je joins à ma lettre une copie de ma circulaire et une copie des instructions spéciales sur les élections complémentaires qui furent données à M. Moores par le Directeur général des élections. Je vous refère aussi à l'article 26, pages 20 et 21, des Instructions électorales.

Votre tout dévoué,

(Signé) GEO. GONTHIER, *A.G.*

Le Secrétaire du Conseil du Trésor.

CONSEIL DU TRÉSOR, 16 mars, 1928.

CHER MONSIEUR,—Le Conseil du Trésor a examiné le cas que vous lui soumettiez dans votre lettre du 17 décembre 1927, relativement à la réclamation de M. Hedley V. Moores, officier-rapporteur dans la circonscription de Victoria-Carleton, lors de l'élection complémentaire de juin 1927.

Après avoir considéré les circonstances se rapportant à cette réclamation et noté que le Directeur général des élections était en faveur de son paiement, le Conseil est d'avis que la réclamation de M. Moores est suffisamment justifiée pour lui être payée.

Votre tout dévoué,

(Signé) GEO. W. HYNDMAN,
pour le Secrétaire du Conseil du Trésor.

L'Auditeur Général.

(REMARQUE).—*Je jugeai d'après cette lettre que conformément à l'article 77 de la Loi des Elections fédérales, (10-11 Geo. V., Chap. 46), le Conseil du Trésor considérait que la réclamation de l'Officier-rapporteur était fondée et devait lui être payée. Un chèque lui fut par suite adressé.*

Fonctionnaire employé sans l'autorisation de la Commission du Service Civil

OTTAWA, 27 octobre 1928.

CHER MONSIEUR,—Je vous écrivis le 21 octobre 1927, comme je l'avais déjà fait auparavant, pour vous signaler que contrairement aux dispositions de la Loi du Service Civil, Kendall Turner, était employé comme messager au Ministère de la Marine et des Pêcheries, sans l'autorisation de la Commission du Service Civil.

La Commission du Service Civil vient d'émettre un certificat autorisant sa nomination à titre temporaire à dater du 16 octobre courant, mais aucune mesure n'a été prise pour régulariser le temps où il fut employé en contravention de la Loi du Service Civil, soit du 16 octobre 1922 au 15 octobre 1928.

Votre dévoué,

(Signé) GEO GONTHIER, *A.G.*

Le Secrétaire du Conseil du Trésor.

PRECIS OF CORRESPONDENCE

The following is a precis of the correspondence between the Auditor General and the various departments with regard to observations and objections made in the course of the audit of their accounts for 1927-28.

CIVIL SERVICE COMMISSION

Cost of Living Bonus Payments

According to paylists submitted to this office additional payments corresponding to cost of living bonus were being made by some departments, with the approval of the Civil Service Commission, to certain of their employees whose dependents were over eighteen years of age and who were attending school or who were acting as housekeepers. As the existing regulations dealing with such payments did not grant authority for the bonus being paid in respect of any child over eighteen years of age, objection was taken to such payments until the regulations were amended to permit of same. On the recommendation of the Civil Service Commission the regulations were amended accordingly.

DEPARTMENT OF EXTERNAL AFFAIRS

Vote 10: London, Eng., High Commissioner's Contingencies, 1927-28

An official in accounting for an advance of £250 included charges which were not supported by itemized vouchers. I was informed that the required vouchers were not available, but that similar advances in future would be properly accounted for.

DEPARTMENT OF IMMIGRATION AND COLONIZATION

Purchase of Agricultural Machinery in England

A payment of £734.19.4 ($3,576.83) chargeable to Empire Settlement (Vote 57) was made to Massey Harris, Ltd., of London, Eng., for agricultural machinery supplied to three Imperial Government training farms in Great Britain and Northern Ireland.

In reply to my request the Department informed me that no other authority was obtained for this purchase than that coming from the Imperial Conference at which it was represented that the Imperial Government would appreciate the action of Canada in providing Canadian agricultural implements to assist in training youths destined for Canadian farms.

No further action was taken.

Payment of Overtime to Inspectors

Under regulations of the Civil Service Commission no officer in receipt of an annual salary of $2,000 or over shall be eligible to receive overtime pay. The flat increase of $120 awarded in the fiscal year under review has brought the salary of a number of officials who receive overtime pay over $2,000.

I objected to the payment of overtime in these cases. The Department, in reply, stated that to deprive these officials of overtime pay would mean that their yearly remuneration would be less than before the award of the flat increase. To meet my objection an Order in Council was subsequently passed on the recommendation of the Civil Service Commission raising the maximum salary limit to $2,100 which removes the difficulty referred to by the Department.

Refund to British Columbia of Portion of Chinese Head Tax Collected in 1923

During the fiscal year 1923-24, the last year of operation of the Chinese Immigration Act, Chap. 95, Revised Statutes 1906, $301,500 was collected as head tax on Chinese Immigrants entering Canada through British Columbia ports. A payment of $89,318 was made to the Province of British Columbia representing one-half of the above collections remaining after expenses and refunds had been deducted and provision made for possible future refunds, the sum of $25,414 being retained as the province's half of the amount estimated as required for these refunds. Since that year four refunds have been made reducing the amount held in suspense on March 31, 1927, to $24,414.

The Province of British Columbia requested that the balance held be paid to the Province and, on the assurance from the Department of Immigration that the number of probable refunds would not exceed twenty, I approved the payment of $19,414, the balance of $5,000 being retained by the Department in suspense to cover further refunds, as provided by Order in Council 1506 of July 22, 1919.

INSURANCE DEPARTMENT

Date of Eligibility for Statutory Increase

On the recommendation of the Department, a statutory increase and an increase in salary range from April 1st, 1927 were approved by the Civil Service Commission for one of the departmental officials. As this official had been at the maximum of his class it was considered that the statutory increase could not be effective until one year subsequent to the date of revision and promotion and I refused to approve the paylist covering the increase for 1927-28. Payment was afterwards approved from April 1st, 1928.

Mileage Allowance for use of Automobile

Travelling claims submitted by an officer of the Insurance Department included charges for use of his automobile for trips to destinations accessible by railway.

Attention was called to these charges pointing out that if the Department's business could have been carried out equally well by making use of the railways, the equivalent of the railway fares only should be allowed.

The reply of the Department was that the use of an automobile on these trips resulted in a considerable saving of time and permitted the officer to carry out duties at intermediate points which could not have been done if the trips had been made by rail.

I accepted this explanation and made no further objection.

INTERIOR DEPARTMENT

Living Allowances Granted to Certain Park Officials

Order in Council P.C. 36/1882 recommended that authority be granted to pay living allowances to certain Park Officials in Western Canada. The Civil Service Commission when asked if the Commission's approval had been obtained replied enclosing a copy of a letter from the Commission to the Interior Department stating that in the opinion of the Commission the Order in Council was ultra vires and consequently the living allowance should not be paid until approved by the Commission. According to vouchers sent me the Department has paid the allowances in question under its letter of credit.

I am of the opinion that the allowance should not have been paid until approved by the Commission.

Living Expenses of an Outside Official While in Ottawa

The attention of the Department was called to the continued payment of the living expenses of an outside official of the Department at Ottawa, when he was practically a resident of the city. In reply the Department stated that this official was still Superintendent of Jasper Park, which position entitled him to a free house; that he was brought to Ottawa to advise the Department on the re-organization of the Parks Branch and was considered as entitled to living expenses while absent on duty from his headquarters. On April 1st, 1928 this officer was appointed to a position in Ottawa and the allowance ceased from that date.

Transfer of Advances from Civil Government Contingencies to Dominion Lands and Parks

The Department applied for the transfer of two advances of $600 each. These advances had been made in favour of two officials at Ottawa and charged to Civil Government Contingencies in the first instance.

The Department was of opinion that as there was a special vote for an investigation in British Columbia and as the two officials in question were to be employed thereon it was deemed proper to charge their expenses on this vote instead of to Civil Government Contingencies. The application was then passed.

LABOUR DEPARTMENT

Expense Accounts, Government Annuities Agents

I called the attention of the Department to the absence of Treasury Board approval of removal expenses in the case of certain Government Annuities Agents as called for by Order of the Governor in Council and was informed by the Deputy Minister that as the Order in Council refers specially to Government employees it was not applicable to the Agents in question who are not Government employees but only agents employed by the Minister. The Deputy Minister stated that the question of the status of these agents had been discussed with the Department of Justice.

Under the Regulations approved by the Governor in Council, in conformity with the Annuities Act, the Minister is given power to employ such temporary assistance as in his opinion is required and upon such terms as may be agreed upon. Removal expenses are considered part of the allowances to the Agents. All the appointments so far have been of a temporary nature.

The point was also raised as to the competency of the Minister to determine the rate of remuneration. The Deputy Minister informed me that he was of opinion that the power of appointment implied also the power to determine the rate of remuneration, but apart from this question he felt that as the Annuities Branch is more or less in the experimental stage it was deemed best to deal with each case separately. There are therefore no fixed terms of remuneration.

In view of the Treasury Board Minute which provides that no removal expenses may be granted to employees "except on the report of the Treasury Board", it may be questioned whether the power given to the Minister by the Governor in Council, in connection with the employment of such temporary assistance as he considers necessary and upon such terms as may be agreed upon, relieves him of the legal obligation of obtaining the approval of the Treasury Board for all removal expenses.

Payment to Province of British Columbia *re* Old Age Pensions

Upon the receipt of the first application dated March 5, 1928, for a cash certificate in favour of the Province of British Columbia for $54,900.50, being the amount claimed as the federal government's proportion of disbursements by the province under the Old Age Pensions Act for the period ending December 31, 1927, I asked the Department if the province is required to forward to the Department the paid pension cheques, as evidence of payment, and if not what information is on record in the Department to verify the amount for which application is made by the province. I was informed that the Department did not ask the province to forward the paid pension cheques as it would have been impossible to check them all, as many would be outstanding. I was also informed that the audit conducted by the Department for the period in question consisted of a thorough check of the evidence on file in Vancouver as to the eligibility of those to whom pensions were paid.

Subscriptions for Newspapers Not Charged to Contingencies

Payments for subscriptions to newspapers and periodicals during the fiscal year amounting to $1,809 were charged to Vote 261, Conciliation and Labour Act. In reply to my inquiry as to why this expenditure was not charged to the Contingencies Vote as directed by the Contingencies Act, the Department informed me that it is the practice to include an amount in the appropriation for Conciliation and Labour to cover subscriptions to newspapers and periodicals. As Vote 261 provides only for "Conciliation and Labour Act", I informed the Department that if it is the intention to obtain the authority of Parliament for the payment of newspapers and periodicals from the vote provided for Conciliation and Labour Act, it should be so specified in the Supply Bill, otherwise the expenditure should be charged to Civil Government Contingencies.

DEPARTMENT OF MARINE AND FISHERIES

Additional Payments on Coal Purchased in 1926-27

During the fiscal year 1927-28 the Department paid three firms at Quebec the sum of $3,880.89 in addition to the amount previously paid for coal notwithstanding that the vouchers in support of payment in the first instance had been certified by the proper departmental officers—"prices fair and just".

In explanation of this extra payment the Department informed me that an increase in the price of coal at Quebec to $10.50 per ton was authorized on December 1, 1926, said increase to be retroactive to October 30, 1926. A number of purchases made after October 30 were paid at $8.90 a ton and the extra payments were made to adjust the difference in price.

The large increase in the cost of coal at Quebec during the fall of 1926 was owing to the unsettled and acute condition of the coal market due to the strike in Great Britain which resulted in a large portion of our Canadian Coal being exported to that country.

As the increased amount has been paid by the Department under its letter of credit no further objection was raised.

Authorization of the Sale of Land

Minute No. 4355 of the Government Contracts Supervision Committee, dated March 23, 1928, authorized the acceptance of a tender submitted for the purchase of the land and buildings at Cole Shoal Front Light near Brockville. I directed the attention of the Committee to the fact that its duties as outlined by Order in Council P.C. 1632, dated August 17, 1923, do not include the disposal of land and pointed out that the Committee is limited to the powers and duties allotted to it by Order in Council.

The sale of the property in question was subsequently authorized by Order in Council P.C. 690, dated May 2, 1928, as required by section 39 of the Public Works Act.

Dominion Shipbuilding and Repair Company Ltd.—Trust Account

The sum of $40,017.63 was deposited to a Cash Suspense Account in the Department of Finance; this amount being part of the balance of cash in the hands of the liquidator of the insolvent Dominion Shipbuilding & Repair Company, Ltd. A further amount of $5,000 was deposited in a Trust Account in the name of A. R. Tibbits to meet any unforeseen claims that might be subsequently established in connection with the estate.

In view of the provisions under section 35 of the Consolidated Revenue and Audit Act that all public moneys from whatever source of revenue derived should be deposited to the credit of the Receiver General, I asked the Department for the authority under which a trust fund of this nature has been established. The Department replied that the money in question is not regarded as public money, but money received from funds which were the property of the liquidator and were held until the estate was closed. The Department informed me that a detailed account will be forwarded at an early date.

Expenses of Departmental Officers Engaged on the Work of the Commission on Fishing Industry

The Order in Council (P.C. 1949 of October 7, 1927) appointing the Commission of Inquiry to investigate the fishing industry of the Maritime Provinces and the Magdalen Islands directs that the cost of the Commission including expenses of departmental officers assigned to accompany the Commission shall be a charge on the Parliamentary appropriation to assist in the conservation and development of the deep-sea fisheries and the demand for fish.

The attention of the Department was called to travelling expenses of three officers of the department incurred while engaged on the work of the Commission that had been charged to the Marine and Fisheries Vote for Civil Government Contingencies of 1927-28 and it was suggested that these expenses be transferred in accordance with the direction contained in the Order in Council.

In reply the Department stated that the suggested transfer if made would occasion an overdraft in the vote for conservation and development of the deep-sea fisheries but that similar expenses incurred in the year 1928-29 would be charged as directed.

Form of Cheques Issued by Marine Agents

The attention of the Department of Marine and Fisheries was drawn to the fact that the form of cheque in use at the Marine Agencies and the Sorel Shipyard does not comply with that authorized by Order in Council dated June 27, 1888, and by a Minute of the Treasury Board, dated June 13, 1903.

I was informed that the cheques required for the fiscal year 1928-29 would be printed and numbered to conform to the authorized requirements.

Gratuities to Relatives of Deceased Employees

Under Section 56 of the Civil Service Act (R.S.C. 1927, Chap, 22) a gratuity of two months' salary may be paid to relatives of deceased employees. As Section 57 of the Act directs that the provisions of that Act shall not apply to any position on any ship of His Majesty the question as to whether this gratuity might be paid to the relatives of any officer or member of the crew of a government vessel was referred by me to the Deputy Minister of Justice who gave the opinion that the gratuity was not payable in such cases. This opinion was communicated to the Department of Marine and Fisheries.

Meteorological Service—Outstanding Cheques

Letter of Credit cheques in favour of the Canadian National Railways amounting to $14,510.68, drawn against the appropriation of 1925-26 for Meteorological Service were outstanding on March 31, 1927. These cheques were in settlement of accounts rendered by the Canadian National Telegraphs for messages from outlying points and wireless stations in connection with the Meteorological Service, and were drawn but not issued, being retained in the Department pending adjustment of rates. A number of cheques were drawn under similar circumstances in 1926-27. I pointed out to the Department the irregularity of this practice and I have been informed that the cheques in question have been cashed and thus removed from the outstanding list.

New Engines for Pilot Boats at Halifax

Order in Council P.C. 1543 was passed on August 11, 1927, authorizing an expenditure of $17,000 out of the Parliamentary Appropriation for Administration of Pilotage for the purchase of more powerful engines for the two pilot vessels of the district of Halifax. As these vessels belong to the pilotage authorities of that district I enquired if the amount of this expenditure would be refunded to the Government. The Department informed me that they will not be required to refund the amount in question.

Personnel of Expedition to Hudson Strait and Hudson Bay

I called the Department's attention to Order in Council P.C. 40/1316, July 4, 1927, authorizing additional remuneration to certain permanent members of the Civil Service, who were engaged during the year in the expedition to investigate conditions of navigation in Hudson Strait and Hudson Bay, from the date of the departure of the Expedition until its return to Halifax, and stated that in my opinion payment of such remuneration would be a contravention of section 17 of the Civil Service Act (Chap. 22, R.S.C. 1927). The Department replied that it had applied to the Civil Service Commission for certificates approving of the additional remuneration, under subsection 2, section 17 of the Civil Service Act. I pointed out to the Department that as the additional payments in question are not "separate annual salaries" as provided in subsection 2, they could not be authorized under that subsection, but that a vote of Parliament would be necessary to legalize their payment in view of the provisions of subsection 1, section 17 of the Civil Service Act.

No reply has been received to this letter.

Prince Rupert Drydock and Engineering Company—Amount Deposited to Trust Account

I called attention in my report for the fiscal year 1925-26 (page 240, Vol. I) to a Trust Fund established in the names of A. R. Tibbits of the Department of Marine and Fisheries and W. E. Hodges, a trustee of the Shipbuilding Co., to the amount of $40,000, from which payments might be made for remuneration and other claims for which the trustee was personally responsible.

I have made occasional enquiries as to the disposition made of this fund and have been informed (May 15, 1928) that a settlement will be effected at an early date when a full statement of disbursements will be sent me.

No statement has been received as yet.

DEPARTMENT OF MINES

Employment of Experts—Vote 256—1927-28

The Department employed several technologists on the authority of the Governor in Council only, when a lump sum rather than a regular salary was provided as remuneration in each instance.

On my pointing out the necessity of the approval of the Civil Service Commission for such appointments, the Department obtained the required Civil Service certificates.

Insurance Premium Deductions from Salary Paylists

In the Civil Government salary paylists submitted to this office by the Mines Department it was observed that deductions were being made from the monthly salaries of some of the employees to cover the premiums on policies issued to them by an insurance company. As this practice had not been permitted in the past and as it is not desirable nor advisable that the departments include on their paylists any amounts or transactions of a personal nature between the employees and outside organizations, I refused to approve the paylist with these items included, and it was amended in accordance with my objection.

DEPARTMENT OF NATIONAL DEFENCE

Vote 103—Air Force—Differences in Prices Charged

On March 30, 1928, I called the attention of the Department to a marked difference in the prices charged for vegetables supplied during the month of May 1927 by two Toronto firms to the Air Force at Camp Borden and the Permanent Force at Stanley Barracks.

The Department has not yet replied to my letter.

Battlefields Memorials, Vote 344—1927-28

A pensioned officer was re-employed by the Battlefields Memorials Commission as Chief Engineer, on a monthly salary basis.

Under the Militia Pension Act, salary and pension payments combined shall not exceed, in such case, the amount of pay and allowances on which pension has been computed.

From October 1, 1927, to March 31, 1928, however, both pay and pension were continued in full—the overpayment aggregating $1,291.80.

The Department has informed me in reply to my inquiry that no further payments on account of salary will be made to this officer until the overpayments to which attention has been called have been refunded. In view of the fact that employment by the Commission is not continuous, it is considered by the Department impracticable to make adjustments monthly.

Militia Pensions Abatements' Refund

The Department applied for four cheques totalling $1,917.15 in favour of four re-enlisted warrant officers for pension abatements from dates of re-enlistment.

Supporting the application was a copy of an opinion of the Judge Advocate General that "as a soldier's service in the Permanent Force, subsequent to his original retirement therefrom to pension can count neither for any increase in pension nor for a second pension, deductions after re-enlistment should not be made."

After the Department, on my suggestion, had obtained an Order in Council (P.C. 84/81 dated January 16, 1928) authorizing the payments, the application was passed.

Payment in Addition to Amount Allowed under Workmen's Compensation Act

A civilian workman who sustained injuries while engaged on the work assigned to him at the Quebec Arsenal was allowed compensation under the Workmen's Compensation Act to the amount of $1,402.69.

In addition to this amount the Paymaster of Military District No. 5, Quebec, paid on his behalf $252 for medical attendance. I asked for explanation of this additional payment and the Department informed me that under the Quebec Workmen's Compensation Act of 1909 no allowance was made for medical attendance, but in 1926 the Act as amended makes provision for allowance of this nature.

As the medical attendance was rendered in the present instance and the claim was supported by detailed vouchers the Department paid the amount, deeming it a proper charge against the Government, as employer.

Under the law at present in force the additional payment of $252 would be included in the compensation allowed under the Workmen's Compensation Act.

Promotions Authorized before Necessary Provision Made in Supply Bill

Promotions were authorized by the Civil Service Commission for certain employees of the Department. As provision had not been made in the Supply Bill for 1927-28 for the resultant increases in salary, the paylist covering the increases was not approved for payment in that year. Provision was subsequently made in the Supply Bill for 1928-29 and I certified the paylist covering the increases which were then paid.

Two Months' Salary Gratuity to Relatives of Deceased Employees

The Department in computing the two months' gratuity claimed for the widow of a deceased employee included the value of living quarters as salary on the ground that such inclusion was reasonable and in harmony with the principle followed in dealing with superannuation abatements.

In objecting to this view of the case I pointed out that the procedure in connection with the Superannuation abatements did not apply to the two months' gratuity to relatives of deceased employees. The Department then referred the point in dispute to the Department of Justice. The Deputy Minister of Justice ruled that the value of living quarters might quite properly be treated as salary in computing the amount of the two months' salary authorized by the Civil Service Act in favour of relatives of deceased employees and as a consequence of this opinion I made no further objection to the amounts which had been paid by the Department under its letter of credit.

DEPARTMENT OF NATIONAL REVENUE

Payment for Overtime Services

In examining payments for Overtime services it was found that officers at several ports were paid for services in excess of that generally provided for in the regulations.

The Departmental regulations with respect to Special and Overtime services of Customs and Excise officers provide that overtime shall be computed only as authorized in respect of services on holidays and in excess of ten hours per day on other days, also that the minimum overtime to be allowed on one day, not being a Sunday or other holiday, is two hours except "under special circumstances."

The Commissioner of Customs informed me that the provisions of these regulations are generally observed but that exceptions are made in certain cases when warranted by local conditions "under special circumstances."

I made no further objections.

Refund of Excise Duty to the Tuckett Tobacco Co., Ltd.

An application was received from the Department of National Revenue for the payment of $26,647.89 to the Tuckett Tobacco Company, Ltd., being a refund of Excise duty paid on imported raw leaf tobacco contained in exported manufactured tobacco and cigarettes. The exported goods consisted of cigarettes exported to Central America in March, 1927 and manufactured tobacco exported to China in August and September, 1927, the application for refund of duty paid being made by the Company on January 20, 1928.

I called the attention of the Department to section 146 of the departmental regulations governing refunds of duty paid on imported raw leaf tobacco which provide that application for refund should be made on the first day of each quarter for the preceding quarter and I inquired why the provision in this regard was not complied with in this case.

I was informed by the Commissioner of Excise that the delay in making application for the refund of duty was caused by the difficulty in obtaining proof of the landing of the goods at destination in the case of export to foreign countries within the period fixed by regulation and that the object of such regulation is to provide against unnecessary delay in filing claims for refunds of duty.

In view of this explanation and the assurance of the Department that the exporter made reasonable effort to secure the required evidence in regard to the landing of the goods at the port of destination I passed the application for refund.

Revenue Collected for Other Departments not Reported in Collectors' Bank Statements

In examining the monthly bank statements rendered by the Collectors of Customs and Excise it was found that in accounting for special revenue collected on behalf of other Departments, such as fees on account of the Sick Mariners' Fund, Steamboat Inspection and Bills of Health, it is the general practice for Collectors to report such receipts on the deposit side of their "Bank Account

Statement", but in the case of the Collector at Port Hawkesbury, N.S., it was found that this practice was not followed although remittances of such receipts were made by official cheques. Upon directing the attention of the Department to this matter the Commissioner of Customs informed me that the Collector at Port Hawkesbury has been instructed to show on his bank statement in future both deposits and withdrawals of this revenue.

Travelling Expenses of Income Tax Officer

I had occasion to question the payment of certain items amounting to $118.60, for entertainment purposes, charged in a travelling expense account of an official of the Income Tax Branch in connection with his attendance before the Judicial Committee of the Imperial Privy Council in London.

The Commissioner of Income Tax informed me that he understood the approval of this expenditure by the former Commissioner of Taxation was sufficient authority upon which the payment might be allowed by this Office.

I am of opinion that expenditure of this nature should not be incurred unless previously authorized by the Treasury Board.

POST OFFICE DEPARTMENT

Expenditure not Approved by the Governor in Council

The sum of $117.10 was paid to John Sorowski in settlement for personal injuries caused by a mail bag being thrown from a mail car by the railway mail clerk in charge.

In reply to my inquiry as to the authority for the payment in question I was informed that the mail clerk was held responsible for the injuries sustained by Mr. Sorowski, and the clerk being unable to pay the claim at the time, the Department advanced the amount, and the sum of $10 per month is being deducted from his salary until the advance is liquidated.

Expenditure Incidental to the Celebration of the Diamond Jubilee of Confederation

I called the attention of the Department to twenty-six accounts amounting to $1,974.28 incidental to the celebration of the Diamond Jubilee of Confederation which were paid from Vote 358, Miscellaneous Post Office—Outside Service, notwithstanding that Parliament had provided an appropriation (Vote 323) to meet expenses incidental to the celebration of the Sixtieth Anniversary of Confederation.

In explanation I was informed that the Department co-operated in the Celebration by entering Post Office floats in special parades and pageants at a number of points throughout Canada under the impression that the National Committee would share the expense in connection therewith. When an adjustment of the expenditure was finally made, the Department was reimbursed by the National Committee to the extent of only $150.

Expenses—Old Home Week at Guelph

I called the attention of the Department to cheque No. 2441 issued in favour of J. A. Sullivan, Postmaster at Guelph for $80, being for expenses incurred for a Post Office Float at the Guelph Old Home Week.

I was informed that the float, taking the place of a postal exhibit, proved to be an excellent means of advertising the services rendered by the Post Office Department, and the cost thereof was considered a legitimate charge against the Post Office Appropriation.

Returns of Postal Revenue

In the statement of Revenue and the deductions for payments therefrom I find charges which I consider should be covered by further statements and vouchers, particularly with reference to the sale of rural mail boxes and miscellaneous revenue and the charges for losses by fire, burglary, etc., and the indemnity paid to owners of lost parcels.

The Department considered that the difficulties in obtaining the additional information were greater than the advantages to be obtained, but have promised to supply me with sufficient information to enable me to make test audits.

PRINTING AND STATIONERY DEPARTMENT

Insurance Premium Deductions From Salary Paylists

In the salary paylists submitted to this Office by the Department it was observed that monthly deductions were being made from the salaries of some of the employees to cover premiums on policies issued to them by an insurance company. As this practice had not been permitted in the past and as it is not desirable nor advisable that the departments include on their paylists any amounts or transactions of a personal nature between the employees and outside organizations I objected to the deductions being made without the approval of the Government. The practice was discontinued, after a few months.

DEPARTMENT OF PUBLIC WORKS

Increase in Rates of Pay to Skilled Labour Classes

Order in Council P.C. 1053 of June 29, 1922, exempted from the operation of the Civil Service Act certain skilled labour classes who were paid at prevailing rates with the proviso that the rates will be such as are recommended by the Department and approved by the Governor in Council. In the year 1927-28, increases were made in the rates of pay for certain classes and I requested the Department to obtain the authority of the Governor in Council. The Department reported that they had applied for authority of Council to pay the labour staffs such rates as are approved by the Department of Labour. Copy of the Order has not at this date (November 1) been received in this office.

Increase of Salary Not Properly Authorized

An Order in Council was passed under section 49 of the Civil Service Act, 1918, by which a salary of $3,960 was authorized for the Minister's Private Secretary. As the Private Secretary was a permanent employee of the Government it was pointed out to the Department that section 49 did not apply to him unless he resigned his permanent position. As he did not resign the paylist was not approved and the increase in salary was not paid.

DEPARTMENT OF RAILWAYS AND CANALS

Annual Leave Granted to Seasonal Employees

The Department of Railways and Canals for the first time granted leave of absence with pay to certain seasonal canal employees with not less than one season's service at the close of the navigation season in 1927 under authority of section 46 of chap. 22, R.S.C. 1927, such leave being determined by the proportion which the period of their seasonal employment bears to the full year.

I questioned the propriety under the statute of granting annual leave to employees of this nature and asked for the opinion of the Civil Service Commission in the matter. The Secretary informed me that, while the Civil Service Commission is not in a position to give a ruling in this connection, the employees in question are considered by the Commission to be eligible for sick or special leave based upon their actual months of service and it would appear that they might also be considered eligible for annual leave in the same way.

At the request of the Department of Railways and Canals the following opinion of the Deputy Minister of Justice was obtained on the question:—"In my opinion, such permanent seasonal employees are eligible, under said sec. 46, to be granted a yearly leave of absence, after they have been at least one year in the service, and I think this period may be counted from the date of any such employee's original appointment. I may add that I see no legal objection to the basis upon which the period of leave of absence granted to such employees is computed, nor to such leave being granted to them at the close of their season's employment."

In view of this opinion, I will not raise any objection to leave of this nature in future.

Canals Revenue Received From the Canada Sugar Refining Company

The attention of the Department of Railways and Canals was called to the receipt of $7,230 on November 9, 1927 through the Montreal office of the Lachine Canal from the Canada Sugar Refining Company for arrears of hydraulic rentals from April 1, 1924 to March 31, 1927.

I was informed by the Deputy Minister that this Company had been using certain water pipes without proper authority and that as a result of a conference with the Company the sum of $7,230 was agreed upon in settlement of arrears due and that pending further information the matter of bringing the Company under license or lease is in abeyance.

Payment from Railway Grade Crossing Fund

I received an application from the Department of Railways and Canals in favour of the Canadian National Railways for $53,916.36 chargeable to the Railway Grade Crossing Fund. A considerable portion of this amount was claimed on account of work performed prior to the coming into force of the amendment to the Railway Act (June 15th, 1926) under which the amount payable was increased from twenty-five to forty per cent of the actual cost of construction.

I raised the question as to whether there is power to apply the increased percentage of contribution authorized by the amendment to the Act to expenditure incurred prior to the coming into force of such legislation. I was informed by the Deputy Minister that in the opinion of the Board of Railway Commissioners such contributions may be allowed and had been authorized by the Board in a similar case previously.

In view of this opinion I did not offer further objection.

ROYAL CANADIAN MOUNTED POLICE

Hospital and Funeral Expenses of the Late Assistant-Commissioner, R. S. Knight; Special Expenditure to be Authorized by the Governor in Council

The attention of the Commissioner of the Royal Canadian Mounted Police was called to a payment of $890.95 made by that Department from the appropriation for Subsistence, etc., on account of hospital, medical and funeral expenses of the late Assistant Commissioner, R. S. Knight. I pointed out to the Commissioner that before special expenditure of this nature may be made a charge on public funds the authority of the Governor in Council should be obtained to that effect.

The Commissioner informed me that in future if similar expenditure should become necessary proper authority of the Governor in Council would be obtained therefor.

SOLDIERS' CIVIL RE-ESTABLISHMENT

Payment of Grant of $5,000 from Vote 294

I called the attention of the Department of Soldiers' Civil Re-Establishment to an Order in Council of the 23rd March, 1928, authorizing a grant of $5,000 to be charged to Vote 294, pointing out that the vote did not provide for the payment of grants; and further that the name of the Committee to which this payment was to be made was not mentioned nor were the names of the principal officers given in the Order in Council. The Department subsequently furnished the names required, stating that as the amount had been paid under the Departmental Letter of Credit, notwithstanding that the grant had not been specially authorized by Parliament nothing further could now be done but "a copy of the Order in Council would be laid upon the table of Parliament."

Insurance of Government Property

I called the Department's attention to a payment of $336 covering premium of insurance on the pavilion attached to the Shaughnessy hospital used in connection with the treatment of former members of the forces suffering from tuberculosis.

I have been informed that the use of this pavilion, which is the property of Canadian Base Hospital Fund was granted to the Department under an agreement between the Trustees and the Department, a condition of the agreement being that the Department would carry an insurance of $14,000 and pay the premiums thereon from time to time.

As the Order in Council directing that the Government should undertake to underwrite its own risks does not seem to apply in this case, I accepted the Department's explanation as satisfactory.

DEPARTMENT OF TRADE AND COMMERCE

Appointment of Director of Publicity

Under Vote 545 of the Supply Bill for the fiscal year 1927-28 provision to the amount of $50,000 was made for publicity and advertising including a salary of $4,000 per annum for Herbert M. Chisholm, Director of Publicity.

Under the authority of an Order in Council Mr. Chisholm was appointed to this position but as I had some doubt as to the power of the Governor in Council to make this appointment without a certificate from the Civil Service Commission I asked the Department of Justice for a ruling on the question.

The Deputy Minister in reply informed me that in his opinion the appointment of Mr. Chisholm under Order in Council was valid and that under the conditions of the vote a Civil Service Certificate was not necessary; also that Mr. Chisholm is a permanent employee in the sense that his appointment endures during pleasure and is eligible so far as appointment and permanent status are concerned to come under the Civil Service Superannuation Act, 1924.

Binding of Grain Inspection Records

Notwithstanding that the Public Printing and Stationery Act provides that all official printing or binding shall be done by or under the direction of the King's Printer, the Board of Grain Commissioners placed the binding of the inspection records with Stovel Company, Limited, Winnipeg. My objection to this procedure was referred to the King's Printer by the Department accompanied by their explanation that it is an economy both as to time and money to have this work done locally. The King's Printer stated that my contention was correct, but agreed that in this case it would be satisfactory if the Board submitted to him a requisition to cover the work to be done; he would then place the work with a suitable firm, and the account would be forwarded him for payment.

Exchange on Government Cheques

I called the Department's attention to certain payments made by the Board of Grain Commissioners for commission or discount claimed by certain banks on Government cheques as being contrary to Section 98 of the Bank Act, Chapter 12 of the R.S.C., 1927. I have been informed that claims of this nature will not be allowed in future by the Department.

Open Freight Account

By authority contained in subsection 6, section 112 of the Canada Grain Act (chapter 86, R.S.C., 1927), credits are issued to the Board of Grain Commissioners from time to time as required, from which the elevators pay freight charges and inspection and weighing fees. Freight and other charges when collected are deposited to the credit of the Receiver General.

It has been the practice of the Department to close out the Freight Account at March 31st by showing equal amounts expended and refunded, leaving no outstanding balance. As in the ordinary course it is not possible to collect to a certain date all freight charges paid by the elevators to that date the reconciliation of the account has been arrived at by applying refunds of freight collected in a subsequent fiscal year against payments made during the preceding year. Obviously this statement did not show the actual standing of the Account at the close of any fiscal year. I informed the Department that in my opinion subsection 6, section 112 of the Canada Grain Act would be complied with if the statement as at March 31st should include: (*a*) payments and corresponding amounts refunded to that date; (*b*) amounts still uncollected.

I directed the attention of the Department to the practice of paying from the Freight Account: (*a*) Freight, inspection and weighing charges on surplus grain at Interior Elevators shipped to the Port Arthur Elevator to facilitate better sale; (*b*) Inspection and weighing fees on screenings or surplus grain sold by the Elevators f.o.b. track basis. These charges in my opinion should be paid from the Elevator Contingencies.

I also informed the Department that savings made by the Elevators arising from the application of transit on sales of screenings or surplus grain, or from any other source should not be credited to the Freight Account as has been the practice, but to the revenue of the Elevator.

The Department accepted my views regarding these points and the annual statement of the Open Freight Account as at March 31, 1928, was prepared accordingly.

PRÉCIS DE CORRESPONDANCE

Ce précis est un résumé de la correspondance échangée entre l'Auditeur Général et les Ministères au sujet d'observations et d'objections auxquelles donna lieu la vérification des comptes de 1927-28

COMMISSION DU SERVICE CIVIL

Boni pour cherté de vie payé sans autorisation

Certains Ministères, avec l'approbation de la Commission du Service Civil, avaient consenti à quelques-uns de leurs employés des paiements additionnels correspondant au montant de l'indemnité compensatrice pour cherté de vie, bien que les enfants à leur charge aient plus de 18 ans, suivent des cours ou s'occupent des soins du ménage. Comme, d'après les règlements en vigueur, aucune indemnité ne doit être accordée pour un enfant ayant dépassé 18 ans, je m'objectai à ces paiements tant que les règlements n'auraient pas été amendés. Sur la recommandation de la Commission du Service Civil, ces règlements furent depuis amendés pour régulariser ces paiements.

MINISTÈRE DES AFFAIRES EXTÉRIEURES

Bureau du Haut Commissaire, Londres—Dépenses contingentes—1927-28

En rendant compte d'une avance de £250, un fonctionnaire de ce Ministère ne fournit pas de pièces justificatives donnant le détail de certaines dépenses. Je fus prévenu par le Ministère qu'il ne lui était pas possible de fournir ces pièces, mais qu'à l'avenir ces avances seraient dûment justifiées.

MINISTÈRE DE L'IMMIGRATION ET DE LA COLONISATION

Achat de machines agricoles en Angleterre

On paya à même le crédit 57 "Projet d'Établissement Impérial", une somme de £734.19.4 ($3,576.83), à la Massey Harris, Ltd., de Londres, pour des machines agricoles qui furent données à trois fermes d'entraînement en Angleterre et dans le Nord de l'Irlande.

Ayant demandé en vertu de quelle autorité avait été fait cet achat, le Ministère me répondit que ce fut sur le seul désir manifesté par le Gouvernement Impérial durant la Conférence Impériale d'avoir des machines agricoles canadiennes pour l'entraînement des jeunes gens devant s'installer sur des fermes au Canada.

La question en est restée là.

Paiement d'heures supplémentaires à des inspecteurs

D'après les règlements de la Commission du Service Civil, aucun fonctionnaire touchant un salaire annuel de $2,000, ou plus, n'a droit à des paiements additionnels pour heures supplémentaires de travail. Par suite de l'augmentation uniforme de $120, accordée au cours de l'année à tous les employés du Service Civil, le salaire de plusieurs employés ayant droit aux heures supplémentaires fut porté à plus de $2,000.

M'étant objecté à ces paiements le Ministère me répondit que s'ils étaient supprimés le salaire de ces employés serait inférieur à celui qu'ils touchaient avant l'augmentation. Un arrêté en Conseil, pris dans la suite sur la recommandation de la Commission du Service Civil, porta le maximum du salaire de ces employés à $2,100, faisant ainsi disparaître les difficultés signalées et régularisant les paiements.

Remboursement à la Colombie Britannique d'une partie de la taxe d'entrée perçue en 1923 sur les Chinois

Au cours de l'année financière 1923-24, dernière année où fut en vigueur la loi sur l'Immigration chinoise (Chap. 95, S.R.C. 1906), une somme de $301,500 fut perçue dans les différents ports de la Colombie-Britannique comme taxe d'entrée sur les immigrés chinois. Après déduction des dépenses et des remboursements, et qu'un montant suffisant eût été prévu, au cas où de nouveaux remboursements viendraient à se produire, la moitié du produit net restant était dû à la province, sur lequel on lui versa une somme de $89,318. Le montant retenu pour faire face à ces remboursements était de $25,414. Depuis quatre remboursements furent effectués laissant au 1er avril 1927, une balance de $24,414 au crédit de la province.

La Colombie-Britannique demanda que cette balance lui soit versée, et le Ministère de l'Immigration m'ayant assuré que le nombre probable de remboursements ne dépasserait pas vingt, j'autorisai le paiement d'une somme additionnelle de $19,414, $5,000, étant retenus par le Ministère pour des remboursements possibles, conformément à l'arrêté en Conseil 1506, du 22 juillet 1919.

DÉPARTEMENT DES ASSURANCES

Employé n'ayant pas droit à l'augmentation statutaire

Le Ministère, avec l'approbation de la Commission du Service Civil, demandait, à dater du 1er avril 1927 une augmentation statutaire pour un de ses employés appartenant à une classe dont le salaire venait d'être relevé, ces deux augmentations devant prendre effet à la même date. Cet employé touchant déjà le salaire maximum de sa classe, je fus d'avis que l'augmentation statutaire ne pourrait être accordée qu'à dater d'un an de la revision et de la promotion. Je refusai d'approuver les bordereaux de paie pour 1927-28, mais je les approuvai à partir du 1er avril 1928.

Frais de route d'un employé s'étant servi de son automobile

Un fonctionnaire du Département des Assurances comprit dans ses frais de route les dépenses de son automobile dont il avait fait usage pour se rendre dans des localités desservies par le chemin de fer. Je fis remarquer au Ministère que si ce fonctionnaire avait pu s'acquitter de ses devoirs d'une façon satisfaisante en voyageant en chemin de fer, on ne devait lui payer qu'un montant équivalent à celui du prix des billets.

Le Ministère me répondit qu'en se servant de son automobile, ce fonctionnaire avait pu réaliser une économie notable de temps et que de plus, il avait pu se rendre dans les localités qui n'étaient pas desservies par une voie ferrée.

J'acceptai cette explication et ne fis plus d'objections.

MINISTÈRE DE L'INTÉRIEUR

Indemnités de vivres et de logement aux employés d'un parc

L'arrêté en Conseil, C.P. 36/1882, recommandait d'accorder des indemnités de vivres et de logement aux employés d'un parc de l'Ouest du Canada. La Commission du Service Civil, à qui je demandai si elle avait autorisé ces paiements, me communiqua la copie d'une lettre adressée par elle au Ministère de l'Intérieur où elle déclarait que l'arrêté en Conseil était *ultra vires* et que par suite l'indemnité ne devrait être payée qu'après avoir été approuvée par elle.

D'après les pièces justificatives qui m'ont été fournies, le Ministère continua le paiement de ces indemnités sur les fonds de ces lettres de crédit.

Je suis d'avis que ces indemnités n'auraient dû être payées qu'après avoir été approuvées par la Commission du Service Civil.

Indemnité de logement et de vivres à un fonctionnaire du service extérieur séjournant à Ottawa

J'attirai l'attention du Ministère sur ce qu'il continuait de verser une indemnité de vivres et de logement à un fonctionnaire du service extérieur résidant maintenant à Ottawa. Le Ministère me répondit que ce fonctionnaire était encore surintendant de Jasper Park, position lui donnant droit à un logement gratuit, et qu'appelé à Ottawa pour aviser le Ministère dans la réorganisation du service des Parcs, il n'était que juste de lui allouer une indemnité aussi longtemps qu'il serait absent de sa résidence habituelle. Ce fonctionnaire ayant été nommé à Ottawa le 1er avril 1928, on cessa de lui verser cette indemnité à partir de cette date.

Virement d'avances du crédit "Dépenses contingentes" au "Domaine de l'Etat et Parcs"

Le Ministère avait en premier lieu imputé au crédit "Dépenses contingentes", deux avances de $600 chacune consenties à deux de ses employés devant prendre part à une enquête en Colombie Britannique. Pensant dans la suite qu'il serait plus juste d'imputer ces avances à un crédit voté pour cette enquête, le Ministère demanda l'autorisation d'en faire le virement à ce vote, ce qui lui fut accordé.

MINISTÈRE DU TRAVAIL

Comptes de dépenses—Agents des rentes viagères de l'Etat

J'attirai l'attention du Ministère sur ce que contrairement à un arrêté du Gouverneur en son Conseil les frais de déménagement de certains agents des rentes viagères de l'Etat avaient été payés sans l'autorisation du Conseil du Trésor. Le Sous-ministre me répondit que cet arrêté visait spécialement les employés du Gouvernement et non cette catégorie de fonctionnaires employés par le Ministre, et dont le statut avait été discuté avec le Ministère de la Justice.

D'après les règlements approuvés par le Gouverneur en son Conseil, conformément à la loi des rentes viagères, le Ministre a plein pouvoir pour nommer les auxiliaires temporaires qu'il estime lui être utiles, et fixer de gré à gré leur traitement; leurs frais de déménagement sont considérés par le Ministère comme en faisant partie. Jusqu'à maintenant, toutes ces nominations ont été faites à titre temporaire.

Je mis également en doute le droit du Ministre à fixer le montant du traitement de ces agents. Le Sous-ministre me répondit, qu'à son avis, le pouvoir de nommer ces employés sous-entendait celui de fixer leur traitement et que le service des rentes viagères étant plus ou moins dans une période d'expérimentation, il avait paru préférable de traiter chaque cas en particulier et de ne pas établir d'échelle de salaires.

Comme une minute du Conseil du Trésor stipule qu'aucun employé n'a droit à des frais de déménagement "sauf sur avis du Conseil du Trésor", on peut mettre en doute si l'arrêté en Conseil autorisant le Ministre à nommer les auxiliaires temporaires dont il estime avoir besoin et à fixer de gré à gré le montant de leur traitement, le dispense d'obtenir l'autorisation du Conseil du Trésor pour payer leurs frais de déménagement.

Paiement à la province de la Colombie Britannique *re* retraites pour la vieillesse

Je recevais le 5 mars 1928 la première demande pour autoriser le paiement à la province de la Colombie Britannique d'une somme de $54,900.50, représentant le montant dû à cette province, le 31 décembre 1927, pour la couvrir des déboursés faits par elle pour le Gouvernement fédéral par suite de l'application de la loi des retraites pour la vieillesse. Je demandai au Ministère si la province était tenue de lui transmettre comme preuve de paiement, les chèques de pension retirés, ou à défaut, comment il vérifiait l'exactitude du montant réclamé. Le Ministère me répondit qu'il ne lui était pas possible d'exiger l'envoi des chèques émis en paiement de pensions, beaucoup étant impayés, mais qu'il faisait vérifier, à Vancouver, tous les chèques pour s'assurer qu'ils n'avaient été émis qu'en faveur de personnes rentrant dans les catégories prévues par la loi.

Abonnements à des journaux non imputés aux dépenses contingentes

Bien que d'après les dispositions de la "Loi des Dépenses contingentes" on doive payer les abonnements aux journaux ou revues sur le crédit des "Dépenses contingentes", au cours de l'année, le Ministère imputa au crédit 261 "Loi de la

Conciliation et du Travail" un montant pour payer des abonnements. En réponse à ma demande de renseignements, le Ministère m'informa qu'il était d'usage de prévoir et d'inclure dans le crédit de la Conciliation et du Travail un montant pour payer ces abonnements. Je lui fis alors remarquer que s'il avait l'intention d'obtenir l'autorisation du Parlement pour payer des abonnements à même le vote, Loi de la Conciliation et du Travail, il devrait le spécifier dans ses demandes de crédit, autrement tous les abonnements doivent être imputés au crédit: "Gouvernement civil: Dépenses contingentes".

MINISTÈRE DE LA MARINE ET LES PÊCHERIES

Paiement additionel pour du charbon acheté en 1926-27

Durant l'année financière 1927-28, le Ministère paya pour du charbon acheté l'année précédente, une somme additionnelle de $3,880.89 à trois firmes de Québec, bien qu'au moment de l'achat les fonctionnaires du Ministère aient certifié que le prix payé était juste et raisonnable.

Pour expliquer ce paiement additionnel le Ministère m'informa que le 1er décembre 1927, le prix du charbon à Québec, fut porté à $10.50 par tonne et que ce prix devait avoir un effet rétroactif sur toutes les ventes consenties depuis le 30 octobre précédent. Plusieurs achats ayant été faits depuis cette date au prix de $8.90 le paiement additionnel représentait le montant de la différence entre ces deux prix. La forte hausse qui se produisit à Québec au cours de l'automne de 1926, résultait de la situation irrégulière du marché et de la grève des mineurs anglais qui nécessita l'exportation en Angleterre d'une grande partie du charbon canadien.

Le Ministère ayant payé cette augmentation sur les fonds de ses lettres de crédit, je n'élevai pas de nouvelles objections.

Autorisation de vente de terrain

Par la minute N° 4355, en date du 23 mars 1928, le Comité de Surveillance des contrats du Gouvernement acceptait une soumission pour l'achat d'un terrain et de bâtiments situés à Cole Shoal Front Light, près de Brockville. Je fis remarquer au Comité que ses pouvoirs, tels que définis par arrêté en Conseil (C.P. 1632, 17 août 1923), ne s'étendaient pas aux ventes de terrain et qu'il ne devait pas les dépasser.

Le 2 mai 1928, un arrêté en Conseil (C.P. 690), autorisa la vente en question, conformément aux dispositions de l'article 39 de la Loi des Travaux publics.

"Dominion Shipbuilding and Repair Co. ltd.", Compte fiduciaire

Une somme de $40,017.63 représentant une partie de l'argent liquide se trouvant entre les mains du liquidateur de la faillite de la "Dominion Shipbuilding & Repair Co. Ltd." fut versée à un compte provisoire du Ministère des Finances. Une somme additionnelle de $5,000 fut versée à un compte fiduciaire ouvert au nom de A. R. Tibbits et devait servir au paiement des réclamations imprévues pouvant se produire au cours de la liquidation.

L'article 35 de la loi du Revenu consolidé et de la Vérification stipulant que tous les fonds publics, quelle qu'en soit la source, doivent être déposés au crédit du Receveur général, je demandai au Ministère en vertu de quelle autorité il avait ouvert un compte fiduciaire de cette nature. Le Ministère me répondit que ces fonds n'étaient pas considérés comme fonds publics, mais comme appartenant au liquidateur et étaient retenus par lui jusqu'à la fin de la liquidation. Le Ministère m'a prévenu que je recevrais sous peu un relevé détaillé de ce compte.

Dépenses d'employés du Ministère ayant pris part aux travaux de la Commission sur l'industrie de la pêche

L'arrêté en Conseil (C.P. 1949, 7 octobre 1927), nommant une commission d'enquête pour étudier les conditions de l'industrie de la pêche dans les Provinces Maritimes et aux îles de la Madeleine stipule que les frais de la Commission, et ceux des fonctionnaires du Ministère devant l'accompagner, doivent être imputés au crédit voté par le Parlement pour "favoriser la conservation et le développement des pêcheries de haute mer et encourager la vente du poisson".

Je fis remarquer au Ministère que les frais de déplacement de trois de ses employés avaient été chargés en 1927-28 aux dépenses contingentes de la "Marine et des Pêcheries", bien que ces déplacements aient été nécessités par les travaux de la Commission, et je demandai que, conformément aux dispositions de l'arrêté en Conseil, ils soient portés au crédit voté dans ce but par la Chambre.

Le Ministère me répondit que si ces dépenses étaient imputées à ce crédit, elles seraient cause d'un dépassement, mais qu'en 1928-29, elles seraient imputées en conformité des dispositions de l'arrêté en Conseil.

Formule des chèques émis par les agents de la Marine

J'attirai l'attention du Ministère de la Marine et des Pêcheries sur ce que les chèques dont se servaient les agents de la Marine et des chantiers maritimes de Sorel n'étaient pas conformes à la formule approuvée par un arrêté en Conseil du 27 juin 1888 et par une minute du Conseil du Trésor en date du 13 juin 1903.

Je fus prévenu que les chèques émis au cours de l'année financière 1928-29 seraient imprimés et numérotés conformément à cette formule.

Gratifications aux familles d'employés décédés

D'après l'art. 56 de la Loi du Service Civil (S.R.C. 1927, Chap. 22), les parents des employés décédés peuvent recevoir une gratification égale à deux mois de salaire. Comme l'article 57 stipule que tous les membres des équipages des navires de Sa Majesté ne sont pas soumis aux dispositions de cette Loi, je demandai au Sous-Ministre de la Justice si les parents des officiers ou marins décédés ayant appartenu aux équipages des navires du Gouvernement avaient droit à cette gratification, il me répondit qu'à son avis ils n'y avaient pas droit et j'en informai le Ministère de la Marine.

Service météorologique—Chèques impayés

Des chèques sur lettres de crédit, au montant de $14,510.68, émis en faveur du Chemin de fer national du Canada et imputés sur les crédits du Service météorologique de 1925-26, étaient encore impayés le 31 mars 1927. Ces chèques, qui étaient retenus en attendant l'ajustement des taux, avaient été émis en paiement des comptes présentés par le "Canadian National Telegraph" pour des communications télégraphiques du Service météorologique avec les postes éloignés, ou par sans-fil. En 1926-27, des chèques semblables furent également émis. Je fis remarquer au Ministère combien cette façon de procéder était irrégulière, et il m'informa que ces chèques avaient depuis été encaissés et ne figuraient plus sur la liste des chèques impayés.

Moteurs neufs pour les bateaux pilotes d'Halifax

L'arrêté en Conseil, C.P. 1543, en date du 11 août 1927, autorisait à même le crédit parlementaire pour l'administration du pilotage une dépense de $17,000 pour l'achat de moteurs plus puissants pour les deux bateaux pilotes du district d'Halifax. Ces navires appartenant aux pilotes, je m'informai s'ils devraient rembourser cette somme. Le Ministère m'informa que les pilotes ne seraient obligés à aucun remboursement.

Fonctionnaires ayant fait partie de l'expédition dans la baie et le détroit d'Hudson

J'attirai l'attention du Ministère de la Marine et des Pêcheries sur un arrêté en Conseil, C.P. 40/1316, en date du 4 juillet 1927, autorisant de payer un salaire supplémentaire à certains employés permanents du Service Civil ayant pris part à l'expédition chargée d'étudier les conditions de la navigation dans le détroit et la baie d'Hudson. L'augmentation devait prendre effet à dater du départ de l'expédition et cesser le jour de son retour à Halifax. J'avisai le Ministère que ces paiements étaient faits contrairement aux dispositions de l'article 17 de la Loi du Service Civil (Chap. 22, S.R.C. 1927). Le Ministère me répondit qu'il s'était basé sur le paragraphe 2 de l'article 17 de cette loi et s'était adressé à la Commission du Service Civil lui demandant des certificats approuvant ces paiements supplémentaires. Je fis alors remarquer que ces paiements n'étant pas des "appointements annuels distincts" tels que prévus au paragraphe 2, l'on ne pouvait les autoriser en vertu de ce paragraphe, mais que d'après les dispositions de l'alinéa 1 de l'article 17 un vote du Parlement était nécessaire pour qu'ils soient légaux. Cette lettre est restée sans réponse.

"Prince Rupert Drydock and Engineering Company." Somme déposée à un compte fiduciaire

Dans mon rapport de 1925-26 (page 252—Vol. 1), je mentionnai qu'une somme de $40,000 avait été versée à un compte fiduciaire ouvert aux noms de A. R. Tibbits, du Ministère de la Marine et de W. E. Hodges, administrateur de la "Shipbuilding Company". Cette somme devait servir à payer des salaires ou d'autres réclamations dont l'administrateur était personnellement responsable.

M'étant enquis de l'emploi de ces fonds il me fut répondu (15 mai 1928) qu'un règlement aurait lieu sous peu et que l'on me communiquerait un état détaillé de tous les déboursés. Je n'ai pas encore reçu cet état.

DÉPARTEMENT DES MINES

Service de techniciens—Crédit 256

Le Département des Mines employa plusieurs techniciens sur la seule autorité d'un arrêté du Gouverneur en son Conseil accordant une somme globale au lieu d'un traitement déterminé dans chaque cas.

Ayant fait remarquer au Département que ces nominations devaient être approuvées par la Commission du Service Civil il obtint dans la suite les certificats nécessaires.

Déduction sur des traitements pour payer des primes d'assurances

Certains fonctionnaires du Département des Mines ayant souscrit des polices d'assurance, je constatai que les primes en étaient payées au moyen de retenues sur leur salaire faites par le Département. Cette façon de procéder n'ayant pas été permise auparavant et, comme il n'est ni à souhaiter ni à conseiller, que les Ministères s'occupent des transactions personnelles conclues par leurs employés avec des organisations étrangères au Gouvernement, je me refusai d'approuver ces bordereaux de paie, et ils furent modifiés conformément à mes objections.

MINISTÈRE DE LA DÉFENSE NATIONALE

Différence dans les prix payés

Le 30 mars 1928 je demandai au Ministère d'expliquer la forte différence dans les prix payés à deux firmes de Toronto pour des légumes fournis au mois de mai au Camp Borden et aux casernes Stanley.

Le Ministère n'a pas encore répondu à ma lettre.

Monuments commémoratifs sur les champs de bataille—Crédit 344—1927-28

La Commission des Monuments sur les champs de bataille retint comme ingénieur en chef, en lui allouant un traitement mensuel, un officier ayant pris sa retraite.

La loi sur les pensions militaires stipule que le cumul d'une pension et d'un traitement ne doit être supérieur au montant de la solde et des allocations ayant servi de base pour établir le montant de la pension.

La pension et le traitement de cet officier continuèrent d'être payée en totalité du 1er octobre 1927 au 31 mars 1928 occasionnant un paiement en trop de $1,291.80.

En réponse à mes observations le Ministère me prévint que cet officier ne toucherait plus de traitement tant que l'excédent de paiement n'aurait pas été liquidé, et que les services de cet officier n'étant pas requis d'une façon continue, il n'était pas possible d'établir un montant mensuel fixe.

Pensions militaires—Retenues

Le Ministère fit la demande de quatre chèques d'un total de $1,917.15 pour rembourser à quatre sous-officiers rengagés, les retenues faites sur leur pension depuis leur rengagement.

Il appuyait sa demande en reproduisant l'opinion du Juge avocat général d'après laquelle "les services d'un soldat dans l'armée permanente, après sa première mise à la retraite ne comptant ni pour une augmentation de pension, ni pour une seconde pension, on ne doit faire aucune retenue sur sa solde après son rengagement."

Le Ministère ayant sur ma demande obtenu un arrêté en Conseil (C.P. 84/81, 16 janvier 1928), autorisant ce paiement, j'approuvai le remboursement.

Paiement additionnel au montant autorisé par la Loi sur les accidents du travail

En s'acquittant d'un travail qui lui avait été confié dans l'arsenal de Québec, un ouvrier civil fut blessé, et, en vertu de la Loi sur les accidents du travail, toucha une somme de $1,402.69.

En plus de cette somme, le payeur du district militaire N° 5, Québec, lui versa $252.00 pour soins médicaux. Je demandai des explications au Ministère sur ce paiement additionnel. Il me répondit que la Loi du Québec sur les accidents du travail, 1906, ne prévoyait pas d'indemnités pour les soins médicaux, mais qu'ils étaient prévues par les modifications apportées à cette loi en 1926.

La demande de paiement des soins médicaux étant accompagnée de pièces justificatives détaillées, le Ministère jugea qu'ils devaient être payés, le Gouvernement devant être regardé comme un employeur.

D'après la loi actuellement en vigueur, le paiement additionnel de $252 serait compris dans l'indemnité prévue par la loi sur les accidents du travail.

Promotions faites avant que les fonds nécessaires aient été votés

La Commission du Service Civil autorisa la promotion de plusieurs fonctionnaires du Ministère de la Défense nationale, mais comme le Bill des Subsides de 1927-28 ne prévoyait pas les fonds nécessaires pour les augmentations résultant de ces promotions, je refusai d'approuver les bordereaux de paie. Je les approuvai en 1928-29, les fonds nécessaires ayant été votés.

Gratification de deux mois de salaires aux familles d'employés décédés

En calculant le montant des deux mois de salaires demandés pour la veuve d'un de ses employés, le Ministère fit entrer en compte l'indemnité de logement, alléguant qu'il ne faisait que se conformer au règlement concernant les retenues de retraites.

Je refusai de partager ce point de vue et je fis remarquer que les gratifications aux familles d'employés décédés ne devaient pas être calculées d'après les règlements régissant les retenues de retraite. Le Ministère soumit alors le cas au Ministère de la Justice, le Sous-ministre de la Justice décida que l'indemnité compensatrice de logement pouvait être regardée comme faisant partie du traitement et comprise dans le montant de la gratification de deux mois de salaires accordée par la loi du Service Civil aux familles d'employés décédés. Je ne m'objectai plus à ces paiements que le Ministère avait fait sur les fonds de ses lettres de crédit.

MINISTÈRE DU REVENU NATIONAL

Paiement d'heures supplémentaires de travail

En vérifiant les paiements pour heures supplémentaires de travail, on remarqua que dans plusieurs bureaux douaniers, ils étaient supérieurs à ceux prévus par les règlements du Ministère.

D'après ces règlements, les employés des Douanes et de l'Accise n'ont droit à des heures supplémentaires de travail que si elles ont été faites en plus des dix heures réglementaires, ou un jour férié, et sauf les dimanches ou jours fériés, ou dans des "circonstances exceptionnelles", on ne doit même en tenir compte que si la durée du travail a été d'au moins deux heures.

Le Commissaire des douanes me prévint que d'une façon générale ces règlements étaient observés, mais que l'on était parfois obligé de s'en écarter par suite des conditions locales ou de "circonstances exceptionnelles".

Je n'élevai plus alors aucune objection.

Remboursements de droits d'accise à la "Tuckett Tobacco Co. Ltd."

A la suite d'une réclamation de la "Tuckett Tobacco Co. Ltd.", en date du 20 janvier 1928, le Ministère du Revenu National demanda l'autorisation de rembourser à cette compagnie une somme de $26,647.89, montant de droits d'accise payés par elle sur des importations de tabac en feuilles. Ce tabac, après avoir été manufacturé, fut expédié en Amérique centrale en mars 1927 sous forme de cigarettes, et en août et septembre de la même année en Chine, comme tabac à fumer.

Je fis remarquer au Ministère que l'article 146 de ses règlements visant le remboursement de droits sur les importations de tabac en feuille, stipulait que la demande de remboursement devait être faite le premier jour du trimestre suivant celui où l'importation avait eu lieu et demandai pourquoi dans ce cas ce règlement n'avait pas été observé.

Le Commissaire de l'accise me prévint que dans les cas d'exportation le retard était dû à la difficulté de se procurer dans le temps fixé les preuves attestant que les marchandises avaient été débarquées à la destination indiquée et que le règlement n'avait en vue que d'empêcher des délais injustifiés dans les demandes de remboursements.

Par suite de cette explication, et de l'assurance que me donna le Ministère, que l'exportateur s'était efforcé d'obtenir en temps voulu les preuves du débarquement des marchandises en question, j'autorisai le remboursement.

Sommes encaissées pour d'autres Ministères ne figurant pas dans les états de banque d'un receveur des douanes

La vérification mensuelle des états de banque des receveurs de la douane et de l'accise, fit ressortir que, contrairement à la coutume générale, le receveur de Port Hawkesbury, N.-E., ne faisait pas paraître dans son état de compte de banque les dépôts des sommes perçues pour d'autres Ministères, telles que: droits pour le fonds des marins malades, droits provenant de l'inspection des bateaux ou du service de la santé, bien que les remises de ces sommes aient été faites par chèques officiels. Le Commissaire des Douanes m'informa que ce receveur avait été prévenu d'avoir à l'avenir à faire figurer dans son état de compte de banque tous les encaissements et retraits.

Frais de voyage d'un fonctionnaire du Bureau de l'Impôt sur le Revenu

Je mis en doute la régularité du paiement de certains frais de représentation, au montant de $118.60, qu'un fonctionnaire de l'Impôt sur le revenu, cité devant le Comité judiciaire du Conseil Privé Impérial de Londres, avait inclus dans ses dépenses de voyage.

Le Commissaire de l'Impôt sur le Revenu m'informa que ces frais avaient été approuvés par l'ancien commissaire des taxes qui, à son avis, avait autorité pour le faire.

Je suis d'avis que de semblables dépenses ne doivent être payées qu'après avoir été approuvées par le Conseil du Trésor.

MINISTÈRE DES POSTES

Dépense non approuvée par le Gouverneur en son Conseil

John Sorowski ayant été blessé par un sac de dépêches jeté d'un wagon poste par un ambulant toucha une indemnité de $117.10.

Ayant demandé au Ministère sur quelle autorité il s'était appuyé pour faire ce paiement, il me répondit que l'employé était tenu responsable de l'accident, mais que n'étant pas en état de payer cette somme en une seule fois de Ministère la lui avait avancée et retenait $10 par mois sur son salaire, jusqu'à complet remboursement.

Dépenses pour la célébration du Jubilé de la Confédération

Bien que le Parlement ait voté des fonds pour faire face à la célébration du 60e anniversaire de la Confédération (crédit 323), le Ministère, à la suite de la célébration du Jubilé de Diamant, paya à même le crédit 358 "Postes: Divers, services extérieurs", vingt-six comptes formant un total de $1,974.28.

M'étant enquis des raisons de ce paiement, le Ministère me répondit qu'il avait pris part à la célébration du Jubilé en faisant figurer des chars allégoriques dans des cavalcades et des pageants qui eurent lieu dans plusieurs villes du Canada, pensant que le Comité National prendrait à sa charge une partie de ces dépenses, mais lors du règlement final ce Comité ne lui avait versé que $150.

Dépenses: "Old Home Week," Guelph

Un chèque, N° 2441, du montant de $80, fut émis par le Ministère des Postes en faveur de J. A. Sullivan, maître de poste à Guelph pour le rembourser du coût d'un char allégorique postal ayant figuré aux fêtes de la "Guelph Old Home Week".

Le Ministère m'informa que ce char avait remplacé une exposition postale, que c'était un moyen très efficace de publicité pour faire connaître les services rendus par les postes et qu'il n'était que juste d'en faire supporter les frais au crédit de ce Ministère.

Rapports du revenu des Postes

Dans les paiements faits à même les revenus des Postes je remarquai certaines charges qui, à mon avis, devraient être accompagnées de pièces justificatives ou de relevés plus détaillés, tout particulièrement en ce qui concerne la vente de boîtes postales dans les campagnes, les revenus divers, les dépenses résultant de pertes par suite de feu, de vol, etc., et les indemnités versées aux propriétaires d'objets perdus.

Le Ministère est d'avis que les difficultés que l'on éprouverait à se procurer des informations supplémentaires ne seraient pas compensées par les avantages que l'on en retirerait. Il m'a toutefois promis de me fournir des informations suffisantes pour permettre une vérification partielle (test audit) de ces paiements.

DÉPARTEMENT DE L'IMPRIMERIE ET DE LA PAPETERIE

Déduction sur des traitements pour payer des primes d'assurance

Certains fonctionnaires du Département de l'Imprimerie et de la Papeterie ayant souscrit des polices d'assurance, je constatai que les primes en étaient payées au moyen de retenues sur leurs salaires faites par le Département. Cette façon de procéder n'ayant pas été permise auparavant et comme il n'est ni à souhaiter ni à conseiller que les Ministères s'occupent des transactions personnelles conclues par leurs employés avec des sociétés étrangères au Gouvernement, je m'opposai à ce que les retenues soient faites sans l'autorisation du Gouvernement. Elles furent discontinuées au bout de quelques mois.

MINISTÈRE DES TRAVAUX PUBLICS

Augmentation de salaire des ouvriers spécialistes

Un arrêté en Conseil (C.P. 1053), en date du 29 juin 1922 stipulait que certaines catégories d'ouvriers spécialistes ne seraient pas placées sous le contrôle de la Commission du Service Civil et toucheraient un salaire équivalent au salaire courant, sous condition qu'il soit approuvé par le Ministère et autorisé par le Gouverneur en son Conseil. Les salaires de certaines catégories de ces ouvriers ayant été relevés en 1927-28, je demandai au Ministère d'obtenir à ce sujet l'autorisation du Gouverneur en son Conseil, il me répondit qu'il avait demandé au Conseil l'autorisation de payer à ces ouvriers un salaire égal à celui approuvé par le Ministère du Travail. Aucun arrêté en Conseil autorisant ces paiements ne m'était parvenu le 1er novembre 1928.

Augmentation de traitement irrégulièrement autorisée

D'après un arrêté en Conseil passé conformément à l'article 49 de la Loi du Service Civil, 1918, un traitement de $3,960 était accordé au Secrétaire particulier du Ministre. Je fis remarquer au Ministère que le secrétaire particulier étant fonctionnaire permanent, l'article 49 ne pourrait lui être appliqué qu'après qu'il aurait donné sa démission. Comme il ne démissionna pas, le bordereau de paie ne fut pas approuvé et l'augmentation de traitement ne lui fut pas payée.

MINISTÈRE DES CHEMINS DE FER ET CANAUX

Congé annuel accordé aux employés saisonniers

Pour la première fois, le Ministère des Chemins de fer et Canaux, se basant sur l'article 46 du Chap. 22, S.R.C. 1927, accorda des congés payés à certains employés saisonniers des canaux, ayant au moins une saison de service à la fermeture de la navigation. Ces congés étaient accordés proportionnellement à la durée du service saisonnier en prenant comme base le temps de congé auquel donne droit un an de service.

Je mis en doute la légalité d'accorder des congés payés à des employés de cette catégorie et je demandai à la Commission du Service Civil de me faire connaître son opinion sur ce point. Le Secrétaire me répondit que la Commission, tout en n'étant pas en situation d'établir une règle à ce sujet, regardait ces employés comme ayant droit aux congés de maladie ou aux congés spéciaux, en tenant compte de leur temps de service effectif, et que par suite ils sembleraient avoir droit aux congés annuels.

A la demande que lui adressa le Ministère des Chemins de fer et Canaux le Sous-ministre de la Justice, fit la réponse suivante: "A mon avis, en vertu dudit art. 46, les employés saisonniers permanents, étant depuis un an au moins dans le service, ont droit à un congé annuel, et je suis d'avis que ce temps peut être calculé en se basant sur la date de la nomination de l'employé. J'ajouterai que je ne vois rien dans la Loi s'opposant à la façon dont est calculé le temps de congé de ces employés, ni à ce qu'il leur soit accordé à la fin de leur saison de travail".

Par suite de cette opinion, je ne ferai plus aucune objection quand de semblables congés seront accordés.

Revenus des Canaux provenant de la "Canada Sugar Refining Company"

On attira l'attention du Ministère des Chemins de fer et Canaux sur un versement d'arriérés de $7,230, effectué le 9 novembre 1927, par la "Canada Sugar Refining Co." au bureau du canal de Lachine, à Montréal, pour une location de force hydraulique, allant du 1er avril 1924 au 31 mars 1927.

Le Sous-ministre m'informa que cette Compagnie avait fait usage de certaines conduites d'eau sans avoir obtenu l'autorisation nécessaire et qu'à la suite d'une conférence avec les Directeurs de la compagnie, on fixa d'un commun accord le montant dû à $7,230, et qu'en attendant de nouvelles informations, la question d'accorder à la Compagnie soit une licence, soit une concession, était toujours en suspens.

Paiement à même le Fonds des passages à niveau des chemins de fer

Je reçus une demande du Ministère des Chemins de fer et Canaux pour autoriser le paiement au Chemin de fer National d'une somme de $53,916.36 à même le fonds des passages à niveau. Une partie considérable de cette somme était réclamée pour des dépenses engagées antérieurement à la mise en vigueur de l'amendement apporté le 15 juin 1926 à la Loi des Chemins de fer et Canaux et en vertu duquel le coût réel de la construction était augmenté de 25 à 40 p. 100.

Je mis en doute s'il était permis d'appliquer l'augmentation de pourcentage autorisé à des dépenses engagées avant la mise en vigueur de l'amendement, mais le Sous-ministre me fit savoir que d'après l'avis des membres de la Commission des Chemins de fer cette augmentation pouvait être autorisée, et l'avait même été auparavant dans un cas semblable.

A la suite de ces explications, je ne fis plus aucune objection.

GENDARMERIE ROYALE À CHEVAL DU CANADA

Frais d'hôpital et frais funéraires de feu R. S. Knight, Com. adj.; dépenses spéciales devant être autorisées par le Gouverneur en son Conseil

J'attirai l'attention du Commissaire de la Gendarmerie Royale du Canada sur un paiement de $890.95 fait à même le crédit "Subsistances", pour les frais funéraires et d'hôpital du Commissaire adjoint, R. S. Knight. Je lui fis remarquer qu'avant d'employer les fonds publics à des dépenses de cette nature, il était nécessaire d'obtenir l'autorisation du Gouverneur en son Conseil.

Le Commissaire me répondit que si, à l'avenir, une dépense semblable était encore nécessaire l'on obtiendrait auparavant cette autorisation.

MINISTÈRE DU RÉTABLISSEMENT DES SOLDATS

Allocation de $5,000, à même le crédit 294

J'attirai l'attention du Ministère du Rétablissement des soldats dans la vie civile sur un arrêté en Conseil en date du 23 mars 1928, autorisant de payer à un Comité de Toronto une allocation de $5,000 à même le crédit 294. Je faisais

observer que ce crédit ne prévoyait pas le paiement d'allocations, et qu'en outre l'arrêté en Conseil ne mentionnait ni le nom du Comité, ni celui des personnes le composant. Le Ministère me donna ces noms dans la suite, et ajouta que l'allocation ayant été payée sur les fonds de ses lettres de crédit, bien que n'ayant pas été autorisée spécialement par le Parlement, il ne restait qu'à "déposer une copie de l'arrêté en Conseil sur la table de la Chambre des communes".

Assurance des propriétés du Gouvernement

J'attirai l'attention du Ministère sur le paiement d'une prime d'assurance de $336, pour un pavillon dépendant de l'hôpital Shaughnessy et où sont en traitement d'anciens soldats atteints de tuberculose.

On me répondit que ce pavillon appartenait au "Canadian Base Hospital Fund" dont les fidéicommissaires, après entente avec le Ministère, lui en avaient cédé la jouissance. L'une des conditions était que le pavillon serait assuré pour une somme de $14,000, les primes en devant être payées à échéance par le Ministère.

Comme l'arrêté en Conseil d'après lequel le Gouvernement doit être son propre assureur ne semble pas devoir s'appliquer à ce cas, j'acceptai les explications du Ministère.

MINISTÈRE DU COMMERCE

Nomination d'un directeur de la publicité

Le Bill des Subsides pour l'année financière 1927-28, crédit 545, prévoyait une somme de $50,000, pour réclame et publicité, dans laquelle étaient compris $4,000, montant annuel du traitement de Herbert Chisholm, directeur de la publicité.

M. Chisholm avait été nommé par arrêté en Conseil, mais comme je mettais en doute que le Gouverneur en son Conseil eut le pouvoir de faire cette nomination sans un certificat de la Commission du Service Civil, je demandai au Ministère de la Justice de me donner son opinion à ce sujet.

Le Sous-ministre me répondit que la nomination de M. Chisholm par arrêté en Conseil était légale et que, d'après les termes du crédit, il n'était pas nécessaire d'obtenir un certificat de la Commission du Service Civil. Il ajoutait que M. Chisholm devait être considéré comme fonctionnaire permanent, puisqu'il pouvait occuper cette position aussi longtemps qu'il plairait au Ministère et que, d'après sa nomination et sa permanence il tombait sous le coup de la Loi des pensions du Service Civil, 1924.

En vue de cette opinion je n'élevai plus de nouvelles objections.

Reliure des documents de l'inspection des grains

Bien que d'après la Loi de l'Imprimerie et de la Papeterie tous les travaux officiels d'imprimerie et de reliure doivent être exécutés par l'Imprimeur du Roi, ou sur ses ordres, la Commission des grains fit relier ses documents d'inspection par "Stovel Company Limited", de Winnipeg. Le Ministère en prévenant

l'Imprimeur du Roi que je m'objectais à cette manière de procéder ajoutait qu'en faisant exécuter ces travaux sur place l'on réalisait une économie de temps et d'argent. L'Imprimeur du Roi reconnut la justesse de mes objections et déclara, que dans un tel cas, il suffit pour que la Commission se conformât à la loi que, par son entremise, ces travaux soient confiés à une firme locale et réglés par lui.

Change sur chèques du Gouvernement

Je fis remarquer au Ministère qu'en contravention de l'article 98 de la Loi des Banques (Chap. 12, S.R.C. 1927), les membres de la Commission des grains avaient payé à certaines banques une commission ou un escompte sur des chèques du Gouvernement. Le Ministère m'informa qu'à l'avenir il ne serait plus tenu compte de semblables réclamations.

Compte spécial de fret

Conformément à l'alinéa 6 de l'article 112 de la Loi du Canada sur les grains (Chapitre 86, S.R.C. 1927), des crédits pour payer le fret et les droits d'inspection et de pesée dans les élévateurs, peuvent, s'il est nécessaire, être accordés de temps à autre aux Commissaires des grains. Quand ces divers déboursés sont recouvrés, ils sont déposés au crédit du Receveur Général.

Le Ministère avait coutume d'arrêter ce compte de fret au 31 mars et de n'y laisser figurer aucune balance impayée. Comme il n'est jamais possible que les élévateurs encaissent à date fixe tous les déboursés pour fret, on balançait le compte en y créditant des recouvrements effectués au cours de l'année suivant celle où les paiements avaient été faits. Il est évident qu'un tel compte n'établissait pas une situation exacte à la fin de l'année financière. Je fis savoir au Ministère, qu'à mon avis il se conformerait aux dispositions de l'alinéa 6 de l'article 112 de la Loi du Canada sur les grains, si ce compte arrêté au 31 mars, indiquait: (a) les paiements et les recouvrements effectués à cette date, (b) les avances non encore recouvrées.

J'attirai en outre l'attention du Ministère sur la coutume de payer à même le compte de fret: (a) le prix du transport et les droits de pesée et d'inspection des excédents de grains dans les élévateurs de l'intérieur, et expédiés à celui de Port-Arthur pour en rendre la vente plus facile et plus avantageuse; (b) les droits de pesée et d'inspection des criblures et des excédents de grains vendus par les élévateurs, sur wagon, gare départ; à mon avis ces dépenses devraient être prélevées à même les dépenses contingentes des élévateurs.

J'avisai aussi le Ministère que les économies réalisées par les élévateurs par suite des ventes en transit des criblures des grains en surplus, ou provenant de toute autre source, ne devraient pas être créditées au compte de fret, mais portées aux revenus des élévateurs.

Le Ministère accepta ma façon de voir sur ces points et établit, d'après ces principes, le compte spécial de fret de l'année financière arrêtée au 31 mars 1928.
